THE MONETARY COMMITTEE

APPOINTED AT REPUBLICAN

Will Begin Sessions at Atlantic City Today-The Gatherings Will Be Private and Will Be Irregular. Sessions Expected to Last Two Weeks-Experts to Be Heard on the Subject of Expansion of Cur-

Atlantic City, N. J., April 16.-The committee on monetary legislation ap-pointed at a caucus of the Republican members of the national house of representatives shortly before the ad-journment of congress, will begin its sessions in this city tomorrow. eral David B. Henderson, of Iowa, is chairman, and the other members of the commission are as follows: John Daizell, Pennsylvania; Sereno E. Payne, New York; Jesse Overstreet, Indiana: William C. Lovering, Massachusetts: Charles Curtis, Kansas; Page Morris, Minnesota: Eugene F. Loud, California: R. P. Hawley, Texas, J. W. Babcock, Wisconsin; W. S. Kerr. Ohio. The commission is considered to embody the sound financial thought of the Republican side of the house. Messes Henderson and Dalzell make, with Speaker Reed, a majority of the committee on rules: Mr. Payne is chairman of the committee on ways and means, and several others are representative business men who are in sympathy with the movement to put the monetary standard beyond attack.

Haddon hall, one of the largest hotels on the beach front, is the headquarters of the committee and the meetings will be held in one of the parlors. The gatherings will be private and will probably be irregular as the work assigned to the members partakes more of the nature of a conference, and as committee is not a public one, if will only give out such news for publication as best suits its purpose. It is expected that the sessions will last not less than two weeks and they may extend much longer. The committee may decide to perfect a bill to meet the situation, or they may outline a the house by the banking committee; arrival of her father. the Hill bill, which was given a favorable report by the house coinage committee: the bill prepared by Secre- friends in town. tary Gage and the bill of Chairman Walker, of the committee on banking

Mr. Overstreet, who has given the subject much attention, has prepared a ton hospital. comparison of the principal features of all these bills which will be of value to the committee. There has also Virginia, been cured from the treasury depart. ment a great mass of valuable financial data, including the reports of the secretaries, comptrollers of the cur-rency and directors of the mint. In addition, the committee will have at its command a complete codification of the existing currency laws.

Members Arrive.

Only two or three of the member are here tonight, but it is expected that all will arrive by tomorrow, with the exception of the California member, Mr. Loud, who will defer making trip east until the work of the committee is well advanced.

It is expected that many distinguished financiers will be given the opportunity to appear before ...e committee and present their views on the subject of the expansion of the currency, the establishment of the gold standard and other matters to be considered.

H. H. Hanna, another represents tive of the Indianapolis monetary convention, will be here during the sessions to urge the bill of the monetary commission. This bill was framed by commission of which ex-Senator George F. Edmunds was chairman and which included ex-Secretary Fairchild, of New York; C. Stuart Patterson, of Philadelphia; John W. Fries, of North Carolina, and other financial experts. Mr. Hanna was directed at a recent meeting of the Indianapolis executive committee to urge the adoption of the entire programme of the monetary commission, but if this does not appear possible, to accept modifications not inconsistent with the principies of the bill. These principles relate to the enactment of the gold standard into law, the protection of the treasury against gold raids by means of a more definite and greater provision for greenbacks and the adoption of an adequate and flexible currency for the future needs of the expanded republic. It is said to be probable that each of these topics will

CAUCUS OF THE HOUSE.

Dr. Schnee, the well-known specialist for this disease, states that of the large number of cases of Diabetes treated with Carlsbad Sprudel Water, as large a proportion as 54 to 56 per cent, have been completely cured.

Diabetes

Dr. F. S. Quackenbush, of Hartford, Conn., writes: "Personally I use not only the Carlsbad Sprudel Salt, but also the Water, and I find that I derive greater benefit from them than from any other water. I am suffering from Diabetes, and since I commenced their use a marked improvement has developed. I have occasion to frequently order the Carlsbad Sprudel Salt and the results are always satisfactory."

be considered in turn by the caucus committee, but just how far they will go is not yet determined. The fact that the leadership of the house is represented in the makeup of the committee and that their action will in a great degree bind the Republican party, may produce a conservative ten-dency, but the pressure for some means of meeting currency needs is being strongly felt in Washington and the treasury officials are reported as determined to urge upon the committee the necessity of making full provision for putting the currency on an enduring basis.

THE MARKETS.

Wall Street Review. By Associated Press.

By Associated Press.

New York, April 15.—The industrial specialties were very strong teday and the rising tendency, particularly after the appearance of the bank statement, extended throughout the list with the coniers prominent in the market's late strength. Money continued cusy and the bank statement, with an incerase of nearly four and one-half million dollars in surplus reserve and nearly three million dollars in cash, and a contraction of over ten million dollars in loans, had a very stimulating effect. Large realizing, however, was noted by speculators who had bought in expectation of a favorable statement. The favorable turn of the statement. The favorable turn of the Samoan difficulty and the weekly statements of trade which noted a general condition of prosperity were factors in re-arousing confidence. Total sales were 513,400 shares.

By Carrington & Curack.

New York, April 15.—The market during the past week has been almost a complete reversal of that of a week ago, and the stocks which were particularly weak at the close last Saturday have all recovered their losses and in some cases are scaling higher than they did previously.

are sexing higher than they and previously.

To any, but a most prejudicial observer, it must be evident that their whole tendency of speculation is towards higher prices and that, while there may be sharp flurriss, the market in the end will reach higher prices all along the line.

It has always been the experience that wheat, when it looks the worst, is at its worst, and that the spring improvement will come very sharply. Crop damage reports are always exaggerated and the condition warrants the belief that from row on we shall have an improvement rather than a decline. ather than a decline.
General buyers throughout the country denoral buyers throughout the country still continues large, the clearance being of a record character. There can be no question as to higher prices this spring and well throughout the year, and pur-chases on any decline are sure to show large profits.

Today's market opened strong with re-

large profits.

Today's market opened strong with renewed advances in Brooklyn Rapid Transit, Consolidated Tohacco and Manhattan. Colorado Fuel, which we advised you day before yesterday was good for ten points advance within the week, sold at 5 today, a gain of \$95 points since Thursday. The bank statement was unexpectedly favorable and was followed by some further advance in prices, the close being strong. lose being strong.
