## CARBONDALE.

TWICE AFIRE IN ONE DAY.

The Double Frame House of Michael Kilgallon Destroyed.

A double frame house belonging to Michael Kilgallon, situated in the rear of Farview street, caught fire about 4.30 o'clock yesterday morning and be-fore the firemen reached the scene it had about half burned down. One side of the house was occupied by Michael Hogan and family, while the other was The fire originated in the vacant side of the house and is be lieved to be of incendiary origin, or due to spontaneous combustion. The latter belief is strengthened by the fact that a large quantity of straw was stored in that side.

The Mitchel company responded to made an assistant to the secretary of the first alarm, but their hose was several feet "shy." The Columbias were themselves out to show the people that called out by a second general alarm and arrived in time to save a part of the building.

The same building caught fire again shortly after 11 o'clock and burned nearly to the ground, both companies responding again and extinguishing the flames in short order. It is understood that the loss is fully covered by insur-

The Mitchel company damaged their hose cart so that it had to be sent to the blacksmith shop before the hose could be replaced on the reel.

#### OVERCOME BY HEAT.

E. P. Aunger, a carpenter in the employ of Contractor T. C. Robinson, was overcome by the heat yesterday and had to be carried to his home on Wyoming street. For a time his condition was serious. He was somewhat improved last evening and will probably be able to resume work in a few days.

#### FOR A SIDE PATH.

The Jermyn wheelmen desire, through the medium of The Tribune, to call the attention of the Carbondale wheelmen to the fact that on June 15 they will conduct a social at Enterprise hall for the benefit of the side path project, and all the devotees of the "bike" of this city and the whole valley are invited to attend. The parade will commence

### MARRIED BY ALDERMAN JONES

The unusual ceremony of a marriage at an alderman's office occurred in this city yesterday afternoon. S. S. Jones, tied the knot which made Miss Bertha A. Seely and Samuel Wadge, of Honesdale, husband and wife. The solemn words were pronounced at 5 o'clock. The bride, who is an exceptionally pretty young lady, was appropriately attired.

### PECKVILLE.

Council met in regular session Monday evening, with Councilmen Reese, Parry, Williams, Parry, Holford and Hartman present. Mention was made of the sarcastic letter received from Mr. C. C. White recently in regard to having the tracks of the Scranton Traction company placed in the center of the street fronting his property. The matter was placed in Borough Attorney Watkins' hands for consideration. The electric light committee was instructed, if possible, to secure cheaper fuel for the electric light plant con-sumption. Tax Collector Williams was present and made his report, which was approved. It showed a balance of Vandling, assisted by W. G. M. J. C. 1185.36 due the borough. The property Waters, of Forest City, installed the owners of Columbus street presented a

petition asking for street lights. The electric light committee was empow ered to investigate the advisability of granting the request. Councilman Hartman reported the Peckville end of Decker's bridge sadly in need of a coat of paint. Borough Attorney Watkins' communication in regard to the bicycle ordinance was read. It states that an officer making the arrest shall, upon coming before the burgess, make complaint on oath. The burgess will then hear the case, and if a fine is imposed and the defendant refuses to pay, the burgess can commit him to the lockup for thirty days. Attorney Watkins also states that the borough can tax all poles used by the Crescent Electric Light company and collect the same as though owned by said company. petition from residents on Sixth and Seventh streets, Blakely, accompanied by a deed of said streets, was pre-After a short debate the streets were accepted.

The report that has been given out

that the Ontario and Western management disapointed the Masonic fraternity on Saturday evening in not running a train to Hancock as pre-arranged, has caused no little comment. The Ontario and Western management is not responsible for the trains not running, nor the eleventh hour notice given out by the Masonic fraternity. The train was chartered for \$150 and a general canvass made up and down the valley. On account of its being Sunday night, with a circus at Carbondale and many working on first of month business, it was found that forty men were all that could be mustered. This would bring the transportation up too high for those desiring to go, and the committee advised the Ontario and Western management that the special train would be abandoned.
