DEATH ON THE RAILS.

Mangled Remains of a Man Found at White Bridge.

Yesterday morning the mangled remains of a man were found strewn along the Ontario and Western railroad track near White Bridge station, a mile below this city. Fragments of the body had been scattered an eighth of a mile, and there was not a mem-

Coroner Roberts was notified and later a card was found bearing the name of Patrick Harte, Archbald, Pa. A man named Harte was seen at Mayfield yard the night before and it is supposed he boarded a train and fell The unfortunate man leaves a wife and four children.

JUDSON TINGLEY'S DEATH.

The Delaware and Hudson train that reaches here at 10 o'clock p. m. struck and instantly killed Judson Tingley, of Herrick, at the Rock Cut Monday night. He had been to this city on business and missed his train. A ticket and \$4.50 were found in his pockets. Mr. Tingley was born in Clifford about thirty-six years ago and resided there until four years ago when he went with his family to take charge of a farm near Herrick. He was an industrious, much respected man, well known throughout this vicinity. Besides his family the survivors are his father, Anson Tingley, of Clifford; three sisters, Mrs. Morgan, of Lestershire: Mrs. Celia Sheebly, of Uniondale, and Mrs. Viola Stewart, of Susquehanna, and one brother, Wallace, of Susquehanna,

TUNKHANNOCK.

Another disastrous fire occurred on Monday evening, this time at Eatonville, a small village just across the river from Tunkhannock, and consumed a large barn belonging to the W. A. Dana estate and the large general store of F. J. Wheelock. flames were first discovered from this side of the river and a telephone message was sent to F. J. Wheelock, asking where the fire was, and the reply came back that there was no fire. In about five minutes there came another message from Wheelock saying that the large barn, next to his store building was on fire, and that the store was in danger. There was no fire protec-tion at Eatonville, but a bucket brigade was organized, a great number of Tunkhannock people going over to the fire, and they succeeded in saving the Methodist church, which stood just of a sewer on Pike street, and for new fire hydranis. Separate meetings will of the stock in the store was carried out, but the larger part of it is a total loss. The fire started in the hay in the barn as near as can be ascertained, and when discovered had gained such headway that it was impossible to control it. Mr. Wheelock's stock inventoried a short time ago at \$8,000, and his store building was valued at from \$1,500 to \$2,000. This steek and building was insured for \$3,500, and is a total loss. Making allowances for the goods saved out of the store, Mr. Wheelock will lose from \$3,000 to \$4,000. There was no insurance on the barn and that also is a total loss. This adds one more to the list of Wyoming county fires which is growing at the rate of about one each day. The store will be rebuilt on the old site as soon as possible.

Highways and Byways of Disease.

THE BYWAYS DANGEROUS TO WOMEN.

WOMEN'S diseases have their byways as well as their highways. Many doctors, familiar with the highways of disease, know little of the byways. It is for this reason that Dr. Pierce cures so many women when all the home doctors have failed. He knows the byways of disease. The local practitioner stumbles over symptoms. He classes your particular ailment with the ailments of others. The special difference between your symptoms and the symptoms of other women he does not understand. He treats you for the wrong complaint. It is the understanding of these delicate differences in woman's symptoms which enables Dr. Pierce to effect a complete cure in almost every case.

HALF A MILLION WOMEN have been treated by Dr. Pierce, assisted by his staff of nearly twenty physicians. That proves experience. Ninety-eight women out of every hundred have been perfectly and permanently cured. That proves

SICK WOMEN are invited to consult Dr. Pierce by letter absolutely without charge.

Each letter is held as strictly private and sacredly confidential. All replies are sent in plain, closely sealed envelopes bearing upon them no advertising or other printed matter. "A WONDERFUL MEDICINE FOR WOMEN."

"I wish to tell you of the benefit I have received from using your remedies," writes Mrs. Alice Soncrant, of 261 W. Harrison Street, Chicago, Ills. "Two years ago I was taken with a severe pain in left ovary and side. Tried several different remedies, but nothing helped me. I got so bad I could scarcely walk across the floor or do work of any kind. One day an old neighbor lady came to see me, and told me to try Dr. Pierce's Pavorite Prescription. She said she knew it would help me, as it had saved her life. When the doctors had given her up and said they could do nothing for her, she said she began to take Dr. Pierce's Favorite Prescription and it cured her, so I got a bottle of the 'Favorite Prescription' and one of 'Golden Medical Discovery' and began taking them. Before I had taken one bottle of each I was so much better that I could do all my own work, and that is a good deal, as I am the mother of four small children. Three bottles of the 'Favorite Prescription' and one of 'Golden Medical Discovery' cured me. I have not been sick since then. I think your 'Favorite Prescription' is a wonderful medicine for women.

"IT WAS WONDERFUL IN ITS WORK."

"My wife has used three bottles of Dr. Pierce's medicine, and I never saw such results," writes A. B. Haynes, Esq., of Aurora, Lawrence Co., Mo. "It was wonderful in its work. We had used lots of medicine, also had one of the best physicians in Aurora, but my wife got no better; we heard one pitiful groun after another day and night. A friend handed me a copy of Dr. Pierce's book, The Common Sense Medical Adviser, and after reading the testimonials of Dr. Pierce's successful treatment and seeing that the cases described were similar to my wife's, I bought for her a bottle of Dr. Pierce's Favorite Prescription. Before she had taken all of the medicine she was up and helping to do the work. She has taken three bottles and is now about well. Has better health than she has had for years. So perfectly did the medicine do its work I have great confidence in it."
