ABOUT THE REPAIR CONTRACT.

It Is Not in City Solicitor McGinley's Safe. asphalt repair contract was lost,

strayed or stolen and that the Barber Asphalt company's representatives had made an unsuccessful search for it, The Tribune stated exactly weat was true, reckless reports in other papers to the contrary notwithstand-

The statement in the afternoon papers that the contract was in City Solicitor McGinley's safe to be seen by any one interested and that the Barber Asphalt company's representatives knew it was there and had seen it there is exactly what is not true.

In City Solleitor McGinley's safe is an asphalt repair contract that was signed last December and that Judge most exclusive and most durable line Gunster declared partially valid. That of Spring clothing in the city. Nothing isn't the one the Earber company is of the "hit and miss" variety here, looking for. A new contract was Royle & Mucklow, looking for. A new contract was drawn up to conform with Judge that ster's decision. It was signed by Mayor J. G. Balley and-that is the one the Barber Asphalt company is looking for.

Just a Word About Shoes.

Of course you will want a pair. We have only a word to say on this subject. Don't buy a shoe until you see friends and patrons with a fine showour line. That's all. "THE COLONEL" SOLD.

Streets of Scranton Too Rough for a Good Horse.

The most noted deal in spirited horse flesh which this section has had for ome time took place a few days ago when Mr. R. G. Norton, assistant superintendent of the Lackawanna mills, arted with that noted pacer, "The

Colonel. Mr. John Daly, of the firm of Callahan, Daly & Co., contractors and hard-ware dealers, Fall River, Mass., was the fortunate buyer, though he had to pay Mr. Norton a very good figure for the animal.

"The Colonel" is a fine bay, standing 15-21/2 hands and weighing 1,100 pounds. He can easily pace a mile in 2.21 and -e can pull an ordinary road wagon in He is as smooth a going fellow us the most critical and exacting horse fancier could wish, and what is the most admirable qualification of all in horse, he is absolutely safe for any lady to drive.

Mr. Norton is one of our most noted scal horse fanciers. He takes a very ardonable pride in being behind a good horse. But he thinks the shameful condition of the streets and roads n this section, to put it mildly, is either favorable to the good reputuon of the horse nor his muster. And till the streets are put in better condition there will be very little encouragement for lovers of good horses to keep such animals as "The Colonel" for any length of time here. In fact it would be a gross injustice to the beast, to say nothing of the owner,

FORGOT THE HOUSE, MAYBE.

Agent Went Out to Change \$5 and Failed to Return.

Chlef Robling would like an Interiew with a somewhat plainly dressed, 0-year-old, good-looking man, five feet light inches in height, weighing about 50 pounds and having two front teeth missing. The chief will tell him something to his advantage.

An individual of this description has been going about for several days representing himself as an agent of the Catholic Times and endeavoring to reure subscriptions at \$1 a year, payable in advance. Yesterday he called for the third time on a woman living on North Washington avenue, and in the face of the previous refusals persisted in trying to talk her into becoming a subscriber.

She explained that she was going abroad in about three months, and consequently would not want the paper, At this the agent began to talk three months' subscription for a quarter. get rid of him the woman agreed to take the paper for three months and tendered him a \$5 bill from which to take the quarter.

He did not have the change, but yould leave his subscription books there, if she had no objection, and run across to the store to get the change. He can secure the books by calling at Chief Robling's office.

AGREED NOT TO RENEW CONTRACTS

IMPORTANT MEETING OF COAL OPERATORS' ASSOCIATION.

What Would Be Done as an Alternative Not Made Known, but a Meeting of the Independent Road Directorate Held Virtually in Conjunction with Operators' Meeting Is Significant-Doubtful if Granting of Former Demand Would Now Be Acceptable.

There was more to the meeting of the Anthracite Operators' association, Wednesday, than the newspaper disshow "a decided opposition to the enewal of the contracts with the transorting railroads on the present basis," ot actually determined not to renew

There were fifty operators present, opresenting twent-five per cent. of the it to the board at Monday night's total anthracite output. Some of these are tied up with perpetual contracts, ome have no standing contracts and thers, quite a number, have contracts that are about to expire. It is these latter who will make the first move towards bringing about a better conlition of affairs.

Just what will follow the refusal to enew the contracts is not given out, but it is significant in this connection that a meeting of the directorate of the New York, Wyoming and Western railroad, which is to build what is famillarly known as the individual operator's line, preceded the meeting of the operators' association.

MATTER KEPT SECRET.

What was done at the meeting of the altroad company could not be learned. E. B. Sturges, who is one of the directors, stated that the meeting decided not to give out what had transpired. It was deemed best to keep the company's transactions secret for the pres-

The promise of the carrying companies to maintain prices will not effect a compromise, even though there was every assurance that the promise would be fulfilled. The operators do not want high prices particularly; they want lower freight rates.

Bituminous coal comes in direct competition with the small sizes of anthracite, and because of the discrimination against anthracite by the carriers, the small sizes are being crowded out of the market.

This discrimination is so flagrant as to almost surpass belief. A ton of bituminous coal is carried from Pittsburg to New York cheaper than a ton of anthracite is carried from Scranton to New York, and it is claimed that through freight coming from the west s carried from Buffalo to New York cheaper than coal is carried from

Scranton to New York.

TROUBLE IN A NUTSHELL. The trouble in a nutshell is that anthracite, under the present contracts, is expected to pay a freightage of from eight to twelve mills a ton per mile and then compete with bituminous, which is paying only one-fourth that tariff. Pitisburg bituminous can be delivered in Philadelphia cheaper than

At present the carrier gets forty cents and the operator sixty cents on each dollars' worth of coal sold at tidewater. The operators demanded at least sixty-five cents. Whether this will be granted and whether if it is granted it will be satisfactory, is a question, The feasibility of the new railroad will go a great ways towards solving this

SUICIDE STORY DOUBTFUL.

Letter and Telegram Received Here Would Tend to Discredit It.

A letter received yesterday by Mrs. Ann Morgan, of 1323 Academy street, and a telegram received by Chief of Police Robling would tend to discredit the dispatches received here to the effect that Mrs. Morgan's son, Joseph, and another Scranton man, Joseph H. Williams, had attempted to commit suicide in Scattle.

The letter was from Morgan himself. It told that he fell from a train and broke his leg, but mentioned nothing of any mishap to Williams, and made no reference whatever to suicide.

The telegram was from the chief of police of Scattle and was in answer to a query from Chief Robling as to the gram simply told that the suicide story was not true, and that details would be sent by mail.

DE ORO WOULD NOT PLAY.

Declined a Chance at Another \$500 of Keogh's Money.

Disputches from Chicago yesterday announced that Alfredo De Oro, who defeated Keogh for the pool championship and \$500 last week, had declined to meet Keogh forthwith in another game for \$500, and had left for New York, saying he had urgent business there that could not be postponed. This was corroborated by a letter re-

ceived here yesterday from Keogh. He Keogh will formally chailenge him rill's clothing store, this morning. for the championship medal through

pressed with the idea and will submit

Fair Committee. An enthusiastic meeting of the general committee in charge of the firemen's fair was held last night and the various arrangements were materially forwarded. A very encouraging report was made by Chairman F. W. Zizelman, of the soliciting committee It indicated that the local merchants were very liberal in their donations of articles for the booths and that the citizens in general are making cash contributions that tend to show a warm appreciation of the merit of our ire department.

Next Friday night there will be a general meeting of the ladies' committees of the several districts in the council chambers in city hall.

Suppress Alumned Food.

The doctors inform us that alum is polson and that alum baking powders should be avoided because they make the food unwholesome. Prominent hygienists, who have given the matter most study, regard these powders as an evil that should be supressed by state action. In Minnesota and Wisconsin alum powders are not permitted to be sold unless they are branded to warn consumers of their true character, while in the District of Columbla the authorities have under the direction of congress adopted regulations to prohibit the use of alum in bread

altogether. Are not the people of other states, as well as those of Minnesota and Wisconsin, entitled to warning of a danger which is apparently menacing them at close hand, and is not the whole country entitled to absolute protection, as the people of the District of Columbia are protected, by legislation which is entirely prohibitive?

Until we can have protection in the form of a statute, how can our state board of health, state analysts or food commissioners better serve the public than by publishing in the newspapers from time to time the names of the baking powder which they find to be made from alum?

Meantime, it will aid the housewife in designating the alum powders to remember that all powders sold at 25 cents or less per pound are of this dangerous class. Pure cream of tartar powders are usually sold at from 45 to 50 cents a pound.

RAILROAD NOTES.

On the New York division of the Pennsylvania railroad the wages of the train-men have been increased. Those making ver \$60 per month have been advanced per cent, and those making under \$60 ave been advanced 10 per cent.

It has been officially announced that the Philadelphia and Reading company will increase the wages of its skilled inor who work by the day in mechanical epartments of its shops in Reading and long the entire system, 5 to 10 per cent, this affects 2,000 men. Frederick H. Gibbons, treasurer of the

Delaware, Lackawanna and Western company, has retired. He made his headmarters in New York city and was reasurer of the company for years, Diferences with President Truesdale are ald to be responsible for his resignation. It has been announced, not authoritatively, that the Philadelphia division trackmen of the Pennsylvania railroad would after May I be put to work at thiren cents per hour and ten hours to the day. Formerly many of the men have received as low as one dollar per day and in some cases as low as pinety cents. Ageneral mortgage was filed at the reg ister's office in New York on Wedne

by the president, managers, etc., of the Delaware and Hudson Canal company, requesting the United States Mortgage and Trust company to act as trustee for the canal company in the purchasing of comotives and cars, and to indorse obligations for the payment of same to the extent of \$1,500,000. There is an impression that much of this money be used in the Honesdale branch changes,

Fire! Fire! Fire! Our stores, 512 and 314 Lackawanna avenue, were badly damaged by fire Thursday night. We have saved a large part of our candy stock and all of our bicycles, and will be able to says that he challenged De Oro to play take care of our wholesale customers another game at once, but that the in the basement of 216 and 318 Lucku-Cuban could not be induced to accept wanna avenue, under Horan & Merare in shape to fill all orders wholesale and Brick Ice Cream orders promptly. accident is indicated by his anxiety to POOR BOARD THOUGHT SUCH ACTION WAS WISE.

> Lengthy Report Submitted by the Finance Committee in Making Its Recommendation for the Reduction of the Levy-Summary of the Financial Condition of the District. Insurance on the Hillside Home Has Been Increased to \$21,000. Quarterly Appropriation Received.

The poor board held a regular meeting yesterday afternoon, heard several applications for outdoor relief, adopted the report of the finance committee recommending a decrease of one-half a mill on the tax levy in view of the revenues received from the state, increased the insurance valuation on the Hillside Home \$21,000, recommended the purchase of a typewriter for the secretary, acknowledged the quarterly appropriated from the state, approved a number of bills and adjourned, all in

a little over an hour's time. The meeting was called to order at 2.20 o'clock, and in the absence of the president Dr. Paine moved that Mr. Murphy preside. Directors Dickert, Shotton and Fuller were also present. The minutes of the previous meeting, read by Secretary Gillespie, were approved, and Dr. Paine reported that he had examined and admitted three insane patients to the Home during the month. Mr. Murphy reported the same action regarding one patient from his district.

The cases of Mrs. William Navin, of Spring Lane, and Mrs. Robert Parton, of Dunmore, were referred to the directers to look after. Mrs. James Mc-Cue, of Bellevue, and Patrick Neary, of the Seventh ward, were granted ad-

mission to the Hillside Home. Mrs. David Chappell, who was deserted by her husband and left with the care of four small children, presented a potition signed by many wellknown citizens, asking for transportation to Wales. The matter was referred to Dr. Paine to inquire into the cost and to provide for them until the

AN IMPROPER PERSON. Mrs. Reese Llewellyn, of 1814 Price street, who has been receiving relief from the board, and who was discharged from the Home for the Friendless for being intoxicated, was considered an improper person to care for her children. Dr. Paine was directed to take the necessary steps to have the children cared for. Jacob Eppstein, who has been neglecting to pay his taxes, asked to be exonerated, but

the case was dismissed, Secretary Gillespie read a commun ication from Director Langstaff, who was unable to be present, relative to the family of Thomas Durkin, of 726 West Market street. They resided in Wilkes-Barre up to seven months ago, and the secretary was instructed to notify the Wilkes-Barre directors to relieve the district of the charge, and if not attended to, to take the necessary steps to have them removed.

The report of the finance committee was received and ordered filed, and the recommendations contained therein adopted. The report is as follows:

To the Board of Directors of Scranton Poor District. Gentlemen: Your finance committee dosire to report that the county commis-sioners have adjusted the valuations of property within the Scranton poor distriet assessable for taxation for year

For Scranton\$22,652,663 Dunmore 1.761,181 .. \$54, 410, 944 Therefore, to comply with rules of the board we hereby submit our estimate showing the probable revenues and expenditures for the year 1899 as follows:

EXPENDITURES. Salaries and services Outdoor relief 16.000 Supplies 32,660 nprovements and repairs 19,000 Printing and stationery Miscelianeous 4.000

In estimating the revenues we have made the basis a three and one-half mills levy because we believe that such a levy

ESTIMATE OF REVENUE. Gross amount of duplicate at\$85,119,45 and commissions (estimated) ... 8,000 00 Net proceeds of duplicate Estimate balance to be realized from duplicates for year 1805. 1537 and 1898 ... unt in hand of treasurer Jan.

Estimated amount to be received 18,000.00 from may patients . 2,650, 90 acced the expenses for the reason that obliged to borrow and pay a large amount for interest on overdrafts at bank. The discontinuance of the interest account would be no small saving, as during the

year 1897 we poid the sum of \$1,538.89 in-terest and in 1858 \$1.109.85 interest on borowed money to pay warrants as they came due. The growing demands upon the district for the increased facilities for earing for the insane will in a few years hence necessitate the enlargement of our asy-lum for the proper care of its immates. This should be done without any increasa

in the tax levy.
After careful consideration, based on the above facts, we would therefore rec ommend that a levy of three and one-alf mills upon the dollar of nejusted valuntion be made, to meet the expenditures of the Scranton poor district for the year 1890, being one-half mill less than in forfound it valuable.—W. J. Cuyler, Red Creek, N. Y.

Mr. Cuyler is one of the leading crick Fuller Finance Committee.

INSURANCE ON HOME.

Mr. Shotton reported that the insurance committee had met and adjusted the insurance valuation on the Hillside Home, and increased the amount of the policies \$21,000, making the total insurance \$161,000, which includes the electric light plant and other recent improvements. A resolution was adopted requiring the directors to rena statement each month to the secretary, showing to whom orders are issued, in order to prevent any dupli-

The receipt of the quarterly appro printion by the state of \$4,960.07 was acknowledged, and the report of Superintendent Beemer was received. In the latter, mention was made of the loss of several sheep on the farm and the allowance of \$92 for the same by the auditors.
