CALM CONTINUES IN STRIKE CIRCLES

THERE HAS BEEN NO CHANGE IN THE SITUATION.

Each Side Takes an Inning at Denying Rumors of Gains Made by the Other-Business Agent Knowlton Says Not a Single Carpenter Has Broken Away from the Union. Every Member of the Builders' Exchange as Firm as Ever, It Is Claimed.

There has been quite a calm in the strike situation for the past two or three days and the strikers, who pro- ion superintendents. fess to be experienced mariners, say that it presages a storm.

The other side, however, still appears to be holding its own. The secretary of the Builders' exchange stated to a Tribune man yesterday afternoon that in his opinion the strikers would soon come to terms. He further said that every member of the exchange stood just as firm as upon the first day, if not a little more so.

A rumor was in circulation vesterday to the effect that nearly one hundred carpenters had gone back to work yesterday at the old scale for members of the Builders' exchange. This assertion was denied in the most emphatic terms by Business Agent John A. Price, of the Building Trades council, and Business Agent John Knowlton of the Carpenters' unlons.

These gentlemen stated that their oll-books accounted for every striker and that not even one man, let alone one hundred, had returned to work.

They also denied the accusation that some of the contractors who were said to have granted the demands of the carpenters had only partly accoded. Mr. Price made the characteristic remark. 'All the demands must be granted or there positively win be no settlement. No half-way proposition will be considered for a moment."

There is likely to be some difficulty in proceeding with the erection of the new bolt and nut works, where nonunion stonemasons are at present laying the foundation. The bricklayers say that they will not lay a single brick if these men are kept at work.

The difficulties which the stonecutters had with Frank Carlucci have been satisfactorily settled and the men are working there as usual with the exception of those employed cutting stone for the bank building. These latter were ordered out by the Building Trades council and are still out.

There is no change in the situation as regards the plasterers-tinsmiths' strike, and the final result is not yet in sight. Several plasterers left the city yesterday for New York, where

they have obtained work, The Building Trades' council held a well attended meeting last evening in Carpenters' hall, Wyoming avenue, Routine business was transacted, but the sentiments expressed were heartily in accord with the stand the council has taken in sympathy with the strik-

HALLSTEAD'S RESIGNATION.

Reliably Stated That It Has Been Tendered and Accepted.

Upon very reliable authority it was reported last evening that the resignation of W. F. Hallstead from the position of general manager of the Delaware, Lackawanna and Western Rallroad company had been presented to President Truesdale and accepted. Mr. Hallstead was not at home and his verification of the report consequently could not be secured.

The story, however, comes from such a trustworthy source that it can readily be given credibility.

PLENTY OF BIDS FOR NEW SCHOOLS

NINE CONTRACTORS SUBMIT PROPOSALS TO SCHOOL BOARD.

Contractors Listen to an Appeal for an Increased Appropriation for the Free Kindergartens, Ably Presented by Hon. Alfred Hand, J. Benj. Dimmick and Miss Underwood, and Show Themselves Favorably Disposed-Bids United for Several New Improvements and Supplying of Coal.

Nine different builders submitted bids to the board of control last night for the contract for the construction of templates resigning as soon as he can the two new school buildings, No. 9, of eight rooms, in the Seventh ward, and No. 38, of twelve rooms, in the Tenth ward. None of the bidders, as far as could be learned, represented the striking carpenters. Not all of the bidders, however, are members of the Builders' Exchange.

The proposals were for two styles of building in each case. One set of plans contemplates a plain brick building, with pine trimming and flooring. Th other calls for buff pressed brick, red oak finishing and white maple flooring. Copper valleys, flashings, etc., instead of galvanized fron is bld upon as an extra on No. 28; but it is not included in the following figures. The bids for

FOR THE KINDERGARTEN. Hon, Alfred Hand, J. Benj. Dimmick and Miss Underwood addressed the board in the interest of the free kindergartens, and presented a request for an increase in the appropriation of \$2,000. Last year \$1,000 was allowed. The board was favorably disposed, but thought it wise to defer action till Monday night, when it is expected there will be a larger attendance of mem-

No 2 school building was finally accepted. The secretary was instructed to advertise for bids for sidewalks and Constable M. B. Sherman, of Dalton, took the prisoner before the county system at No. 21; two additional rooms at No. 34, and for furnishing coal for next year.

The board decided to pay all janitors for the full year, in consideration of their being responsible for the buildings during vacation. An appropriation of \$50 was made as the board's contribution to the fund to pay the \$3,000 bonus on the South Side sewer

ontract. Chairman Evans, of the finance committee, reported that the general school account was about depleted, and suggested borrowing enough from the building fund to run the district until the close of the school year. Captain May pointed out that this was illegal as the building fund, under the law, is sacred to building purposes, and can not be diverted to other uses. In 1897 and 1898 the \$31,000 was transferred from the general fund to the building fund, but this did not alter the case in Captain May's opinion. The matter was referred to Solicitor Reedy, and the finance committee was authorized to borrow enough money to meet pressing accounts in the interim.

Warrants were ordered drawn in favor of the Fairview Land company for \$238.19, and Hon. Alfred Hand for \$3.59, for overpaid taxes.

Miss Lucy Cook's application for a Normal school diploma was approved. WITH THE BAPTIST CLERGY.

Resolutions Anent the Retirement of

Rev. T. E. Jepson being about to sever his connection with the conference, the following resolutions were unan-

imously adopted; Whereas, One of our most efficient and consecrated members, Rev. T. E. Jepson, after a pastorate of about eleven years of the Berean Baptist church of Carbondaie, has resigned to enter upon a well-earned period of rest; and, inasmuch as this brother was not only a successful paster of exceptional ability and zeal, but also a devoted worker in our confernce and association, and labored faith-ully for the weifare of each. hristlan character, devotion and sweet Resolved, also, that we wish him God speed, and trust that wherever the great Head of the church may call him to labor, his ministration may be as emi-nently successful as when he labored among us.

Mr. Jepson very feelingly thanked the conference for its appreciation of him and for the benefit which he has derived from association with his brethren. He will not immediately enter upon another pastorate, but will rest a while in Utica, N. Y.
