HAPPENINGS OF NORTH SCRANTON

SERIES OF MINE ACCIDENTS ALL IN ONE DAY.

Five Young Men, Two Quite Seriously, Injured at Work in the Collieries Saturday-One Falis Beneath a Trip, Another Is Squeezed, Two Are Kicked by Mules, and the Preparing for Dewey Day.

A striking instance of how a series of accidents of an almost identical nature will happen at widely different points was evidenced in the number of accidents which occurred Saturday at the several collieries hereabouts. Fortunately none of the accidents had a fatal result, though the majority of the cases are rather serious and all extremely painful.

Mongo Pride, of Throop street, emplayed as a driver in the Storrs mines, was seriously injured in "running" a trip of cars down an inside plane. Just as the cars started, he fell off and beneath them. When taken from underneath he was unconscious. Pelicw-workmen carried the injured lad out and he was removed to his home, where Dr. Sureth attended bim. His leg and one rib were broken and it is feared the hip is fractured,

It is feared that he is injured internally. Dr. W. A. Donne is In attendance

While attempting a similar feat in the same mines as young Powell, Jeremiah Halligan, jr., of Parker street, had the thumb of his left hand crushed and almost severed at the base.

A vicious mule kicked John Shiffer. of Throop street, in the face Saturday morning and Shiffer will probably have distiguring marks for life. He is employed in the Marvine mines, and was Pythias. standing near the animal when it sud-

Michael Neville, of Putnam street, who works in the Leggett's Creek mines : as a driver, also met with severe infuries from being kicked in the face by his mule, which he was unhitching from a car at the time. Several teeth were knocked out and two cuts indicted on his check. He was unconscious when removed to his home.

KANES ARE HOMELESS.

The residence of Mrs. Celia Kane, on Rockwell street, was almost totally destroyed by a tire which broke out about I o'clock yesterday morning, the origin of which remains a mystery. The discovery was made by Mrs. Kane, and she barely had time to arouse her chil-

An alarm was sent in and the fire companies who responded fought fiercely, but a second alarm became necessary, as the flames were threatening surrounding property. The fire was, however, with the extra assistance kept where it began.

Baby Talk for Baby's Mother.

A mother's personality is repeated in her baby. She may dress, talk or act as she pleases, but the baby tells the story of her innermost self as truly and surely as though it had been revealed through an all-seeing eye.

We Care for the Baby's Needs

And eater for their every want as far as clothing goes, and do it with a thoroughness that shows our interest in the work. Nowhere else in town does the Baby's Dress get so much attention as here, and mothers generally are beginning to realize that the Globe Warehouse buyers save them an immense amount of trouble and worry. Indeed, most of them admit that the task of providing for baby's complete outfit is better cared for by us than they could have done it personally, and then there's the question of saving. Outfits cost less money here than any mother could make them for, and they're always right. Never disappointing, for every little garment and fixing is as prettily, daintily and conscientiously made as good materials, good workmanship and specially trained skill can
