officials of the department and who are considering the postmaster's sugges-tions. The first mail, which contains the New York letters, does not reach the office until 9.30 a. m. and is rarely ready for distribution before a quarter of an hour later, and it often happens that people have engagements out of town, necessitating their leaving before the arrival of the mail, which frequently contains important matter that ought to receive their attention. As the mail is carried right through Jer-myn at 6.48 in the morning and taken to Carbondale and then brought down again on the 9 o'clock train, the local postmaster has suggested to the department that a pouch be made up at Scranton for Jermyn and thrown off as the train goes north. The mail would then reach the office at 7 o'clock and be distributed two hours and a half earlier than at present. It is sincerely hoped that the request will be granted, as it would be a great convenience to a large number of our people, and would entail but little extra work in the ar-

Jr. O. U. A. M. to Honor Soldier Members-Reds Victorious-Other Interesting Matters.

The members of the Lackawanna Valley council, No. 81, Junior Order United American Mechanics, will tender their soldier members, Messra Thomas Ayers, Louis Reed and John Reinhardt, who recently returned from Porto Rico, a reception at their rooms this evening. An excellent programme, consisting of solos, duets, recitations, etc., will be rendered. Speeches will be delivered by Messra. Edward Decker and John Van Bergen; an organ vol-untary will be rendered by Prof. David E. Jones. Following the rendition of the programme, refreshments will be

served. The Taylor Reds journeyed to Factoryville on Tuesday (Decoration day) and succeeded in administering a crushing defeat to the strong Keystone academy team of that place. About 500 people witnessed the game. Morris handled the sphere for the Reds and had the college boys comparatively at his mercy. At no stage of the game were the academy boys dangerous. The features of the game were the hitting of G. Morris and the shortstop work of Gendall, both of the Reds. The score: Reds. 21: Academy, 4,

DOING GOOD EVERYWHERE.

A Medical Discovery That Effectually Cures Piles in Every Form.

For many years physicians have experimented in vain, seeking a remedy which would effectually cure piles and other rectal troubles, without resorting to a surgical operation. Many remedies were found to give temporary relief, but none could be depended upon to make a lasting, satisfactory cure. Within a recent period, however, a new remedy, the Pyramid Pile Cure,

has been repeatedly tested in hundreds of cases and with highly satisfactory results.

The first effect of the Pyramid Pile Cure is to instantly remove the pain and irritation generally present and from that time on the cure rapidly progresses and before the patient is hardly aware of it he is entirely cured. The remedy seems to act directly on the nerves and blood vessels of the parts affected as it comes into direct contact with them and sets up a healthy action, which in a perfectly natural way brings the parts to their nor-

mal condition. The remedy does its work without any pain or inconvenience to the sufferer and is justly considered one of the most meritorious discoveries of modern medicine.

Piles is one of the most annoying and often times dangerous diseases with which humanity is afflicted. If neg-lected it frequently develops into Fistula or some equally fatal or incurable trouble, whereas by the timely use of this simple but effective remedy no one need suffer a single day from any form of piles unless they want to.

The Pyramid Pile Cure is perfectly harmless, containing no mineral poisons and is also very reasonable in price, costing but one dollar a package. It is sold in drug stores everywhere, The manufacturers of the remedy are the Pyramid Drug Co., of Marshall, Mich., who have placed this excellent preparation before the public only after giving it thorough and repeated tests in the hands of reputable physicians. The results in hundreds of cases have convinced us that it will not discommunication with the Washington appoint you.

I was seriously afflicted with a cough for several years, and last fall hal a more severe cough than ever pefore. I have used many remedies without receiving much relief, and being recmmended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor widow, gave it to me, I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me, I have not had as good health for twenty years. I give this certificate without solicitation, simply in appreciation of the gratitude felt for the cure effected. -Respectfully, Mrs. Mary A. Beard, Claremore, Ark.
