## THE ARMS OF THE CUBAN TROOPS

THE QUESTION OF THEIR SUR-RENDER TO MAYORS.

Referred to President McKinley by Secretary Alger - Denial That General Brooks Has Acted Contrary to His Instructions or That His Order Has Been Counter-

Washington, May 19 .- "It is the sheerest nonsense," said Secretary Alger today, in commenting upon the published report that the president or himself had countermanded any order made by General Brooke relative to the disarmament of the Cuban troops.

The state of the case in brief is as follows: The president canvassed very thoroughly with Secretary Alger and General Brooke the best method of securing the disbandment of the Cuban troops and their re-entry into private pursuits. It was decided that a necessary step toward this end was the surrender of the arms held by the Cuban soldiers. It was apprehended, that, retaining their arms, some, if not a large portion, inclined by their past predatory existence, would tapse into brig-

So the president himself ordered General Brooke to cause the arms of the Cuban soldiers to be delivered up to representatives of the United States army. With these instructions General Brooke has been patiently striving to carry out the president's plan. He has arrived at that point where the Cuban leaders, as a matter of sentiment, they say, make it a condition of disarma-ment that the arms shall be placed in the custody of the mayors of the Cuban towns. Realizing that to assent to such conditions would be contrary to the president's instructions, General Brooke has telegraphed to Secretary Alger the facts in the case and asked for a decision. The secretary in turn has communicated with the president and asked | Doolittle, of Susquehanna, was elected for instructions, for he feels that he is not authorized to amend or revoke an order originally emanating directly of Brandt, Pa., was chosen vice-presifrom the president. The president has | dent to take the place of Mrs. William not yet notified the war department of Baldwin, of Great Bend, who resigned. his intentions.

#### Brooke's Offer Refused.

It is said at the war department that should the Cuban leaders refuse to accept General Brooke's proffer, whether it is conditioned upon the surrender of arms to United States army officers or to Cuban mayors, that will terminate the efforts of the governor general to come to a satisfactory arrangement with these leaders. For, thereupon, General Procke will proceed to address hinself directly to the Cuban private soldiers. He will have his will deliver an address to men in the agents-United States army officerspay off every bona fide Cuban soldier who is willing to comply with the conditions laid down by him, and this will be done without further reference to any of the malcontent leaders, who have so long retarded a settlement.

A despatch has been received at the war department, announcing that the president will leave Hot Springs tonight at 10 o'clock, arriving in Washington tomorrow. It is now believed that the president will make no disposition of General Brooke's inquiry until after he has discussed the subject with the cabinet in Washington.

## PLOT TO ROAST HER ALIVE.

#### Fair University Teacher Locked in Oil-Saturated Room.

Watson, teacher of elecution at Cotner university, six miles east of Lincoln, was found last night bound and gagged, unconscious and locked in a room on the fourth floor of the university building. When she recovered she said that the room had been saiturated with coal oil and the building was to be burned.

She said that while in her class room one she overheard two men plotting to burn the edifice, and that on her presence being discovered the men knocked her down. Beyond that she remembered nothing until after she had been found by the students in the

New York, May 19 .- Robert McMann, a lawyer, was in the cafe at Hall's hotel at Duane street and Park Row at 1 o'clock this afternoon when John Farley, who had been ejected, entered and, drawing a 38-calibre bull-dog revolver, fired at McMann, who fell. A moment later McMann took his pocketbook out and the builet fell from it. ## THE MARKETS.

Wall Street Review.

New York, May 19.—The stock market was abandoned atmost wholly to profes-sional traders on the floor of the ex-change. No outside demand of any imsortance was apparent at any point in the list. Prices were marked up sharply at the opening on a demand from the shorts who sold the specialties yesterday. Sugar. Brooklyn Transit and the Flower group generally showed the largest gains, the demand being obviously from the short interests. Total sales, 456,400

The railroad bond market continued to show a large investment demand, especially for recent reorganization issues. Very heavy individual blocks of the new Battimore and Ohio bonds and of the Wisconsin Central firsts were taken off the market. There were some declines in prices late in the day but the leclines in prices late in the day but the firmness at other points made the mar-ket irregular. Total sales, 4,379,600. New York, May 19,—The market opened slightly above last night's close and during the first ten minutes seemed inclined to advance, the Grangers and Flower stocks being the only weak feature. After opening, the bears attacked values and in consequence there was renewed decline which was most pronounced in the specialties and truction stocks. There was no evidence of Flower support in their specialties until the low prices of the morning had been made. Around 11.30, a fair raily was started by the room, but on the advance the market seemed to meet stock, cleecking the builtsh feeling. Sugar was the leader, adseemed to meet stock, checking the bullish feeling. Sugar was the leader, advancing on favorable reports, falling in
sympathy with the general market and
rallying on evidences of good huying.
London bought about 10,000 shares but
was not inclined to do much owing to
closing until Tuesday next. The crop
reports were somewhat more favorable but not so much to offset the general be-lief that the damage has been much greater than is yet known. The setting in early morning appeared to come from the same quarter as the setting of yes-terday afternoon. The traders changed their position on this and sold freely the

The market was exceedingly dull and the trading of a character to indicate professional dealings almost entirely. The news of Aguiraldo's probable surrender had no effect on the market and the general situation shows so few

changes that it requires special news to create any marked effect. As we have already advised the market is only a purchase when particularly weak and is liable to fluctuate quite sharply both up and down. The close was dull and irregular.
