Another Probable Murder in Duryea. A High School Item That Is All Right-Marriages, Deaths, Funerals and the Latest Local News of

What may prove another murder up in Duryea happened when Bolisnia Zyglanius struck William Petrofinski upon the head with a club and succeedd in fracturing his skull. He was arrested and brought before Justice Gilboy, who upon learning from the physician the dangerous condition of his patient committed him to jail to await the result. The affray was the termination of an old grudge, and may culminate in a neck-tle party for the sheriff.

The monthly report of the high school is so favorable that we have much pleasure in noting the following which s an unmistakable proof that the management of our schools is of such a high order of merit that must redound the credit of Superintendent Shiel and his able corps of assistants. This is the percentage of five scholars in the senior class for the past month: Miss Edna Morris, 100; Miss Jean Thompson, 100; Miss Esther Ryan, Miss Ressie Gowan, .99%, and Miss Mary Miller, .9912. This is quite a contrast to what might be said of the night school which is kept open at a cost of \$100 a month to the city. The attendance is small and the studies are for the most part made up of pranks and malicious mischief and everything but what the school was enacted for.

"McCarthy's Mishaps," which was the attraction at Music Hall last night by the Barney Ferguson company, had a very good audience, and some very good features were highly enjoyed. There was much of the programme that could stand "fixing" without injuring the quality of the show. But then, we have had a good deal worse.

Lorenzo D. Thomas and Miss Mary E Havard were quietly married last evening at the home of the bride's parents on Vine street, and the ceremony was performed by the Rev. W. D. Thomas, father of the groom, in the presence of only the immediate friends of the young couple,

The funeral of the late Mrs. Gilbert S. Jones, whose sad and sudden death occurred on Tuesday, will take place this afternoon from the residence on Welsh Hill, and will be attended by the members of the Knights and Ladies of Honor, which organization pays one thousand dollars upon the death of a members.

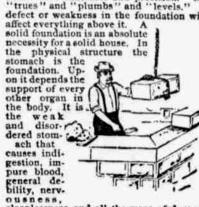

This afternoon will occur the funeral of the late Mrs. John W. Smiles, whose death occurred on Tuesday last after an il.ness of two years. The deceased was the oldest daughter of John Haston, one of our most highly respected Scottish residents, and her demise is sadly regretted by a large circle of relatives and friends.

When a builder wants to put up a permanent structure, he looks well to the foundation. He digs deep and lays the stones with exactness and precision. He "trues" and "plumbs" and "levels." A defect or weakness in the foundation will affect everything above it. A solid foundation is an absolute

sleeplessness, and all the woes of dyspepsia. It is the disordered stomach that makes thin, impoverished blood, where microbes of consumption flourish and mul-tiply. It is the weak and disordered stomach which brings about conditions that cause a lacking cough, sore throat, bron-chitis, weak and bleeding lungs.

To make the foundation of your physical structure solid; so that the rest of the organs may successfully resist the attacks of disease, nothing equals Dr. Pierce's Golden Medical Discovery. This medicine is a tonic, an appetizer, a blood purifier, a nerve builder, a flesh maker, a foe to weaknerve builder, a flesh maker, a foe to weak-ness and a blessing to worm-out and run-down humanity. It is a non-alcoholic specific for every disease that comes in ad-vance of consumption. It is a distinct remedy and stands alone. Nothing is like it, and there is no substitute for it. It has a record of thirty years of cures a record of thirty years of cures.

Mrs. Lula Hedgecoke, of Dozier, Collings-worth Co., Texas, writes: "I was troubled for seven or eight years with indigestion and liver complaint, and received more benefit from the use of Dr. Pierce's Golden Medical Discovery and 'Piensant Pellets' than any medicine I have ever tried."

Dr. Pierce's Pleasant Pellets are for constipation, biliousness, and torpid liver. These troubles they cure permanently without causing distress. They are pleas-ant in fact as well as name—no griping. At all dealers.

"The Bride-Elect."

The firm hold John Philip Sousa has on the opera-loving public was demonstrated by the manner in which "The Bride-Elect" was received at the Lyceum last night. There was a large audience and it was as enthusiastic as it was large. The scene of the opera is the island of Capri and the stage settings are unique and striking.

The music has the true Sousa dush throughout and was written for the great army of theater-goers, not for the few with an educated musical There is a lot of genuine humor in the opera and the full effect of it was brought out by the company that produced it last night,

Albert Hart, who made his debut as star by succeeding De Wolf Hopper in "Wang," was at the head of the comedy end of the opera and succeeded in being funny without being offensive. Hilda Clark and Christic Mac-Donald made distinctive hits in two of the leading female rolls. The performance of the entire company was highly satisfactory.

Making a Big Hit.

The company headed by Little Irene Myers is making a big hit at the Academy of Music. This afternoon it will present "American Born" and tonight

Minstrels Friday Night.

'Minstrels, minstrels, none so happy as we!" So will sing the merry Home Minstrels at the Lyceum theater Friday night and the audience will be as happy as the boys on the stage as be tween the sweet music, the pretty dances and the merry wit of the programme one can not help being pleased as the verdict is bound to be performance is the best of the kind ever seen in this city."

Everything will go with a snap. There will be no waits or badly told jokes, as is often seen in amateur entertainments, but a freshness about everything that will surprise you. No expense has been spared, and every in this city for many years, was here one who attends will not only be aiding last evening. West looks both happy a most deserving charity but will get one who attends will not only be aiding good worth for their money.

"Ideals" Next Week.

To the theater-going public will be presented next week one of the best repertoire companies, viz: John A. Hummelein's big attraction. "The Ideals," headed by two young favorites. Miss Beatrice Earle and Mr. Chester De Vonde, and including Howson's Twentieth Century band and orchestra, said to be the finest musical organization with any traveling company. The engagement will open on Monday night with an elaborate production of Edwin Arden's celebrated play, 'Eagle's Nest." presented with all the ecessary scenery and effects. Dally matinees will be given as usual.

Novelty at the Gaiety Next Week.

The star act of next week's show at the Galety will be that of Adgie, a Spanish dancing girl, who does a turn in a den of lions. Dancing girls are numerous on the variety stage, but dancing girls who possess unusual power over vicious wild animals are a novelty indeed. Adgle possesses this power to a great degree and she is using it to good advantage to berself and Manager Van Osten of the Gaiety, who does not hesitate to pay high salaries for novelties, so Scranton gets her for a week as an extra attraction to the burlesque company which comes in and the Gaiety theater goers are the gainers. Adgie is armed with a small whip only while in the cage with the lions, which are three in number, one male and two female, Victoria and Trilby are the names of the females. The former is quite ugly, but fears her trainer. The male, Prince by name, is good natured and lazy, but he does a number of clever tricks in answer to his mistress' commands and caresses from the small whip.

This act is separate and apart from the New Monte Carlo Girls Burlesquers which will appear at the Galety. Manager Van Osten himself assumes the engagement of Mile. Adgle and her retinue of trainers and assistants. The lions will be brought into the Gaiety theater Monday morning on the Delaware, Lackawanna and Western rallroad, over which they come in a special car from New York city.

THE MARKETS.

Wall Street Review.

By Associated Press. New York, April 5.—The stock market was very irregular today, violent fluc-tuations being frequent. Sharp recessions appeared early. The market railied with burst of strength in the railways in the a burst of strength in the railways in the hope of a favorable crop report. A sen-sational rise occurred in call money, as high as 16 per cent, being exacted for loans on industrial collateral and later is per cent, was reached even on railways. Extensive liquidation followed the ap-pearance of the highest money rate so far this senson. There were many breaks of Extensive liquidation followed the appearance of the highest money rate so far this season. There were many breaks of from 2 to 4 points from the highest quotations of the day but stocks recovered on covering and 6 per cent, money at the close, leaving the list slightly above yesterday's figures, with the tone steady; Manhattan receded ever 2 points and Third Avenue 5. Brooklyn Transit and American Steel and Wire were lifted over 2 points each. A rise of 3½ points in Mexican Central on enormous dealings was said to relate to a plan to re-distribute the capital but nothing definite came forward. Much of the buying of this stock was said to come from Boston, Mexican National had a synopathetic rise of over a point. The talk of favorable business prospects of Wabiash lifted the preferred stock a substantial fraction on large dealings. Total sales were \$75.421 shares. Considerable activity and strength was displayed in some sections of the bond market but the general tone was uncertain. ket but the general tone was uncertain. Total sales, \$1.780,000. New York, April 5.—The market, contrary to expectations after an opening sligitly below closing prices railied and showed considerable strength during the morning hours. Manhattan and Brooklyn Hapid Transit were both weak in the opening dealings, but both recovered to about closing prices of last night or above. The features of the dealings up to noon were the advances in the specialties, including Rubber common, Mexican Central, Leather preferred and Continental Tobacco. Around 1 o'clock heavy covering movement was engineered against the shorts in the Grangers which Jumped from 1 to 3 per cent. Buying was against the shorts in the Grangers which jumped from I to 3 per cent. Buying was mostly confined to traders who had sold in the early part of the day on Rock Island's poor showing for March. New York Central and Union Pacific were both well bought by inside interests and advanced fractionally. The general market showed the effects of the heavy realizing and while strong was very errafte in its movements. It looks to us as if for the presents. while strong was very erratic in its move-ments. It looks to us as if for the pres-ent we should have turns both up and down. Money still continues somewhat close and the discrimination by the banks against industrial collateral has effected the speculation in the shares. The Fel-eral Steel issues were inclined to be soft, while American Steel and Wire after a while American Steel and Wire after a weak opening turned strong and advanced 3 per cent. Tin Plate is holding its recent rise and unless bad news develops is liable to sell much higher. Metropolitan had a sharp decline in the early dealings but recovered most of the loss. Conservative houses in the street all advising against heavy committments on long side at moment advising purchases only on soft spots. The market has been very heavily overbought and it is possible any severe decime will bring out weak stocks. The market towards close sold off rapidly on liquidation by early huyers and renewed selling by traders who were all working for lower prices. We think ourselves the market a sale on sharp rallies and a purchase when parharp rallies and a purchase when par-dicularly weak. The close was irregular and weak, in some cases nearly at lowest

Philadelphia Stock Market.

Philadelphia, April 5.-Welsbach light was the sensational feature of the stock was the sensational feature of the stock market this merning, opening at 52 an admice of 7 points over last night's close. The stock quickly jumped to 58½, reacted to 53 and railed again to 54½. At noon the stock was quoted at 55½. The rise is said to be due to a court decision, which is reported to have been favorable to Welsbach patents, giving the company a monopoly of the Welsbach lamps. The last sale was 57 and the closing quotations were 56 bid and 57 asked. Today's prices were the highest recorded in about nine months.
