CATARRH OF THE PELVIC ORGANS.

The Reason Why So Many Women Are Sick

Mrs. Eliza Wike says: "I would be in my grave now if it had not been for God-sent remedy, Pe-ru-pa, female troubles Everybody says I am looking so much better. No doctor could help me as Pe-ru-na did. I was a broken-down the doctors and woman. It is now seven years past found no relief; that I was cured."

Mrs, Sarah Gallitz, of Luton, Ia. also writes: "I was suffering with the ru-na I could change of life. I had spells of flowing leave me nearly dead. I had given up use them. I am entirely cured, and give all the credit to Pe-ru-na and you like."

A healthy woman is becoming more catarrh knows that this is the case, Their trouble is called dyspepsia, heart nervous debility; indeed, almost the been applied to catarrh of some organ! Ohio.

Mrs. C. C. Worstell, Clarksburg, W. Va., writes the following letter to Dr. Hartman. This is only one of hundreds of similar letters which the Doctor receives from thankful women Mrs. Worstell says: "I trust that no one will think from this that I want my name in public for any cause only to let sufferers know where they may truly say I have been much benefitted find relief from many ailments. Dr. Hartman has written a book entitled "Health and Beauty" especially and more rare. But comparatively for women. It treats of female catarrh few women who are suffering with in all its different phases and stages. It is profusely illustrated and contains common sense talks on subjects which trouble, female weakness, weak lungs, should interest every woman. JERMYN AND MAYFIELD.

The many friends of County Superintendent Taylor in this borough were highly pleased last evening at his reelection. While they were sanguine of the result, they did not anticipate such a sweeping majority. As prognosticated in yesterday's items, Mr. Taylor had the majority of votes of the Jermyn directors, six of the eight present voting for him. The other two, Patrick Loughney and J. G. Nicholson, voted for Mr. Davis. The only absentee, Director John Mellow, was unable

to be present. Word was received early yesterday morning that Jimmy Donahuc, a son of Mr. and Mrs. David Donohue, of the East Side, was lying at a hotel at Starrucca, seriously injured. The boy, who is about sixteen years of age, was up to a few days ago employed as a driver in the Delaware and Hudson shaft. He did not work on Monday but made up his mind to see a little of the country. He was seen by some of his companions going north on a freight train Monday afternoon and nothing more was heard of his until the dispatch was received. His father took the first train to Star rucca and found the boy with a badly fractured leg, which it is understood was caused by his falling over a bank when alighting from a train. The boy was brought down as far as Carbondale on the Saratoga express yesterday afternoon and taken to the Emergency

hospital, where he now lies. Mrs. Cooper, of Hawley, wife of one of the former pastors of the Methodist

A meeting of the school board was held on Monday night in the central school building. The absent members were Messrs, Holleran, Kelly, Pettigrew and Hayes. An opinion was read from the board's attorney relative to paying the auditors for services. The letter stated that the school district is not liable for the fees of the auditors and that the council should pay the bill. The treasurer reported that the funds were low in the treasury and asked that the board make a loan for a short time until the tax collector could make a settlement. The secretary, together with the treasurer,

were instructed to attend to the matter. The following bills were passed for payment: John Dempsey, \$31,96; James J. O'Malley, esq., \$50: Merchants' and Mechanics pank, \$140.18; Olyphant Water company, \$30.50; Reynolds Brothers, 3; T. F. Nealon, \$3.59; Thomas Donnelly, \$3...0.

CATARRH OF THE STOMACH.

A Pleasant, Simple but Safe and Effectual Cure for It.

Catarrh of the stomach has long bee considered the next thing to incurable The usual symptoms are a full or bloating sensation after eating, accompanied with sour or watery risings, a formation of gases causing a pressure on the heart and lungs, and difficult breathing; headaches, fickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condi-

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has tin to ferment and irritate the delicate mucous surface of the stomach. secure prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catar-

rhal condition will have disappeared. According to Dr. Harlanson the safest and best treatment is to use after each meal a tablet, composed of Diastase, Aseptic, Pepsin, a little Nux Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dys Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite will follow their regular use

after meals. Mr. N. J. Booher, of 2710 Dearborn St., Chicago, Ill., says: "Catarrh is a local conditon resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of the stomach without cure, but today I am the happlest of men after using only one box of Stuart's Dyspepsia Tablets. when it is borne on her that she is shadowed by that mighty mystery of motherhood. There is no other moment so momentous in a woman's life, as this. A new look grows upon her face, a new dignity clothes her. She turns her face back to the mothers of the world.

"Who to her cross and passion bring

Their fellowship of suffering. But in her very hour of unlifting perhaps there falls upon her the shadow of coming suffering, and she shrinks rom it, anticipating the burden almost too great for her strength. For it is a fact that the child which should be a blessing seems, sometimes, a curse. There is no strength to nurse or nourish the little one, who tugs vainly at the dry fountain of the breast with eager thirsty lips. Why is it?

Why must women pay such a painful price for motherhood? It seems unreasonable and unnatural that such a price should be exacted for the simple fulfillment of the law of being. For Nature echoes and enforces the divine command "increase and multiply."

It is unreasonable and unnatural that woman alone should be singled out for such a penalty. Every living thing brings forth "fruit after his kind" naturally, regularly, and without strain or struggle as compared with the strain and struggle of human motherhood. The first thing that every woman needs to be taught is that the larger part of

WOMAN'S SUFFERING IS UN-NATURAL and unnecessary. That apart from the

momentary birth pang, maternity should be a joy unalloyed. If it is not so It is because of - the social laws That err from honest Nature's rule;' Because in succeeding generations women have sacrificed their vital

forces to the idol, Custom, and when they are confronted with maternity are unequal to its demands. It would seem apparent that all this could be changed; that children could be borne with little pain and nursed with boundless pleasure if the lost vital power could be restored to women. All woman needs is strength and if she can obtain that, the ordeal of maternity loses all its terrors. Tens of thousands of women have found this strength in the use of Dr. Pierce's Favorite Prescription. To give strength and vigor to the delicate womanly organs is the mission of this medicine. It does this by a twofold process. First, it cures the debilitating drains, ulcerations, inflammations and female weakness which sap woman's strength, Next, it imparts a vigorous vitality to the delicate organo, places them in a condition of natural health, so that all their functions being performed naturally and healthfully, are performed in Nature's way with the least expenditure of strength, the least strain, the least friction.

WOMEN NEVER CEASE WONDER

have been perfectly and permanently cured by Dr. Pierce's treatment. In many cases the peculiar features of their diseases had been overlooked. In other cases women were being treated for the wrong disease. In all such cases no matter how rooted the disease cure almost always follows the use of

r. Pierce's Favorite Prescription, Mrs. M. F. Long, of Le Loup, Franklin Co., Kansas, writes: "Words cannot express how grateful I am for your kind advice and good medicines. I have been in poor health more or less all my life. In the past nine years grew worse, nd two years ago I was so poorly could hardly drag around, I consulted a specialist, and he said I had ulceration and that an operation would have to be performed. This did not seem necessary to me. I at last wrote to Dr. Pierce asking advice. I received an answer advising me to try his medicines, the Favorite Prescription,' 'Golden Medical Discovery,' and also his 'Pleasant Pellets.' I bought two bottles of the 'Favorite Prescription,' two of the 'Discovery,' and two vials of the 'Pelets' and took these medicines as advised. When commencing I weighed 11912 pounds ,and after taking one bottie of each I was like a new woman. In one month I gained 8 pounds. After taking two bottles of each of the medicines named, I began to look like a woman and not like a wasted skeleton. That weary, tired feeling all left me. and it did seem as though life was worth living and that I had been snatched from the grave and would live

to a good old age." A WOMAN'S PRIVILEGE.

Sick and ailing women are invited to consult Dr. Pierce by letter, without fee or charge of any kind. This avoids the indelicate questionings, offensive examinations and obnoxious local treatments from which every right minded woman shrinks. It is to be remembered that in writing to Dr. Pierce you are writing to a physician in regular and active practice, who in his thirty years of experience as chief consulting physician to the Invalia's Hotel and Surgical Institute, of Buffalo, N. Y., assisted by his staff of nearly a score of specialists, has successfully treated over half-

a-million women. No other offer of "free medical advice" made by man or woman has behind it the ability, the skill or the record shown by Dr. Pierce. Many offers of "medical advice" are made by those who cannot give what they offer. Medical advice can only be given by a medical man or medical woman, qualified by education and practice to treat disease. "Medical" advice from a person, whether man or woman, who is medically educated, is worse than worthless. It is absolutely dangerous. When you seek medical advice be sure that you are seeking it of one who is qualified by education, experience and skill to give it. You are sure of this when you write to Dr. Pierce, Buffalo, N. Y. Every letter is treated as a private communication, and its contents are sacredly guarded. All answers are mailed in plain envelopes, bearing on them no advertising or printing.

The public press teams with warnings against the dangers of the use of cocaine. Yet medicines contain this drug. There is no oplum, cocaine or any other narcotic in "Favorite Prescription" and it contains no alcohol, whisky or other intoxicant. It is in the strictest sense a temperance medicine
