EVENTS OF DAY IN WEST SCRANTON

REV. JAMES BENNINGER DELIV-ERS AN ABLE SERMON.

"Lend a Hand" Was His Theme, and the Text Was from Acts iii, 7-8. Pointed Out How a Helping Hand Would Aid in the Church Upbuilding-Ivorite Delegation Returns. Select Councilman R. H. Williams Is Honored-Funeral of Mrs. Gaul. Other Funerals-Coming Events. Personal and Otherwise.

Rev. James Benninger, of the Hampton Street Methodist Episcopal church, preached an excellent sermon yesterday morning on the subject "Lend a Hand," taking his text from Acts iii, 7-8: "And He took him by the right hand and lifted him up."

He said it is quite possible that this lame man could have arisen without the assistance of Peter, as the Lord Jesus would have been sufficient for him. It has been suggested that the apostle gave him his hand because he could not help it, and it is our duty to lend a hand whenever we can, for God lifts us into the dignity of being co-workers together with Him. In the field of Christian activity there is much lameness, idleness and many crippled. These must be dealt with.

A helping hand should also be given to the regular services of the church by hearty and loyal support. Intermittent attendance at church hinders its growth. Success depends not half so much on the minister as upon the members. There is absolutely no substitute for the human hand. There is sympathy in the delicate and kindly grasp of the hand, there is magic, music and power in it. Estimate the value of a prayer meeting and you would not be without it.

Energy creates action, action keeps the wheels moving, and we need the constant, perpetual inbreathing of the Holy Spirit. A helping hand should also be extended to the Sunday school. If the boy of today is the man of tomorrow the Sunday school of today is the churck of tomorrow. It is designed to ingraft into the young heart "the incorruptible seed" of the Word of God. Lend a hand to this vitalizing and regenerating power, and we shall be amply repald for all the time and toil

Lend a hand to the Epworth league also. It has more than met the expectation of its founders, but we cannot expect it to prosper and give it no attention. If all lend a helping hand the church will triumph, walking and leaping and praising God.

the school board and the Democrats elected four of the seven councilmen. George Fletcher, James Rimmer, John Cosgrove and Robert Johnson, Republicans; John Corcoran and John Cook, Democrats, comprise the school directors. The council is made up of Robert Monroe, Patrick Coyne, John Gallagher and Thomas Kilcovne, Democrats, and Robert Stoff, Anthony Bancardi and Thomas Stephens, Republicans.

It was stated yesterday in the new borough that the freeholders who opposed a change in the style of govern ment as created by Judge Archbald, will appeal to the supreme court. They allege that Judge Archbald erred in his cutting from the borough 440 acres, the property of the Delaware, Lacka-

wanna and Western railroad. The land referred to lies between Schultz's lane and Sibley. Farm land, the judge stated, cannot be a part of a borough. The anti-borough people

question the legality of this point. FELL DOWN THE STAIRS.

As a Result John Bolaski May Be Seriously Injured.
