PICKED UP ON THE RAILROADS

D., L. & W. ABOUT TO ERECT A NEW BRIDGE.

It Will Cross the Susquehanna River at Pittston-Big Locomotive Is Being Finished in the Lehigh Valley Shops at Sayre-Connecting Link Between the Easton and Northern and the Lehigh Vailey Railroads. Are Preparing for a Heavy Travel on Valley Road.

The work of constructing a new iron and steel bridge by the Delaware, Lackawanna and Western company over the Susquehanna river at Pittston is soon to begin. It will take the place of the old structure on which the trains of the company now cross the river. The old structure was erect-ed when the Bloomsburg division was opened, nearly fifty years ago, and was partially rebuilt in 1875, when several spans were carried away by a great The bridge was originally of wood, but the spans swept away were rebuilt of iron.

The contract for the construction and erection of the new bridge has been awarded to the Phoenixville Bridge company, of Phoenixville, Pa. The work of construction is now under way at Phoenixville, and the operations here will be started about June 20. A representative of the bridge company was here this week, and staked out ground at the west end of the bridge to be used as a work yard by the several hundred men who will be employed for about three months in removing the old structure and erecting the new

LARGER LACKAWANNA RUNS.

Delaware, Lackawanna and Western officials are discussing the advisability of running all Scranton trains through to tidewater, when the heavy engines and other improvements, looking to faster time, are installed. The freights will be delivered at Hoboken and the coal at Secaucus, three miles this side of Hoboken, where the Lackawanna has its coal distributing yard.

This will mean three divisions for sec end-class trains. The first run will b from Buffalo to Elmira, a distance of 144 miles: the second from Elmira t Scranton, distance, 119 miles; and th third from Scranton to Hoboken, 144 miles.

Fewer, larger and faster trains will be the first consequence of the change. The betterment of the traffic service however, is counted upon confidently to greatly increase the business of the road, especially the through freight traffic to and from the west, and in a very short time the employes who will be laid off by reason of the lessening of the crews will be taken back at steadier and more remunerative em-

MAMMOTH CAR SHOPS.

An immense plant for the construc tion of steel freight cars will be added to Chicago industries. The establishment will have a larger capacity than any other car building plant on the continent. A corporation with a cap! tal of \$10,000,000 will be organized witain the present month and will start out with contracts already placed for the construction of 700 cars.

All of the plants now engaged in th building of steel cars in the United States are located at Pittsburg and their extreme capacity is contracted eighteen months ahead. The Chicago concern expects to be able to put its first cars on the market about July 1. The concern will use 500 to 600 tons of steel plates daily, and will employ between 1,500 and 1,800 men. Several western railroads will furnish enough capital to insure the success of the enterprise.-Chicago Times Herald.

BIG LOCOMOTIVE.

A mammoth new locomotive arrived at Sayre recently from the Baldwin works to be completed in the shops there and used on the Lehigh between that place and Buffalo. The engine numbered 802, is an eight-wheel compound cylinder of the Mother Hubbard pattern and weighs about 200,000 pounds.

A similar engine, simple cylinder pattern, has been also ordered. Both locomotives will be used in ascertaining which is the better adapted to the heavy traffic work which the Valley company requires.

CONNECTING LINK.

connecting link between the Easton and Northern and the Lebigh Valley railroads has been completed. It consists of a circuit around the western part of Easton and a bridge over the Lehigh river at that place.

Through trains are run between the Delaware river, near the Water Gap, to the Lehigh river, to the Easton Lehigh Valley station, and from Easton to Portland. The new line cost nearly \$1,000,000.

SOME RUMBLINGS.

Chief Detective McKinney, of the Delaware, Lackawanna and Western company, with headquarters at Hobo-

ken, has resigned, The report for the quarter ending March 31, filed by the Eric railroad with the New York State Railroad commission is as follows: Gross earn-

rise finest of that the best refineries of the land can make; and it's not only made pure, it's delivered pure. Ask your dealer about it.

ATLANTIC REFINING CO.

cently said: "Cod-liver Oil is truly a wonderful composition. It is seemingly Nature's remedy in almost every wasting disease,"

Scott's Emulsion contains the pure oil combined with hypophosphites, it rebuilds worn tissues, enriches the blood, invigorates the nerves, stops drains and wasting. Consumptives, Diabetics, pale or thin people, or nursing mothers, should remember this. Do not accept a substitute.

SCOTT & BOWNE, Chemists, New York.

ngs, \$6,684,351; operating expenses, \$5, 254,350; net earnings, \$1,450,005; other income, \$39,757; fixed charges, \$5,539,542; deficit \$746,462; deficit for corresponding quarter last year, \$596,560. Surplus, \$1,-

R. M. Hovey, an old resident of Sayre and accountant in Superintendent Es-ser's office, has resigned his position. He will go to Lockport, N. Y., to conduct a coal business, which his son, William, has conducted for two years, William expects to go to Ohio as general manager of a stone quarry. Thomas Moore, of Waverly, who has been employed in the Lehigh office at Buffalo, has been promoted to the position of chief accountant with his office at Sayre. He takes the place of Mr. Hovey, resigned.

New passing sidings are to be built at Rummerfield and Laceyville on the Lehigh Valley road this summer, and the road will be prepared to do the greatest business in its history the coming fall.-Towarda Daily Review.

The approval of the Eric Bonus Bill by Governor Stone will increase the finances of Susquehanna county about 87,800 per year,-Susquehanna Tran-

The Erie railroad was opened just forty-nine years ago Monday, May 15. Always fast, but very seldom faster. lo travelers on the Black Diamond ride eighty-nine consecutive miles over the Valley than did those who rode up on the Diamond No. 10 on Thursday of last week from Manchester to Sayre, The distance of eighty-nine miles was ade in eighty-eight minutes, which included one stop at Geneva of four minutes. Engineer Owen was at the throttle of No. 667 in making the run. John N. Hutchinson, who died on Monday in Philadelphia, of general desility, was the first secretary and reasurer of the Lehigh Valley, and it the time of his death was president of the Pittsburg. Youngstown and Ashtabula railroad and a director of the Pittsburg, Fort Wayne and Chiugo, the Northern Central, the Texas and Pacific and the Cumberland Valley ompanies. It was in 1852 that he interested the late Judge Asa Packer to build the forty-six miles of railroad connecting Easton and Mauch Chunk, and it was then the name of the comany was changed to the Lehigh Valley. Until 1860 he remained with the company as secretary and treasurer.

LACKAWANNA DEFEATED.

Couldn't Find Barnes and Were

Downed Hard. The Wyoming seminary defeated the School of Lackawanna Saturday after-noon by a score of 19 to 4. Walsh was in noon by a score of 19 to 4. Walsh was in the box for Lackawenin but proved to be an easy mark. The seminary team scored eight runs in one liming, after which Walsh was removed and replaced by Harrington, who gave a fine exhibition of twirling, and succeeded in halting the seminary. The game was too far gone, however, for Harrington to save it. The support was weak, which added much to the defeat. Barnes of the seminary, to the defeat. Barnes, of the semimary, was a hard proposition. Professor Will-lams was again behind the bat. The

AMATEUR BASE BALL NOTES.

The Olyphant high school team had no rouble in defeating the St. Thomas Coi lege Reserves at Olyphant on Saturday by a score of 14 to 11. The Olyphant boys are enthusiastic over their victory and are auxious to meet the Reserves again

Rain stopped the game between the Rain stopped the game between the Olyphant Brown and the Dunmore base ball club at Sport Hill grounds yesterday in the third inning. Ruane occupied the box for the home team and was touched up in a lively manner. Cleary, of the Browns, distinguished himself in the third inning by knocking out a home run with three men on bases. The score was 3 to 1 in favor of the Browns.

The Twirlers challenge the Luckawanna, Jrs., for Saturday, June 3, 1899. We will meet you at the corner of Franklin avenue and Spruce street at 2 o'clock T. Kane, captain; D. Edwards,

The Hobson base ball team of the North End is organized and challenge any club in the county whose members are under 20 years of sage to a game of ball for gold or glory. The members are: Gwilym Evans, c.; Luke White, p.; Alfred Wil-itms, ss.; Peter McChristie, ib.; John An-derson, 2b.; Griff Williams, 2b.; Robert Watkins, if.; Arthur White, cf.; William Aiken, captain, rf.

The Crackerjacks of No. 25 school will cross bats with the Young Americans tomorrow afternoon at 2.30 o'clock on the Electric Park grounds.

The Lackawanna lawyers were victorious in the game with their brethren of the Luxerne bar, which occurred in Wilkes-Barre Saturday.

An eminent scientist re- GRAND JURY SCORES THE CONSTABLES

DOES NOT LIKE THEIR METHOD OF PROSECUTING

All the Cases Against the Alleged "Speakeasy" Proprietors of the Third Ward of Archbald Ignored. Another and Later Will of James Nolan Has Been Discovered—Capiases Against the Councilmen Recalled by Judge Archbald-Testimony in Divorce Cases Heard.

The grand jury completed its work Saturday, made its final report to court and was discharged Its recommendations were as fellows:

To the Honorable the Judges of the Court of Quarter Sessions of the Peace of the County of Lackawanna.

We, the grand jury, extend a vote of thanks to District Attorney Jones for his gentlemanly and courteous treatment during the session of the grand jury.

We recommend that aldermen and justices of the peace be more careful in sending in transcripts, and we believe it unwise to burden the county with trivial cases.

cases.

We condemn the practice of certain constables of the county in prosecuting certain parties for selling liquor without license and then subpoening only such witnesses as know nothing about the case, thus making them worthy of the consure of the court.

We have inspected the jail and find it is an excellent sanitary condition. The prisoners are looking well and are in no ways crowded. The food is of good quality and is given in sufficient quantity.

We suggest removing boys from the woman's ward and placing them in a ward for boys only.

Respectfully submitteed,

William Edgar, Foreman.
