CITY NOTES

TO THE FIREMEN.—The members of the fire department will meet at the Excelsior house house at 2 o'clock tomorrow afternoon to attend the funeral of Thomas Noon.

RESCUE MISSION MEETING.—Miss Anna Van Nort, of the Young Women's Christian association will address the meeting at the Rescue mission tonight. A ladies' quartette will sing. All are invited.

AT ST. LUKE'S.—Holy communion will be celebrated at St. Luke's tomorrow at 8 and 11:30 o'clock a. m. The special Easter Day music will be at the 10:20 o'clock a. m. service.

SPECIAL MEETING.—Every member of Moses Taylor Sister lodge No. 420, Auxiliary to the Brotherhood of Railroad Trainmen, is requested to attend the special meeting to be held at the hall Monday morning at 8 a. m. to arrange for attending the funeral of the late Mrs. Eliza Grossman, of 525 Pleasant street.

LABORER CRUSHED BY A FALL OF COAL IN THE MT. PLEASANT MINES.
John Rodick, employed as a laborer in the Mt. Pleasant mines, was literally crushed beneath a fall of coal yesterday afternoon. His injuries were principally upon the left side. His face and scalp were lacerated, the left shoulder and arm were broken and lacerated, and the left leg was almost severed just above the knee. The injured man was removed to the Lackawanna hospital and died there at 10:42 o'clock last night. Death was due to shock and loss of blood. Rodick is a married man and resides in West Scranton.

DIED.
ALEXANDER.—In North Scranton, March 30, 1899, Hopkin Alexander, 62 years of age, at the residence, 15 Arthur street. Funeral Sunday afternoon at 2 o'clock. Interment at the Washburn Street cemetery.

GROSSMAN.—In West Scranton, March 31, 1899, Mrs. Edward Grossman, aged 80 years, at her home, 527 Pleasant street. Funeral Monday morning, with high mass at St. John's German Catholic church at 8 o'clock. Interment in Cathedral cemetery.

KEATOR.—In North Scranton, March 31, 1899, John D. Keator, aged 54 years, at his home, on Summit avenue. Funeral Monday. Interment in East Benton cemetery.

MACDONALD.—In West Scranton, March 28, 1899, D. C. MacDonald, aged 58 years, at his home, 130 South Seventh street. Funeral Sunday afternoon at 2:30. Interment in Cathedral cemetery.

OHORA.—In Dunmore, March 30, 1899, Patrick O'Hora, 74 years of age, at the residence on Chestnut street. Funeral tomorrow afternoon at 2 o'clock. Interment at St. Mary's cemetery.

REGAN.—In West Scranton, March 31, 1899, Teresa, the young daughter of Mr. and Mrs. John E. Regan, of 45 Railroad avenue. Funeral tomorrow afternoon at 2:30 o'clock. Interment at the Cathedral cemetery.

YOUNG.—In West Scranton, March 31, 1899, Jessie Young, aged 16 years, at home of Elizabeth Morgan, 305 South Fifth avenue. Funeral announcement later.

GROUND BROKEN FOR
FOUNDLING HOME

IT WILL BE READY FOR OCCUPANCY BY FALL.

Building Will Be Three Stories in Height and Will Have a Basement and Sub-Basement—Manner in Which the Space on the Different Floors is Divided—Grounds About the Building Are to Be Laid Out in a Proper Manner.

Ground was broken a few days ago for the beginning of the erection of the new St. Joseph's Foundling Home in North Park and it is expected that everything will be completed and the building ready for occupancy with the advent of fall. Much has been accomplished to bring this desired end in view and now a fruition of the hopes of those interested seems a certainty.

The building, the plans of which were drawn by Architect Perival J. Morris, whose rooms are located in the Connell building, will be three stories in height and have a basement and sub-basement running beneath it the full length. Indiana limestone and dressed and common brick will be used in the construction and it will be made as absolutely fire-proof as possible.

John Colligan, of North Washington avenue, has the contract. Frank Carlucci will do the stone work and Gunter & Forsyth will do the plumbing and gas fitting. The common brick will be obtained here and the finished brick at Corning, N. Y. The roof will be tiled. The building will be 148 feet long and seventy feet wide at the wings and forty-five in the main structure.

INTERIOR ARRANGEMENTS.
Beginning with the sub-basement and proceeding upward, a general idea can be gained of the interior arrangements. The lighting, heating and ventilating apparatus will be placed in the sub-basement, which insures absolute dryness. Temporarily, gas will be used for lighting, but in time an electric plant will be installed. The heating and ventilating will be done with a fan system and hot and cold air.

In the basement will be located the bakery, servants' dining room, laundry, cold storage, etc., all conveniently arranged.

On the first floor you enter the building by a handsomely built entrance way in the center of the main building, facing towards Adams avenue. Stepping into a large vestibule, on the right and left are found two waiting rooms, each 12 1/2 x 15 feet in size. Running lengthwise of the building on either side of the vestibule is a corridor which connects the two wings.

Conveniently located on either side of this corridor in the main building and wings are the following rooms: Office (12x19); infants' ward (25x25); children's ward (25x25); kindergarten (25x30); play room (25x25); children's dining room (20x25); and the pharmacy, physician's room, baths, toilets and retiring rooms.

THE FIRST FLOOR.
At each end of the corridor are stairways leading down into the basement and up into the second floor. On this floor are arranged, in the east wing and main building, the dormitories, community rooms, hospital (general), linen room and lavatories. In the west wing is an attractively arranged chapel (25x50), running north and south, lengthwise of the wing, and extending in a vaulted arch to the roof. In the rear of the chapel is a sacristy (10x25), also very adaptable to its purpose.

Leading from the second floor in the east wing is the stairway to the third floor. In the wing and main building are arranged on this floor the hospital for contagious diseases, nurses' and extra rooms. Thus can be imagined what an excellent building with perfect arrangements throughout the home will be.

The grounds surrounding the building in time will also be laid out in a proper way. The frontage on Adams avenue is 150 feet with a depth of 506 feet and the location is an ideal one. The building stands about 150 feet back from the roadway.

MAYOR HARDING SUED.
Refusal to Sign Ordinance Accepting Fire Hydrants Alleged Grievance.

The J. O. Frost Sons Manufacturing company has secured a writ of alternative mandamus to compel Mayor Benjamin Harding, of Pittston, to sign a certain ordinance providing for the purchase of twenty-five hydrants for the fire department.

TRUST COMPANY'S BUILDING.
Work of Alteration Begun Yesterday by Contractor Schroeder.

Contractor Conrad Schroeder yesterday began the work of tearing out the Lackawanna Trust and Safe Deposit company's building at 404 Lackawanna avenue to make way for the handsome new bank building, described at length previously in The Tribune.

Business will go on as usual while the alterations are being made.

Health Depends

chiefly upon the condition of the stomach. If the stomach is not performing its proper functions, you cannot enjoy good health. The genuine

Johann Hoff's Malt Extract

when taken with meals, will aid the stomach to perform its duty—keep it in good order, and thus enable you to secure the full benefit of your food.

Prof. Pietra Santa of Paris, writes: "As a large number of patients lack the necessary power to digest solid food, and would through the use of stimulants be merely excited and weakened, therefore I regard it of immense value to the practitioner to bring to his aid a nutritious tonic and remedy like Johann Hoff's Malt Extract, which will act not only as a tonic, but as a nutrient as well, and which is less exciting than wine as a stimulant."

Ask for the Genuine Johann Hoff's Malt Extract All Others are Imitations

FOR SUNDAY OBSERVANCE.
Week of Prayer Suggested by the W. C. T. U.

The National Women's Christian Temperance union has issued the following call for a week of prayer from April 9th to 16th inclusive:

"Our country is entering upon a new era, new and untold problems are presented for solution. Millions of people are coming under our government who do not understand our civilization or our social and religious customs. Believing that the Christian Sabbath is an essential institution of every self-governing nation, which should be observed throughout our entire possessions, we, therefore, invite all Christians to set apart the week beginning with the Sunday after Easter as a time of special prayer for preservation and better observance of the Lord's Day."

ESTIMATES BILL DELAYED.
Has Not as Yet Come to Mayor Bailey.

The annual appropriation ordinance, which passed finally in common council Tuesday night, had not reached Mayor's Bailey hands up to 6 o'clock last evening. The mayor was at a loss to explain the delay. He said, however, that he expected it this morning.

Three Meets This Year.
The West End Wheelmen will give three race meets during this season at the West Side Park.

Easter Flowers for Holy Thursday at Clark's annex, 265 Washington avenue, old Guernsey building.

It's Time to Think Of a Scranton
The riding season is at hand. You will soon want a new wheel. What wheel? There isn't any other wheel that has quite the character of the Scranton, Not a '98 wheel labeled '99, but an entirely new model.
The frame lines, are more graceful and the frame is stronger if anything, the weight is less, the tread is narrower, the wheel is more beautifully finished and the construction new. The entire equipment of Scranton Bicycles, tires, saddles, chains, etc., is the most expensive to be had. These and many more points of superiority should make you think of a Scranton.
Manufactured in our own factory.
Models A and B, \$50.00. Models C and D, \$35.00
Call and examine the New Sterling Special just received. Our line of Sundries are unsurpassed. Repairing, Nickel-Plating, Carriages Rubber Tired.
