FIRST BALL GAME OF THE SEASON

SCRANTON HAD AN EASY VIC-TORY OVER SEMINARY.

About Three Hundred Fans Wen Out to Athletic Park to See Wha Brand of Ball the Scranton Team Is Capable of Putting Up-Batteries Showed Good Form and the Outfielders Are Very Fast-Members of the Seminary Team Who Distinguished Themselves.

About 200 enthusiastic spectators witnessed the first game of base ball of the season at Athletic Park, Saturday afternoon, between Wyoming seminary and the Scranton team. The home team did fine work, considering that it was their first game of the sea-

O'Connell made the only error for the home team. The men were not worked smooth. Hodson was first in the box for the home team, and while, by orders of Manager Swift, he did not overexect himself, he struck out eight men. In the fourth inning he was replaced by Allen, who proved to be speedy and bids fair to become one of Manager Swift's best twirlers.

In the seventh inning Risley went in the box and twirled until the end. His work gave good satisfaction, his curvebeing very sharp and speedy. The home team was not as strong at the but as could have been wished for. There were only two runs earned, the the greatest base-runner of the town. He was very "foxy," and kept the opposing team guessing while running Dilon's work at the stick was not what it has been, or ought to have been. McMahon's batting was the team plays here Monday and Tuesday.

Out of the sixteen runs he scored four. Each of the other men scored two, with the exceptions of Knoll and Allen each one, and Thackara, Hodson and Risley nothing. McMahon's work at short was errorless. During the first inning a foul tip from Shaffer's ba split O'Nelli's left hand, between th two center fingers. It was a painf injury, and he was compelled to retir from the game, Thackara taking hi

GOOD OUTFIELDERS.

Our outfielders are "crackerjacks They can cover an immense lot of ter ritory, and are sure men. A Tribune man was told that in Eagan, Lippert and Knoll, Scranton had the fastest outfielders she has ever possessed Knoli's two long running catche caught the eyes of the speciators, who oudly cheered him.

The Seminary men this season are not as strong as in seasons past. The work of Gendall, Williams and Ruggles kept Scranton's score down materially. These three men are very strong, and the strength they add to the Seminary team is of untold value. Williams caught for Wesleyan college for four years, and played left halfback on the college foot ball team for four years.

Gendall has played ball ever sine he could walk. He has played with the Seminary team for the last five years, in '97 he was graduated from that institution and went to Syracuse university, where he played his old position at short. He also played quarterback on the university foot ball team Scranton a few years ago tried to se-prevented him from accepting. He will enve the seminary in two weeks, in that time having completed his commercial course. Ruggles has no past of special interest. He plays ball

simply because he can't help it. The Seminary team as a whole is howing up well, having been in the field but ten days. If they were placed with other teams of the same standing, they no doubt would make a good They show signs of poor judgment, in ground work, and basethrowing. This is especially characwith Shoffer and Reap. Shoffer's exhibition at growid work was exwillent, but he was slow in getting the balls to bases. Reap, while he catches a ball well, is uncertain when a hot grounder is in the question. He did put enough life into his work. These two men were more or less responsible for Scranton's big score. Essecially true is this of Shoffer. A little coaching in the way of "wake-up" might go a great ways. Reap has the material for a good ball player, and if he would but more ginger in his work he would be as good as any of them.

KELLEY'S TWIRLING.

Kelley's work in the box was better han expected. He has had no pracice, and Saturday's game was the first ame he has twirled this season. At by start the home players were guessng just how to get at him, but at last y found him in the fifth inning. Kurgloski, the center fielder, followed Kelley in the box, but was soon comselled to retire in favor of B. Gendall, the right fielder, Kurgloski going to right field and Substitute Davenport going to center: his first work was atching Thackara's long dy. Billings was careless at short. He muffed pall on second, allowing Lippert to and safely, and he also used poor ludgment with his ground work. Billngs' position is left field, and not at Gendall covered the diamond well, and his good work was an intersting feature of the afternoon.

By Carrington & Cusack.

New York, April 22.—The market during the past week has been on a solid basis. High priced stocks have been particularly strong and closing prices today have been fully up to the standard. Naturally during the summer months the majority of these professional traders take their yacation, and for that reason, the market will not be as strong during summer months as it has been this fall and will be until the first of June. For that reason we advise the purchase of good ralirond stocks or the better chase of industrials. Brooklyn Rapid Transit can be now purchased at about 139 and before many weeks have passed will be sold at 139. Federal Stoel stocks are good purchases, especially the preferred, which is well worth par. Metropolitan at 250 may be considered a bargain, that stock will sell before long at 280. The bank statement today was as good as could be expected, and will help to strengthen the market next week. The country is in a prosperous condition and from the present outlook, will continue so, confidence reigns supreme, and with confidence in the land, the market must continue to be strong.
