CONSULTING A WOMAN. PILGRIMS ARE NOT AT ALL TO BLAME

Mrs. Pinkham's Advice Inspires Confidence and Hope.

Examination by a male physician is a hard trial to a delicately organized woman.

She puts it off as long as she dare, and is only driven to it by fear of cancer, polypus, or some dreadful ill.

Most frequently such a woman leaves a physician's office where she has undergone a critical examination with an impression, more or less, of discouragement.

This condition of the mind destroys the effect of a physician's advice, and she grows worse rather than better.

In consulting Mrs. Pinkham no hesitation need be felt, the story is told to a woman and is wholly confidential.

Mrs. Pinkham's address is Lynn, Mass., she offers sick women her advice without charge.

Her intimate knowledge of women's troubles makes her letter of advice a wellspring of hope, and her wide experience and skill point the way to health.

"I suffered with ovarian trouble for seven years, and no doctor knew what was the matter with me. I had spells which would last for two days or more. I thought I would try Lydia E. Pinkham's Vegetable Compound. I have taken seven bottles of it, and am entirely cured."—Mrs. JOHN FOREMAN, 26 N. Woodberry Ave., Baltimore, Md.

The above letter from Mrs. Foreman is only one of thousands.

Walter Wilkins, secretary, John Evans, assistant secretary, Roger Evans, financial secretary, David Cadogan, trustee, D. D. Evans.

Miss Georgiana Dean, Nurse at the Francis E. Willard National Temperance Hospital.

Miss Georgiana Dean was for three years missionary in Liberia under the Methodist Episcopal church from the training school in Chicago. After her return she studied nursing, graduating from the present Francis E. Willard National Temperance Hospital of Chicago.

Pe-ru-na is in high favor with the nurses and doctors. It is especially for catarrhal diseases of all varieties. It cures catarrh of the throat, catarrh of the lungs, catarrh of the stomach, catarrh of the kidneys, and that form of catarrh so common among women, known to the profession as pelvic catarrh, ordinarily called female complaint.

Pe-ru-na cures these troubles, promptly and permanently.

D. P. Niehart, M. D., writes: "I am so well pleased with the works of Pe-ru-na in the numerous cases I have been using it during the past two years, that I cannot refrain from informing D. P. Niehart, M. D., of your good Nebraska City, Mo., results obtained. I deem it useless to detail every case (for they are many) in which I have used and prescribed this remedy, but I will say that I have never been disappointed in results. I have used, not dozens, but hundreds of bottles. I am a physician of fifty-eight years' constant practice and always willing to recommend anything of service to suffering humanity. Pe-ru-na stands first and foremost in my estimation of all proprietary medicines." Send to The Pe-ru-na Drug Mfg. Co., Columbus, O., for a free copy of Dr. Hartman's latest book on catarrhal diseases.

Baby Talk for Baby's Mother...

A mother's personality is repeated in her baby. She may dress, talk or act as she pleases, but the baby tells the story of her innermost self as truly and surely as though it had been revealed through an all-seeing eye.

We Care for the Baby's Needs

And cater for their every want as far as clothing goes, and do it with a thoroughness that shows our interest in the work. Nowhere else in town does the Baby's Dress get so much attention as here, and mothers generally are beginning to realize that the Globe Warehouse buyers save them an immense amount of trouble and worry.

Baby's Long or Short Dresses

Are receiving especial attention this week in one of our large show windows. Look at them critically. Note the fineness of the material, the perfect matching of the edgings, inserting, laces, the beauty of the workmanship, and the exquisite taste displayed in the styles.

Baby's Coats, Baby's Skirts

Baby's Slips, Bands, Socks, Vests, Stockings, Booties, Caps, Hoods, Veils, Mittens, Carriage Robes—everything in fact that a baby can wear or ought to wear at every season and under all conditions, is here, and here you get it at its best, no matter how your taste or ability to spend may lead you, for the mother of limited means is our first thought and chief care in this department, although there is practically no limit if you can afford it and you wish your darling's raiment to be extravagantly fine and needlessly extravagant.

Globe Warehouse

As well as the handsome, and others are invited to call on any druggist and take
