THERE IS A BEST TO EVERYTHING-No matter what. Ninety-nine times out of a hundred it pays to buy the best. Especially is this true now-a-days of Muslin Underwear. There is so much that is inferior. So much that borders on bad. Often covered with inflated prices to present worth and value. More often sold under the cloak of cheapness.

Could we take each dainty garment by itself and tell you the story of how it was made; what care was taken; what finish is apparent-you would have a goodsized book to read.

## Thousands of Garments-Very Lowly Priced.

If we judge correctly of the quantity in our store-rooms, there is enough to fill the main floor of this big store. At any rate we shall give over the greater part of the Main Floor space to this dazzling and charming display of white. It will be a sight the like of which Scranton has never seen.

## Of Course You Won't Buy Till You See This Stock

You could not be expected to. You have come to know our Muslin Underwear as the best. You have noticed an originality in the designs, an exclusiveness in the patterns and a detail in the finish not apparent in garments of other manufacturers than ours. We prefer all this rather than give you the same as others-even for less money. But, on the other hand,
