### RICHMOND SHUT OUT

Risley Pitched a Magnificent Game and was Given Good Snappy Support by Players of the Home Team.

Scranton defeated Richmond with ease vesterday by a score of 6-0. There was never a moment in the game when the visitors were dangerous. Risley pitched a magnificent game, allowing but four hits and but one Richmond man reached second base. He also fielded his position in superb form. Mc-Mahon played an excellent game at short and made a fine running catch in the first inning. Eagan and Lippert also distinguished themselves in the field, the former by two pretty catches and in throwing out men at second and third and the latter by a one-handed

running catch near the foul line. For the visitors Seybold caught a hard line hit in the second inning, and Wrigley and Dolan made clever stops at short and second. Donovan pitched a good game, allowing but six hits, but his bases on balls were responsible for four of Scranton's six runs.

Scranton's runs were made in the third and sixth innings on two bases on balls, Knoll's double and singles by Dillon and O'Connell in the third, and passes to Lippert and O'Neill and Risley's double, in the sixth. Stolen bases

also figured in the run-getting. Hargrove reached second base in the

On account of the meeting of the For specific rates and condition ap-

By Carrington & Cusack. New York, June 7.-The opening was full, and with but little feature, but hortly thereafter American Steel and dull, and with but little feature, but shortly thereafter American Steel and Wire sold down over 2 points on reports that action on dividend would not be taken as soon as had been expected, as well for the reason that the directors are not entirely in accord as regards to the dividend policy. Anaconda sold off en unfavorable news on cepper. Sugar was firm all day and as soon as it was announced that regular 2 per cent. dividend was declared made further advance. It is likely that Sugar will sell lower unless balance of market makes material advance. Atchison preferred declared 1½ per cent. dividend, an increase of ½ per cent. dividend, and caused advance in price. For a week or more there has been excellent buying of Rubber common. Those who are not on the inside can scarcely appreciate how weil the Rubber company is doing, and has been doing for the past year before it has anything of a material reaction. Those who are seemly best informed on the Iron and Steel issues say that National Steel will shortly commence the payments of dividends on a comparatively higher basis. Friends of that National Steel will shortly commence the payments of dividends on a comparatively higher basis. Friends of American Steel and Wire know that they are doing an excellent business and the directors even though they declare 8 per cent, on common for the year can carry an amount equal to more than such distributions of profits to the treasure account. Federal Steel is as equally well off, and Tennessee Coal and Iron is broked for a further advance.

The Grangers are largely over sold and will probably have considerable advances in consequence. We particularly recommend purchase of Burlington around 130 for a good advance. The market clossed strong and active at about best prices for the day.

New York, June 7.—A midsummer lassitude hung over the stock market through the greater part of the day and the trading drifted animessly in the doldrums. Wall street will take advantage of a hot day to curtail its labors when there is that doubt about the outlook which composes what is called a waiting market.
