BASE BALL.

VICTORY FOR SCRANTON.

Utica Team Defeated by a Score of Twelve to Two.

Special to the Scranton Tribune.

Utica, N. Y., April 24.—Scranton won an easy victory from the Utica team today. The visitors were in fine form and batted the ball hard, ending the game with a score of 12 to 2 in their favor.

For Scranton, Hodson and Risley pitched and Thackara caught.

Amateur Base Ball League.

Representatives from the School of the Lackawanna, Y. M. C. A., Scranton High school, Harry Hillman academy, Wilkes-Barre, and the Wilkes-Barre Y. M. C. A. met in this city last Saturday to arrange for a ball league, known as the Blue Ridge Athletic association. When the league was first talked of, it was proposed to include schools only of this section but at the meeting Saturday the Y. M. C. A. teams of this city and Wilkes-Barre were also included. The league as contemplated is to be very strict. Every player must be registered, and they must be amateurs, in every way.

It is not considered wise to include these Young Men's Christian association teams, owing to the fact that they are not schools, and only tend to infringe on a strictly school league. They will, in a less or greater sense, rob the school of their percentages, which would be improper. The students of the various schools would take special interest in the standing of their respective teams; but, when an outside team is intermixed, it naturally tends to take away the legitimate standing of the school teams. It will be almost impossible to ascertain the correct standing of our schools, if the Young Men's Christian association teams are allowed to enter this proposed league. A league including other amateur teams, together with members from the various schools, could be formed at the close of the school year.

Those present at the meeting on Saturday were: Messrs. Long, Vail, Barrett and Rogan, School of the Lackawanna; Secretary Mahy and Gibbs, Scranton Young Men's Christian association, Scranton; E. Tropp, Horan and Rose, Scranton High school; Fuller, Harry Hillman academy, Wilkes-Barre, and Professor Jackson, Wilkes-Barre Young Men's Christian association.

The High School Team.

The High school team met Friday afternoon on the James Boys' ground, for their first practice. One hour was devoted to batting, ground work and base-running, after which a hard scrub practice was indulged in. A number of the men have been getting into condition for some weeks, and they were able to work harder than those who reported for practice on Friday for the first time.

It is early to judge the strength of the team, but it may be safely said that they will make a strong team, and possibly the strongest team the High school has ever sent to the diamond.

Captain Tropp and Harrington were in the box, and showed no well. Harrington, however, is a little weak, but he will have no trouble in making himself known, when he gets into proper condition. Tropp's work was in good form, despite his lameness. Phillips and Mosher were behind the bat, and made an excellent showing. Harris at short is somewhat wild, but he promises to be in good form before the school season opens. Rogan on first is showing up well, but a little uncertain with grounders. Ackerman and Gannon were given a chance on second base. They are good men, and their work of Friday was excellent.

To sum up the boys as a whole, they are playing good ball, considering that it is their first practice.

The team will have a week of hard work before they open their regular season. A series of three games is being talked of between the High school and School of Lackawanna. Nothing definite, however, is known.

IN THE PLAY HOUSES.

"McFee's Troubles."

Those who witnessed "McFee's Troubles" at the Gaiety yesterday will no doubt be glad that he does not have them often. The production, which is in the form of a three-act operetta, however, contains some pleasing musical numbers, and excellent vocalists are in the cast. The Costermonger songs by Walter Hast; the vocal efforts of Mildred Kanfield; the dancing of Mabel Sinnoris and Misses Lynn, and the comedy work of Mr. Brennen, were among the features of the performance.

"McFee's Troubles" will be repeated today and tomorrow afternoon and evening, and on Thursday the London Gaiety Girls will appear.

Miller as "Hamlet."

A certain New York critic recently published an article suggested by certain productions of Shakespeare's plays in that city, stating that the public would not patronize the plays of the Bard of Avon unless they were embellished with sumptuous scenic display. That this is true is indisputable, but that it is to be deplored is doubtful. Henry Miller, who will present "Hamlet" at the Lyceum, Wednesday, has admitted the necessity of elaborate scenic environments, by providing them for this engagement, not because they are necessary to make Shakespeare acceptable, but because, with our present day education in matters thatrical, no production would be acceptable without them. The day has gone by, never to return, when the public was ready to admire the actor in spite of proper stage surroundings. How many of those who have enjoyed Mr. Miller's beautiful production of "Heartsease" would have done so had the foyer of the Drury Lane theatre in the great third act scene been simply indicated by an ordinary and worn palace set, instead of the carefully and artistically constructed semblance of the real lobby, with its massive and ornate staircase and its clearly suggested partene of boxes.

HAIL DEATH WITH JOY.—"I was a great sufferer from Heart Disease. The disease was so great I was confined to bed for days. I often thought I could hail death with joy. No physician could give me relief. I procured a bottle of Dr. Agnew's Cure for the Heart; the first dose gave me almost instant relief. I have taken four bottles. I never felt better in my life."—Mrs. Margaret Smith, Brussels, Ont. Sold by Matthews Bros. and W. T. Clark.—24.

THE MARKETS.

Wall Street Review.

By Associated Press.

New York, April 24.—Trading on the Stock exchange was of a listless sort today, and except for an early spurt in the specialties prices dropped to the end, when the tone was weak. Smart recessions appeared in many stocks while most of the active list was lower. The favorable bank statement of Saturday failed to arouse a noticeable increase in outside interest in the market and the bears accordingly reasoned that it was opportune to try some short ventures. Anaconda Mining was very strong, rising 8 points, only one of which it lost before the close. The advance in Anaconda was associated with reports of some deal in connection with a copper combination. London was a seller of some 30,000 shares of stock and selling came from New England and the northwest as well as from large traders who recently had been heavy purchasers. Commission business was very light. Crop uncertainties may account for the hesitancy in the market, and private crop advices were said to have been received which were not altogether favorable. The market was altogether uninteresting and almost featureless. Total sales, 515,100 shares. Irregularity cropped out today in the bond market but the changes generally were narrow and there was a consistent demand for the newer issues at improved prices. Total prices $2,905,000. United States new 4s coupon and the 5c do., advanced ¼ and do. registered ¼ in the bid price.

By Carrington & Cusack.

New York, April 24.—The market after a very strong opening following Saturday's bank statement, sold off. The several roads and the Coalers were strong while the specialties were inclined to weakness. The market seemed to meet considerable liquidation by the larger commission houses and after the opening strength, became dull with a sagging tendency. The traders sold the entire list and London was quite prominent on the selling side, especially in Southern Railway, Northern and Union Pacific stocks. Anaconda was again the strong feature, advancing 6 per cent. on what is considered good inside buying. The crop reports are of such contradictory character as to hold the market in check somewhat and it looks to us as if leaders were allowing the market to take its natural course at the moment. It is undoubtedly creating a short interest and may be ripe for a short upward turn at any time. Tennessee Coal and Iron was particularly heavy in the face of strong bull tips by prominent inside houses and it looks as if a scoop was being engineered in the stock. The market was unfavorably affected by the entry by the German ambassador in Washington of a formal complaint against the language used by Captain Coghlan, at the Army and Navy club reception. While the matter is not of any importance, yet just at the moment following the Samoa incident Captain Coghlan's injudicious language has created a certain feeling of uneasiness which has had a bad effect. The London Statis, which is considered one of the best authorities, says: "That the impression abroad is very strong and that we are in for a long spell of active trade in the United States, with its accompaniment of expansion in the most paying directions, and the general sentiment is that the present prosperity will last through the next couple of years unless killed by adverse legislation which to our minds is the only bad feature in sight." While the market may work somewhat lower, it is undoubtedly a great purchase to hold, and we strongly believe in much higher prices during the coming summer. The close was very irregular with some weakness throughout the general list.
