The present programme of the leaders is to old two sessions on Wednesday and terpret this to suit himself. Tonight | Thursday to avoid a session on Wednesday night. The feature of the gathering will be the contest for supreme ourt judge. A nomination is equivalent to an election this year and there is conceded that William R. Creasy, of is no less than a score of avowed candidates in the field. The managers of each insists that the name of his favor He be placed before the convention with a speech This alone will consume the candidacy of Judge Kennedy, of four or five hours, even if the speeches Allegheny, and George A. Allen, of Erie, are limited to five minutes. There is no contest for state treasurer and Representative William T. Creasy, of Columbla, will probably be nominated by acclamation. ### RAILROAD RIOTS IN CLEVELAND

#### BATTLE BETWEEN POLICE AND STREET CAR STRIKERS.

Judge Lynch of Wilkes-Barre, with Efforts of the Consolidated Railway Company to Operate Its Lines. Non-Union Men Imported and Put to Work, Guarded by Deputy Sheriffs-Women Stone Them as They Leave the Yards-Board of Arbitration in Session.

> Cleveland, June 12.-The officials of he Consolidated Railroad company left the hotel in which they had been holding a conference over the strike situation at 1 o'clock Sunday morning. They had agreed on their part to submit the controversy to a board and turned their attention to the representations of the strikers.

It was understood that no cars would be sent out this morning, but at 9 o'clock three were started from the Lake View barns.

The first car was guarded by deputies and manned by imported men. It was greeted with jeers and some missiles were thrown at it. The next two ears dashed from the barns across the railroad crossing without a stop. The city ordinance makes it compulsory for the conductor of the street car to leave the car at the railroad crossing, and there signal the motorman to proceed. Two of the strikers were delegated to secure warrants for 11: the crews of the cars and later both of the new motormen were arrested.

Th first car to leave Lake View arrived at the square at 9 o'clock. A 'ew hundred persons were there walting for it. The car was allowed to depart, however, without any great demonstration beyond the hoots and jeers of the crowd. The report that a car had passed spread like wildfire, and when the second car, which arrived at 9.10 o'clock, came along, it was stopped In a few seconds several thousand persons gathered around it. A delegation of the strikers boarded it and induced the meterman to leave. latter as he stepped down was given an ovation

The crowd would be beaten back for the time being, but before the car had proceeded fifteen feet its progress would be again impeded by the surging crowd

A number of rioters were arrested and many in the mob were injured slightly in conflicts with the police, who used their clubs freely. Women took a prominent part in the rioting at the Nickel Plate crossing, hurling volleys of stones at the cars. At nooh cars were running at bregular intervals. The arbitration commissioners met at 10 o'clock. A committee from the strikers was present and waited an hour in vain for the company's representatives to appear. The company has not announced that it will reject arbitration. but it is given out unofficially that it will not be represented before the commission.

It Carries Ruin and Death in Its Pathway - The Funnel Shaped Cloud Strikes a Big Hotel-Terrible Sheets of Rain Follow the Tornado-Many Persons Killed.

Minneapolis, June 12.-A special to the Tribune from Stillwater, Minn.,

Shys: "This was a terrible night for New Richmond, Wis., the village being almost wiped out of existence by one of the most severe cyclones that ever visited that locality. It carried ruin and death in its path and at this hour It is impossible to give an even partial list of those who are seriously injured. It is thought many are dead.

Interpellation.

Paris, June 12 .- The Dupuy cabinet has resigned, owing to an adverse vote

in the chamber of deputies, President Loubet has accepted the reresignation of the cabinet members, but has requested them to retain their offices until their successors are named. It is presumed that M. Loubet will summon the presidents of the cham-

Vaillant, Socialist, representing one of the divisions of the Seine, interpellated the government on yesterday's "police outrages" at the Pavillon d'Armenonville, and demanded to know the instructions which the government gave in regard to the Socialist, who, he said, defended the republic against the

Reactionaries' applaus The premier, M. Dupuy, replying, said he realized yesterday was a fete day for all Republicans. He added there had been few incidents, and that the only instructions to the police were to maintain order. The government, he continued, had ordered an inquiry into the responsibility for the affairs at the Pavillon d'Armenonville and the Rue Montmartre. At the same time, the premier pointed out, the government acknowledged the services of the police, adding that the maintenance of the government was impossible with-

After M. Dupuy's statement, M. Cloris Hugues, Socialist, and others complained of the police treatment yesterday. Finally the closure was declared, and half a dozen orders of the day were moved. The premier supported the order of the day of M. Saumande, Republican, approving the decharation of the government, for which priority was demanded and refused by a vote of 253 to 246. Amidst increasing xeitement other motions more or less favorable to the government were defeated, and the chamber then adopted by a vote of 366 to 177, priority for
