Globe Warehouse

ARRANGEMENTS for our Opening Display of Ladies' Spring Attire are now complete, and during the balance of this week we will be pleased to welcome visitors who wish to inspect our purchases. Every possible effort has been put forward to make this exhibit worthy the attention of the most fastidious dressers in Scranton, and the advancement as regards perfection in labor, selection of materials and excellence in cut and finish is so marked that it now appears as though nothing was left to be desired. In fact the prudent woman of moderate means who fails to take advantage of the opportunities offered for perfection of style, certainty of fitting and practical economy that are now to be found in a really first-class Cloak and Suit Department does so because she does not fully understand its real benefits. We had intended saying a word or two on fashion's new ways and fancies, for they are all here; but on second thought think it is better you should see them and form your own conclusion as to their merits and adaptability for your personal use. The display now being made includes the latest novelties in Ladies' and Misses' Costumes, Skirts, Waists, Coats, Shirt Waists, etc., and we are safe in saying that the revolutionary changes in fashion's decrees since last year will surprise you. Everything is now ready for your inspection. A call from you will be esteemed a favor.
