JERMYN AND MAYFIELD.

It is expected that some important business will come up for consideration at tonight's council meeting. among which will be the appointment of a chief of police for the coming The burgess has already received a number of applications. The term of the present chief expires on the 15th. It is understood that he will be an applicant for re-election. He has performed the duties of the office most satisfactorily and there is hardly a floubt but that he will be re-appointed.

The miners employed in the low, or Monkey, vein in the Glenwood shaft went out on strike Wednesday. They have hitherto received 71% cents per ton for coal and a dollar per yard for taking up bottom rock. Mine Foreman Davis notified them on Wednesday that hereafter the company proposed paying them \$1.15 per car, and no allowance for rock. This the men say would materially reduce their wages and about fifty of them working in the vein quit work. The colliery was idleyesterday, but will work today. We were unable to learn last evening if

the trouble had been settled. A barn belonging to the Edgerton Coal company was burned down early Wednesday morning and seven mules cremated. When the fire was discovered by the watchman it had a firm hold on the building and it was found impossible to save anything.

A Pleasant, Simple but Safe and Effectual Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied with sour or watery risings, a formation of gases causing a pressure on the heart and lungs, and difficult breathing; headaches, fickle appetite, nervousness and a general played out,

languid feeling. There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condi-

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surface of the stomach. To secure prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanson afest and best treatment is to use after each meal a tablet, composed of Diastase, Aseptic, Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspesia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite will follow the'r regular use

OLYPHANT.

Another anti-sewer meeting was held in Mahon's hall, Olyphant, last night and the issue thoroughly discussed. Mr. David E. Lewis was chosen chairman of the meeting and P. J. O'Boyle secretary. Burgess McNulty was the first speaker and told how the franchise was awarded in the year 1894 by the councils, and named those who voted in favor of it and against it. He also explained the action that the sower corporation has taken in court. in trying to have an injunction granted to stop the borough from terfering in the construction of the sewer. M. W. Cummings also expressed his views and urged the people to stand together and oppose new company, even though the court decided to allow them to proceed. Councilman Lewis, of the Fourth ward, made some remarks that were not in harmony with the sentiment of the citizens present and caused some surprise. Mr. Cummings replied to him in some pointed language and asked the councilman the question if he was with the citizens in their fight .gainst the corporation or not. Mr. Lewis then replied that he was willing to go on record as being with the citizens. The following committee was appointed to act in conjunction with the council and burgess in making plans to pose the company: First ward, P. J. Farrell, Martin Walsh, Joan Mc-Ginty, A. S. PITTSTON NEWS

Another Extensive Cave-in at Lambert Street, and Serious Damage. An Interesting Wrestling Match at the West Side Park-City Hall Notes.

Yesterday morning between 2 and 3

o'clock, the residents of Lambert street

experienced another shock, when aroused from their slumbers by the crack-ling of timber and the falling of plaster in their homes, caused by another settling of the old workings of the Ravine mine. More than two acres of the surface sank several feet, and particularly in the middle of the street a hollow has been formed, making a depression of several feet in front of the residence of Abel Bynon. Next door is the home of Frank Sheridan, where a huge crack extends from the roadway to the house and the cellar walls are cracked sufficiently to see daylight through them. When the disturbance commenced Mrs. Sheridan, with her children, after gathering what clothing that could be hurriedly collected, escaped to her mother's house, while the susband remained to see how long he would be the owner of a home. When The Tribune reporter looved over the settling area, he found the residents there very much dejected. The Etree cracks on the surface were still widening, the main water pipe along the street had been broken in several places and before the water had been turned off the cellars in the vicinity were flooded, and if a fire should break out in that vicinity at the present time property would be at the mercy of the flames. The residence of Michael Finnen is in about the same predicament. and the houses in the street north of Lambert are sharing a like fate. The people living in this locality all, or nearly so, own their homes, and from the appearance of the surroundings seemingly take a pride in beautifying. but the present unfortunate state of affairs has disheartened them, and many of them are afraid to occupy their homes at night, being in a dread of consequences accompanied with more dire results. Constable Bennett is one of the victims and informed the reporter that when the shock occurred yesterday morning, he jumped out of bed, and for the life of him could not find the clothing he had vacated the night before.

The wrestling match on the West Pittston race course last evening for \$50 a side, between W. E. Barnes, the S. & S. Beef company, and William Wilcox, of Ross & Co., drew together an audience of several hundred, and it proved one of the most interesting sporting events witnessed here
