THE SCRANTON TRIBUNE-MONDAY, MAY 22, 1899.

ASPHALT CONTRACT HAS BEEN FOUND

DISCOVERED AMONG FORMER MANAGER WEST'S PAPERS.

It Is Now in the Hands of the City Controller to Be Certified When Councils Pass and the Mayor Signs the Sanderson Ordinance Reappropriating the \$17,520 Asphalt Repair Item Which Mayor Bailey Scratched Off the Appropriation Ordinance Before He Retired.

The revised asphalt repair contract executed Jan 27, 1899, between ex-Mayor Bailey for the city of Scranton, and J. M. West, representing the Barber Asphalt company turned up Satur-day and is now in the hands of City Controller Howell for certification.

It is claimed the contract was dis-covered Friday night by C. E. Hill, the new manager of the Barber company, while he was going through the mass of old documents left behind by his predecessor, Mr. West.

Wherever it came from, it is, at all events, in evidence and the solution of the asphalt repair problem is at hand. By an overwhelming majority councils have pledged themselves to favor the legislation necessary to the repair of the streets and the one measure upon which the repairs must wait, the Sanderson appropriation ordinance, can be put through councils in three more meetings, being now on third reading in select council.

The mayor stands ready to sign it when it reaches him and when it is thus made operative the controller's excuse for not certifying the contract will be removed.

WILL BEGIN WORK.

Immediately upon the certification of the contract the Barber company promises to put a large force of men at work resurfacing all the streets that are badly worn, beginning with Lacka-wanna avenue and following up with Penn and Washington avenues, Spruce street and so on. Inside of two months they hope to have what will be vir tually a bran new pave on every as phalted street now out of bond.

The contract reads as follows:

This contract, made the 27th day of January, A. D. 1899, between the Bar-ber Asphalt Paving company, contract-ors, of the first part, and the city of Scranton of the second part, witnesseth, that the said first party, for the consideration hereinafter mentioned,agrees to repair all asphalt paved streets in the city of Scranton, and keep the same in good repair for the term of ten (10) years from the date hereof; and to furnish all tools, labor and materials nec-essary for the performance of said work. All of said work shall be under the direction and supervision of the city engineer of the city of Scranton and in accordance with the specifica-tions prepared by him and on file in the office of the city clerk; and under the provisions of ordinance file of com-mon council No. 36, 1898, the proposal of the first party and the resolution of councils accepting the same, hereby referred to and copies of which are attached and made a part of this contract.

In consideration thereof the second party agrees to pay the first party for said work as follows: For repairing and maintaining all asphait pavements now out of bond, and all others at the expiration of guar-anty, \$17,520 per annum.

TO BE PAID QUARTERLY.

It is agreed that all moneys due the first party by the second party under this contract shall be paid in quarterly installments of \$4,380 each, payable on

big show pursue an absolutely honorable course in advertising, especially as to its size, that we heartily commend the manner which The Great Wallace Shows' advance corps are doing in this city, particularly as it applies to the press. This is what the San Francisco Examiner says of this big show, coming here Friday, June 2:

"We have been reading lately many complimentary comments on the greatly increased size and unquestionable merit of the newly equipped Great Wallace Shows now touring the west, but were agreeably surprised today,

first by the magnitude of the show as a whole, as it came in sections on its elegantly constructed trains, and again by its stupendous, clean and novel parade. A show never presented a more gorgeous pageant. We visited the grounds later on a business errand and again met a surprise. The show is aboffered her, according to the daughsolutely new throughout, and covers not only the entire show lots, but all the streets surrounding them. The tents at the afternoon performance were packed with visitors, and the circus programme for novelty, great features, comedy and real refinement excels anything San Francisco has seen in many years."

THE RIVERSIDE TO RESUME. After a suspension lasting more than year, the Riverside breaker and nine will resume operations on Monday. All miners are expected to have their tools in the chambers and headings this evening and be ready for work on Monday.

The Riverside breaker was burned to he ground on the evening of May 11little more than a year ago. Since that date the mine has been idle. In he meantime a new and well-equipped breaker has been built and it is now, better than ever, prepared to send coal to market. For the present the plant will be under the direction of Dr. J. N. Rice, one of the owners .- Archbald Citizen.

Alderman Lentes had a busy day Sat irday at his court dispensing justice and smoothing out rough places. Mr. and Mrs. George Wetzel, of Ranom township, had Henry Wheeler, of

the same place, arraigned on the charge of larceny of a team of horses. The estimony of the prosecution was that Wheeler rented their farm several months ago and at that time they bought of him the horses in question a cow, calf and some hogs, for which they were to pay \$150. Wheeler was to pay a rental of \$10 a month. He remained as their tenant six months, and, when moving, got the use of the horses. and since has refused to return them hence the arrest.

The defendant stated that \$55 is ye due him on the sale. An amicable agreement was effected by Wetzel paying for the horses and Wheeler remitting the six months' rent due. John Kane, of Elm street, was arrested on a warrant issued at the instance of his daughter, Miss Nora Kane. She charged her father with being an inveterate drinker, and abusing his family shamefully. Her mother is an invalid, and the treatment Kane

ter's statement, was heartrending in the extreme. When arrested Kane was too drunk to be given a hearing. He was locked up and yesterday morning was sentenced to thirty days in the county jail. His daughter, however, asked the alderman to suspend sentence for one week, upon a promise from Kane that he would mend his From the estate of the Rt. Rev. ways. The alderman had him assign

It is said the change will lessen the cost of the preparation of the coal for the company. The breaker will handle the entire output of the Delaware and Hudson mines in the vicinity of Carbondale. It will only affect the employes at Racket Brook breaker, which place will be done away.

HELP IS PROMISED.

P. J. Maguire, the general secretarytreasurer of the United Brotherhood of Carpenters and Joiners of America, has written the following letter to the Building Trades Council:

At the meeting of the G. E. B. last Monday it was decided to support the movement of the Scranton union for the eight-hour day and an increase of wages according to the schedule sent us. Ald financially will be given to sup-

port the movement. The success in upper Lackawanna will materially help the movement in Scranton, and the wisdom exercised in placing your movement for June in stead of an earlier date will certainly redound to its success Yours fraternally,

Self chastening at one time meant that the body was to be disregarded, despised and even injured. Today it means that it is to be cared for and

protected, made "beautiful, entire and clean." To do this, the messenger that visits every part of the body must be able to furnish good material to the organs under

his care and supervision.

This messenger is blood, that wonderful life-giver. If you want to protect yourself and want your blood to be quick and active, cleanse it of impurities. Hood's Sarsaparilla does that to perfection, and it is unfailing. Nature seems to have set this remedy apart to make the blood pure.
