Manila, June 7 .--- 4.40 p. m .-- Professor Schurman, president of the United States Philippine comraission, sails from here Friday on board the United States gunboat Bennington, for a three weeks' trip among the southern islands. The gunboat Petrel has also been placed at the professor's disposal, and he will visit Iloilo, Cebu, Negros and Sulu. He expects to investigate the local governments and have talks with the leading atives. He will sail for home in July. The other members of the commission will remain here for some months longer.

General Hall's brigade left Morong yesterday, marching along the lake to Taytay. The troops encountered practically no opposition on entering several small towns, though a few insursharpshooters hung about the flanks of the brigade.

Morong, which is an important port will be garrisoned temporarily by the North Dakota regiment and the Fourth cavalry.

# CAPTURED A REBEL FLAG.

#### Daring Act of a Tennessee Volunteer.

San Francisco, June 7 .- Freedom, the American paper published in Manila, under date of May 3, gives the following account of the capture of a Filipino flag by Sergeant Clement C. Jones, of the Tennessee regiment: "One of the pluckiest deeds in this compaign was that of Sergeant Clement C. Jones, of the Third battalion, Tennessee regiment. The sight of a Filipino standard within \$00 yards of the Tennessee outpost, near Jaro, grated upon the sergeant's sense of propriety, and he determined to capture it. So he supped between the outposts and crossed the river into the enemy's country.

Incredible as it appears, he crossed unharmed a large tract of open rice

FRANK THOMSON WILL BE SELECTED BY THE PENNA. R. R. DIRECTORS.

No Departure in the Time Honored Custom of the Road-Mr. Green

Will Accept - Funeral Arrangements - Resolutions Adopted by the Board of Directors. Philadelphia, June 7.--It was learned

today from what is believed to be a trustworthy source that when the directors of the Pennsylvania railroad fill the position made vacant by the death of President Thomson, they will make no departure from the time-honored custom of advancing the next in rank of the executive officers of the company. The logical sequence of this following established precedent will be the election of First Vice-President John Green to the presidency, and from

the same source of information it learned that Mr. Green will accept the place. Mr. Green's elevation will cause a moving up of the other vice-presidents and Second Vice-President Charles E. Pugh will be made first vice-

president and Third Vice-President S M. Prevost will be made second vicepresident. This will leave a vacancy

n the third vice-presidency and to fill this position it is said the line of sucession will be broken and Samuel Rea. first assistant to the president, will be elected to the place, Heretofore the general manager was always elevated

to the third vice-presidency. No official action has yet been taken by the board of directors and it is not impossible that the board will take an-

other until it meets in regular session next Wednesday, although a special meeting may be called to fill the yacancy on either Friday or Saturday of First Vice-President Green is well

fitted for the presidency, he having been closely associated with the three last presidents of the company, For fifteen years he has attended to matters for the president in regard to the finances and accounts of the company His time, however, has not entirely been given up to the finances and accounts, he having paid considerable attention to the management of the road.

dependence of the Transvaal-No Likelihood of Another Conference Being Held-British Government Says the Result of the One is Eminently Unsatisfactory. London, June 7 .- The Exchange Telegraph company today publishes an interview with the parliamentary secretary of the colonial office, the Earl of Selborne, in which he is quoted as declaring that the conference at Bloem-fontein, Orange Free State, between President Kruger of the Transvaal re-

public, and the British high commissioner and governor of Cape Colony, Sir Alfred Milner, proved eminently unsatisfactory and that there is no probability of its resumption. The report of the breakdown of the

Bloemfontein negotiations has created considerable anxiety in political and official circles and there is much speculation as to the next move of the British government. While Great Britain probably does not mean war it is genrally believed that there are to be military preparations.

Brussels, June 7 .- Dr. Leyds, the Eupean representative of the Transvaal. has received an official dispatch from Pretoria confirming the report of the failure of President Kruger and the British high commissioner, Sir Alfred Milner, to reach an agreement at the conference just concluded at Bloemfontein. It is added tha although President Kruger offered important concessions, he made them contingent on the British acceptance of the principle of arbitration on the differences existing etween Great Britain and the Transvaal. That Great Britain heretofore has invariably refused on the ground that it would be an acknowledment of the equality of the two countries.

According to the dispatch received by Dr. Loyds, President Kruger proposed that a sojourn of two years be necessary for naturalization, and that the full franchise be acquired five years

fields, in full view of the natives. When he arrived within grasping distance of the flag, he made a grab for it, simply stupefying for the time the Fillpinos, who were scared by his sudden ap partion. He uprooted the flag and staff and with them on his shoulder he start- Formulated by the Amalgamated ed to return to the outpost, his back all the time a target for acores of Mauser bullets, which the natives sent after him as parting salutes.

"Unscathed, he waded the river and only knocked out by the glaring sun, he arrived with his trophy, which now adorns the First Tennessee barracks."

#### THE FIRST DAKOTA.

### Col. Frost's Report of Its Fighting in the Philippines.

Washington, June 7 .- The report of Colonel A. S. Frost, First South Dakota, giving the details of the opera-Feb 2 and 3, was made public at the war department today. This regiment repulsed an early morning attack by the Filipinos. There were several movements during the early day and sometimes the enemy occupied the ground which had been once covered by companies of the South Dakota regiment. Afterward guns of the Utah battery were brought into action and did effective work in driving the insurgents out of the woods and from the cover they had sought when repulsed by the infantry. Colonel Frost speaks in high terms of Major Charles A. Howe, Captains A. L. Fuller and A. B. Sessions and Adjutant Jonas H. Lien, who commanded different detachments of the regiment.

General Anderson made a report on Feb. 21 concerning the fires that occurred in Maulla the night before. He concurred in the report of the inspector general that they were of incendiary origin. In twenty vacant houses candles were left burning so that they would set fire to the buildings when they burned down. Two Filipinos were taken in women's clothes, who evidently were incendiaries. The natives in the vicinity of fires all had their effects packed ready to remove. General Anderson commends Captain Otis for preserving order under difficult circumstances.

#### GREYSTONE SOLD.

#### The Country Seat of the Late Samuel J. Tilden.

New York, June 7 .- Greystone, the country seat of the late Samuel J. Tilden, at Yonkers, was sold today at partition sale in accordance with an order of the supreme court.

The property was sold in two parcels, Samuel Untermoyer being the purchaser of both. The first, which includes 56 acres, the magnificent greystone mansion, stone stable and carriage house, vast hothouses and conservatories, frame dwelling and stable, parked lawns, drives, etc., with water rights along the Hudson river, brought \$121,000.

The second parcel, 55% acres, suitable for villa and residential sites, brought \$50,000.
