THE MARKETS.

Wall Street Review.

By Associated Press.

New York, May 23.Neglect of the Stock exchange by the outside public continued to be the marked feature of the trading, and as is usual a narrow market, prices drifted uneasily up and dewn following the erratic movements of special stocks. Dealings were evidently almost wholly confined to the professional element who seek profits on a day's turn in prices. The closing on the exchange was easy in tone though rather duil and showed not losses in all but a few cases. Total sales, 411.169 shares, There was a good demand for some of the reorganization 4 per cent, railroad bonds, the Union Pacific and Northern Pacifics 4s both touching record prices. Total sales, par value, \$3,744,600. United States government bonds unchanged. By Associated Press.

By Carrington & Cusack. By Carrington & Cusack.

New York, May 23.—The opening was quiet and irregular, Sugar being the only feature; the activity being followed by a sharp decline due to heavy sales around fel, with subsequent heavy purchases below 153. The railroads advanced fractionally on a little London buying and covering by the traders. The Traction stocks were featureless, except the firmness in Metropolitan which advanced on inside purchases as was also the case in rubber. The Grangers weakened on the early strength in wheat and renewed crop damage reports but subsequently recovdamage reports but subsequently recov-ered their early loss on renewed jump in Sugar, which was heavily bought by Bos-

cred their early loss on renewed jump in Sugar, which was heavily bought by Boston up to the high prices of the day. Plower brokers appeared as prominent buyers in Brooklyn Rapid Transit, and Federal Steel. London traded nominally, buying about 5,000 shares, the balance of the purchasing power coming from the shorts and traders who bought moderately, with the idea that the market should be higher following the duliness and depression.

Exchange was advanced ½ per cent. With renewed talk of gold exports. The latter are not probable at this time, however, and oven should they occur, will probably be checked at once by further offering of sterling bills. New York Air Brake was a prominent feature and advanced 12 points on a story that the company had received very profitable foreign orders and on buying by Flower and interests connected with the management. The market has been so duil that it has really reflected merely the changing humor of the street and has no special significance at the moment. The news from Albany was rather of a negative character, the legislation adjourning until Wednesday without accomplishing anything. The senate taxation committee meets this afterneon, to draft the franchise bill on the lines advocated by the governor. Indications now are, that the bill will pass both houses as approved by Friday, to be signed at once. We are told, however, that the Tammany assemblymen are, and senators are liable to act as obstructionists and it is by no means sure that the amended hill will have an easy time of it. The close was rather duil and weak.
