RICHMOND TAKES ANOTHER

Keenan Pitched a Good Game and Was Well Supported - O'Neill Did Some Excellent Back-

Richmond took another game from Scranton yesterday, by a score of 4 to and Schaub bringing victory to their 3. It was a well-played contest. Keenan and Bishop were in the box and were very effective. O'Connell, on second, seemed a little uncertain at times, while Lippert was not fast in right field. After about five minutes play, time was called on account of rain, but play was resumed again after twenty minutes of wait. There were no changes in the batting order, except O'Neill, who was again in the game, after a lay-off of a few days on account of a sore hand. Scranton scored her first run in the

fourth inning. Lippert reached first on an error by Wrigiey, made second. reached third on O'Connell's liner to Dolan, and scored on the play to catch O'Connell between first and second. O'Connell,after considerable mixing up, was put out by Dolan. McMahon singled, and O'Neill flew out to Shan-

At this point, McMahon was declared out because of O'Neill's interference at first. In the fifth and sixth innings, Scranton got to second, but there died, In the seventh, Keenan singled, was forced to second by Doherty, who walked, and scored on Knoll's liner to New York right field.

In the eighth, Lippert walked, got to third on O'Connell's liner, and scored on another mixup, in trying to put O'Connell out between first and second. Scranton's brace from yesterday was much better. Richmond did not score until the third, when Scranton became a little routed and Bishop scored on Keenan's wild pitch. They were disposed of in quick order in the fourth and fifth, and made one run each in the sixth, seventh and eighth innings, making their total score 4 to 3. There were about 300 spectators present. THE MARKETS.

Wall Street Review.

New York, June 6.—Business was on far too small a scale on the Stock exchange today to warrant any very well defined conclusion as to the general temper of speculation or a just reflection of business and financial conditions. But there was a very notable hardening of values in railroad securities which was followed up as the day progressed by a rise in prices which embraced pretty much every railroad stock dealt in. Total sales, 292,600 shares. The bond market was dull and generally firm though there were a few yielding spots. Total sales, par value, \$2,219,00. United States old 48 registered and the 5s advanced \(\frac{1}{2} \)c. in the bid price.

By Carrington & Cusack.

New York, June 6.—The market opened very dull with weakness in Sugar and strong in the Steel stocks with almost a repetition of yesterday's and which has continued pretty well throughout the day with alternate fluctuations up and down. There seems to be a contest going on between the bulls and the bears, with success favoring each side at different times throughout the days. Sugar hos been used as a foot ball in speculation and has fluctuated plenty the balance of the list being practically neglected except in the Steel stocks which show stubborn resistance to all attacks. Pennsylvania was particularly strong inside buying by Philadelphia houses, the death of the president of the company having absolutely no effect on the market condition of its securities.

The bears are very aggressive and at the same time, there has been created a strong bullish interest which is included to fight against the attack by the traders. The strength is undoubtedly at the moment on the bull side of the house, as stocks have been to a certain extent oversold and liguidation has thrown a By Carrington & Cusack.

ers. The strength is undoubtedly at the moment on the bull side of the house, as stocks have been to a certain extent oversold and liquidation has thrown a gerat number of securities into quite strong hands, and in consequence, it will take more than market raids to dislodge them. The longer the bear attacks are kept up the longer and more unwieldly will become the short interests, and unless the advocates of lower prices revive outside assistance, we shall have a sharp uptura very shortly. At the moment, we strongly advise taking of profits on 2 or 3 point bulges as there is just enough uncertainty in the situation to warrant a great deal of caution in purchases. Market closed dull, inclined to sell higher.
