She hasn't any. Wilkes-Barre is a perfect base ball team. Ladies and gentlemen, we propose to give you a wonder.

In the way of batting practice the college players are well ahead of the league boys. The use of a net would come in handy on most of the league grounds.

Lajoie, the Phillies' second baseman, has not made an error in the last ninety-six games, and has made thirty-seven hits for a total of sixty-six bases so far this season.

The race for the pennant promises to be most exciting and has many barbs, but for the awful handicap given the game by the syndicate business, and the indifference shown by President Freeland, which threaten to kill the game in New York for the time being, a fairly profitable season might have been enjoyed by all hands.

HUNTINGTON AND AUNON WON

They Shot Marsh and Monies at Athletic Park.

The shooting match at Athletic park yesterday afternoon, between the Marsh-Monies and Huntington-Aunon teams, was won by the latter by a score of 22 to 16. The day was clear and offered every opportunity for a successful shoot.

Each man was allowed fifteen birds, making sixty birds for the match. Marsh played in hard luck; he missed only one clean bird, the rest falling out of Huntington's kilie the first seven birds up; four, however, were scratch shots. The teams shot at fifty yards bounds and twenty-one yards raise.

Marsh and Monies have posted \$200 for another match, which will take place Thursday next at the Brick Yard grounds, Hyde Park. About 300 spectators witnessed the shoot. The score:

Sprightly College Paper.

The Triangle, a weekly publication gotten out by the students of the New York University, was received yesterday. It is published in magazine form and shows editorial ability throughout.

It is devoted to college sports, science, and to the college faculty. The Triangle contains a most interesting story on "New York University in Bermuda," which is instructive, as well.

Military-Naval Foot Ball Game.

Washington, May 25.—The question of the resumption of foot ball matches between teams representing the military and naval academies, so far as the latter institution is concerned, has been referred by Secretary Long to Captain Cooper, of the Annapolis academy, for report. The secretary probably will be guided in his decision by the character of the superintendent's report.

Arrangements for Memorial Day Services Completed—Formation and Line of March of the Parade—Other Notes.

The Memorial Day committee and representatives of the various societies here met in the parlors of the John B. Smith Hose company and made the final arrangements for the Memorial Day parade. Leaving the Catholic cemetery the line of march is: Potter street to Blakely, to the Dunmore cemetery, where the Grand Army services will be in charge of Comrade J. B. Hobday, of Lieutenant Ezra S. Another tame night was experienced at the members' fair last night, when the Cumberlanders were scheduled to hold forth. They came in small numbers and unaccompanied, except by their own band.

Tonight the Crystals will try to change the order of things. Two citizens who are not firemen have promised to attend the fair, and it is expected they will be there tonight or tomorrow night. If they can be secured for tomorrow night the fact will be announced in the afternoon papers.

A life-sized bronze statue is being cast to the citizen-not-a-fireman who attended last week.

Tomorrow afternoon there will be a children's carnival at which some very pretty dances will be seen. Professor Siegel is to conduct it. The fair is scheduled to close tomorrow night.

A handsome piano loaned off last night was won by Henry E. Norrie, city clerk of New Haven, Conn., who was a visitor here during the second week of the fair. An antique oak center table was won by Thomas Curran.

HOSPITAL CASES. Miss Mary Neville, the young woman who was so seriously injured by a male friend early yesterday morning on Lackawanna avenue, and was admitted to the Lackawanna hospital shortly afterwards, was greatly improved last night. She refuses, however, to divulge the name of her assailant. If her condition warrants, she will be given a hearing before the mayor today.

Michael Malloy, who was admitted to the hospital about a week ago, suffering from an axful fracture of the skull, is improving wonderfully. His case is worthy of being placed in the "record" list, as even an operation seemed hopeless at the time.

Henry Swartz, of Green Ridge, who passed through the thrilling and very dangerous experience of being whirled around on a rapidly revolving fly-wheel at the Meadow Brook washery, Wednesday, was bright and cheery last night, but very sore from his bruises and the severe scalp wound.

Charles Morleone, of Dunmore, the miner who was crushed beneath a fall of rock in the "Mountain" mines of the Pennsylvania Coal company, Wednesday, was removed to the Lackawanna hospital yesterday. There it was ascertained that his back was broken and he was otherwise fearfully injured. He is in a precarious condition.

Martin Salek, of Edwardsville, who was admitted to the Moses Taylor hospital Wednesday night, suffering from a crushed left leg, received at the Woodward mines, underwent an amputation of the injured limb just below the knee yesterday morning. His condition last night was favorable.

Frank Norrisski, of Fig street, had his right wrist fractured while at work at the South Mills yesterday morning. He was admitted to the Moses Taylor hospital.
