Belmont House Reduced to Ashes Early Yesterday Morning.

At four o'clock yesterday morning the Belmont House, on Upper Belmont street, was burned to the ground. The building was sweed by J. J. Lowry and occupied by John J. Callahan. Fire started in the bar-room from some unknown cause.

Mr. Callahan's family escaped without injury. He rushed back into the burning building to proucure some valpable papers and had to leave a second story window by way of a ladder which was raised to him.

The new alarm on Robinson's shop sounded for the first time and the Mitchells responded. They kept the zilk tnill from danger.

#### A Rational Remedy for a National Trouble.

To say that hemorhoids or the disease commonly known as piles is a national disease may be slightly overdrawn, but it is quite certain, that at least one in every four persons is so afflicted. Because it is common and not immediately fatal many suffer for years without giving the trouble any medical attention.

Moreover, the rather general impres sion that a surgical operation is the only cure, has much to with delaying gramme has been arranged for the attention until the disease becomes deep-seated and chronic.

Catarrh of Some Organ the

Miss Barbara Shoelp sin avenue, St. Louis, Mo., writes: had suffered with catarrh for over three years. At last I got so bad that I could not fulfill my duties. It not only had the catarrh during the winter, but all the year round. I never could get over a cold in the head. I read about Pe-ru-na and gave it a trial, After taking the first bottle I was very much relieved. I took it for over a month and was happy and well again, but not quite cured, so I wrote to Dr. Hartman for advice, which he very kindly gave me; and, with his help and Pe-ru-na, I am now quite well. I recommend it

to everybody with many thanks." In glancing at this group of handsome, healthy women one can scarcely make himself believe that they had ever been invalids. Their letters reveal, however, that such was the case, Miss Schoelppe, of Missouri, suffered three years with catarrh of the head, nose and throat. Only a lady of refinement and delicacy can understand the full horror of three years servitude to chronic nasal catarrh. Of course, this lady was trying her best all the time to find a cure; but was unsuccessful. Her attention was called to Pe-ru-na, which promptly relieved and finally cured her. Miss Linnie Wiggins, of Ohio, had a very similar experience, as her letter
