CYCLING NOTES.

Secretary Bassett, of the League of American Wheelmen, reported 1,576 re-newals of membership in four days hist The limit of time on all the old meberships expires on the first of June, but over 70 per cent, of them have al-

The Pennsylvania Division of the League of American Wheelmen and the Associated Cycling clubs, of Philadel-phia, are working in conjunction to step the "scorching nulsance" in the city of Philadelphia. There is an ordinance ra-quiring cyclists to restrict their speed to seven miles an hour, but more than twice that is popular with many riders, and Associated Cycling clubs and the Leugue of American Wheelmen will have

The manager of the Trenon track, claimed by the outlaws, in-ligrantly denies the assertion, and says no one can secure it for a meet without signing a centract to run a League of American Wheelmen meet. Aside from Manhattan Beach, therefore, the "out-laws" have not a single track which has not been a financial fullure ever since it was built. It is verily an aggargation of paths which the public has learned to stay away from. This being the case, the first meets run on them will make the outlaw movement look like a very unhealthy growth. There will heavy frost in New York shortly.
