LACKAWANNA CLUB, DECEASED.

Closed Up Affairs and Sold Furniture Saturday Evening.

The Lackawanna club, which has held forth in the three most desirable rooms of the Municipal building for the past six years, met and disbanded Saturday night. Such articles of furniture as were desired by club members were sold to them and the remainder will be offered to the 'Cycle club.

About ten members will also apply for membership in the 'Cycle club, but they will enter as individuals and not as a club as was at first talked of. Among them will be the well-known whist players who frequently have contested with experts from down the valley. Two rooms will be fitted up in the new club house for their special benefit and the conveniences will surpass anything they have heretofore

The remodeling of the Watt house has been completed and the wiring will be done today. The 'Cycle club expects to move in Wednesday. Many appli-cations are now on the board for membership and the club is expected to soon number one hundred. It is fast becoming a strong organization, and its membership embraces the representative professional and business men of

THE PAINTERS STRIKE.

The painters' strike, which has been expected to occur this morning, may not materialize. It was given out yesterday afternoon that some of the master painters contemplate acceding to the demands of their employes, as they have much urgent work which cannot be postponed without great loss. It is hoped an amicable arrangement can

MR. SIMONS VERY ILL.

T. J. Simons, who was operated on for appendicitis last week, was in a dangerous condition last night. His pulse and temperature had risen and hopes for his recovery which were entertained a couple of days ago vanished again. Within a few years this unfortunate man has suffered fractures of the leg and severe bodily burns sustained in a mine and which nearly ended his life.

Dewey Day will be very generally ob served in this city today, and par-ticularly so on the West Side, where the borough officials and the school board and also several organizations will carry out an appropriate pro-gramme, which has been in prepara-tion for several weeks. The schools will be closed and the scholars will take a prominent part in the programme. Let everyone hang out Old

There was a large audience in Phoe nix hall Friday evening, when the invited guests and members of the Father Mathew battalion listened to one of the most successful and well rehearsed programmes that has been enjoyed here in some time, and the young people who took part are entitled to much credit for the very successful termination of their efforts. The programme consisted of recitations, vocal and instrumental music and several selections on the graphaphone.

On Saturday afternoon Joseph Mellen, the 2-year-old son of Jacob Mellen, of Port Griffith, met his death in a peculiar manner. He went out to the barn, and when missed search was made, and after some time had elapsed he was found under a counter which had been stored there. His life had been crushed out, and the sight presented was a shock to the parents. The little victim must have been killed instantly as his neck was broken and his skull fractured. The funeral oc-

VITALIZED AIR..... 25c

We have been in Scranton over 16 years; we are here now; we intend to stay here. Our business is not a mere experience. We will not do work to day that you can't call us to account for tomorrow. We compete with the cheap advertising dentists who are here to day and gone tomorrow, but we do not compare; our work is a contrast. So do not make a mistake; all our operators are experts of skill and experience, and not mere students. Still our prices are lower than the lowest. Beware of imposters and charlatans who can afford to ruin your teeth because they are not financially responsible. How can we do better than they? The answer is easy: We have a dental office in nearly every city in the United States, and we buy our supplies at wholesale for cost. No wonder we can give better prices than anyone else. Experience counts also, and we have experience besides our diplomas. Don't be bunched; get the best, the most reliable, the most comfortable and the most durable. The newest methods! The latest applications! The best materials! These are attractions worth considering. Besides, nervous people and these with heart weakness can have their teeth filled or crowned with absolute safety and positively without pain. We are the only really up-to-date Dental establishment in Northeastern Pennsylvania. Teeth extracting in the morning and a new set furnished in the afternoon is an old priactice of ours. We are the original; all others are mere imitators. We are the original interest of vitalized air.
