Mr. Brown answered the formal

questions in the negative. Mr. Drase, of Berks, was asked if tobert Evans, of Philadelphia, had taken him out of the house and tried to influence his action on the McCarrell bill, and answered in the negative. Mr. Coray, of Luzerne, said a member of the house told him that he could have had money if he would have moved to reconsider the vote by which the bill was postponed until March 21. "Who was the member?" Chairman

"I do not know whether the man was in earnest or I prefer not to give his name until he has taken the stand and has had a chance to tell himself,"

Though occupying a space of only twenty-four inches square it has all the calculation of the gradient of a call or gas range with five active fireholes and which would require a space at least three by four feet.

Moreover, the form of the Grill is such that it is ornamental rather than ugly and it is thus made desirable whether the users live in palaces or apartments, further, its construction is such that it can be quickly set to work perfectly in can be quickly set to work perfectly ny camp or mountain or sea shore re

to any member of the board who was present on that occasion.

It is desired to place the grill on the general market early in the present season, and since all the details of manufacture are completed, it only remains to make the merits of the grill widely known to the general public.

Subscriptions to this end are invited—the immediate proposition being to place a quarter page advertisement in all the leading magazines under a yearly con-

No more promising field for profitable investment can be found anywhere today. The grill will be attractively set before the public in our magazine advertisements and we may reasonably expect liberal cash orders from every part of the Putted States and beyond.

We may reasonably expect early and liberal dividends on the moderate investment required and a consequent rapid increase in the value of our shares.

He saw Senator Martin and the governor who were together, and stated to them that he desired to be placed on the appropriation committee to help the state college and the Philadelphia hospital, and that he was anxious to continue on the commission because he could help his orphan friends. Mr. Martin promised to see Mr. Farr and later told Mr. Fester that he did not think he could do him any good. The same evening he saw some one, he did not know who, and was told that Frank Willing Leach

Mr. Foster saw Mr. Leach in the speaker's room the next morning and explained that he understood he was close to the governor and asked him (Leach) to have him retained on the commission and appointed on the appropriations committee. Mr. Leach replied he was sorry he had not met the witness before and they parted.

Mr. Poster replied that he was pledged to vote for the Democratic caucus nominee for senator as long as his name was before the joint convention and that he could do nothing for Mr.

The grill was exhibited and a practical demonstration of its capacity was made before the Scranton Board of Trade at its February meeting—sufficient food and sauces in elegant variety for fifty people was prepared in the secretary's published office while the board meeting was in progress and while the demonstration and had no previous experience in fine coolery, the expression of satisfaction and positive delight over the results obtained was universal.

There may be some decline from present prices tomorrow and Saturday owing to uncertainty to the bank statement but there is no question but that the public has taken hold quite freely in the market and it will take a good deal of bear pressure to check the present advance. While we do not advise purchase on the up of these strong ralles, we do advise getting in on weak snots, as we believe the coming spring will see record price throughout the whole list. Market closed strong at nearly best prices of the day.
