JUNE WEDDINGS.

Elm Park church has been the scene of few weddings since its erection, but one of the prettiest of these was solemnized last evening, when Miss Edith Pierson, daughter of Ambrose Pierson, was married to Mr. Philip Carter Poinier, of Newark, N. J.

The wedding music was rendered by Frank Seely, organist of the First Reformed church, Newark. The bride entered with her father, preceded by the maid of honor, Miss Elizabeth Smith, of Mont Clair, N. J., and the ushers, Dudley Roberts, Frederic Agens and Edward Derin, of Newark.

They were met at the altar by the groom and his best man, a brother, Paul Poinier, of Newark. The pretty ceremony was performed by Rev. Dr. C. M. Giffin, pastor of Elm Park church. The bride, who is one of the fairest and most charming girls in Scranton, wore white mousseline de soie over a white tulle, the bodice, elaborately designed of puffs and lace, with a duchess lace fichu.

At the conclusion of the ceremony the relatives and closest friends were entertained at a pleasant reception at the home of the bride's father on Quincey avenue. The house was tastefully decorated with palms, ferns and myriads of beautiful roses.

Supper was served by Hanley. The decorations were by McIntosh. Hanley's orchestra furnished music. Mr. and Mrs. Poinier left on a late train for an extended journey. They will spend the summer at the seashore and will probably take up their residence in Elizabeth, N. J.

The ceremony was performed in the parlor, which was decorated with potted plants and the national colors, Miss LeVina Tomlinson played Schumann's wedding march as the bride entered, leading on the arm of her father, and followed by the groom, the bridesmaid, Miss Mame Stephens, of Carbonade, and the groomsmen, Floyd Schoonover, of Dunmore.

A reception followed and Mr. and Mrs. Andrus afterwards took possession of their newly furnished home at 1522 Jackson street.

Miss Helen Taylor, of Jamesville, Wis., acted as flower girl and Herbert Stone, nephew of the bride, as ring bearer. Immediately after the ceremony a wedding breakfast was served.

ELEVEN GRADUATES RECEIVE DIPLOMAS

COMMENCEMENT EXERCISES AT SCHOOL OF LACKAWANNA.

Occasion Was Tinged with Sadness on Account of the Departure of the Principal, Professor Walter H. Buell—Addresses by Rev. Rogers Israel and Professor Buell—Diplomas Presented by Rev. Dr. T. M. Cann—Names of the Graduates. List of the Prize Winners.

Commencement exercises at the School of the Lackawanna were held yesterday and were most interesting. Unlike the usual gladness events of the sort, the sadness occasioned by the leave-taking of the classmates and teachers was heightened by the fact that the day also marked a farewell to Professor W. A. Buell, who has been principal and teacher.

The morning programme was opened with prayer by Rev. Dr. Cann. The intermediate department sang two numbers; Willie Matthews gave a clever recitation, "Our Flag," in his own characteristic way; Miss Lida Houser recited prettily "The Singing Lesson"; Miss Mary Plumley read an entertaining manner "Queers in School"; Douglas Hostie gave a German recitation, and Owen Christian recited "Franklin's Toast."

Then followed a most pleasing feature, a little German play, "So Reht Artigstein," presented by Misses Elizabeth Dickson and Margaret Bessell and Harold Close. Professor Buell gave an address and the award of prizes was made by Miss Close.

The first prize for general excellence was given to Harold Close; second prize to Miss Grace McLean; German prize, Owen Christian.

The afternoon exercises opened with an overture by the Lawrence orchestra; the School Glee club sang a Gloria, and Rev. Dr. Robinson offered prayer. Rev. Rogers Israel then gave a beautiful address to the school, using as the basis of his remarks the words of roses, laurel and other blossoms to illustrate the development of nature and from that the mind and soul. The Glee club sang a "Hunter's Song" and Professor W. H. Buell gave the address to the graduates.

A THOUGHTFUL EFFORT. It was one of thought and great value in the way of inspiration. He spoke with emotion of the severing of his relations with the school and the class and all the pupils were deeply touched.

In the course of his remarks he referred to Dr. Thomas Arnold, who in the space of one hour a day which he allowed himself for other engagements outside his regular work, found time to instruct the political and moral life of England; to write a history of Rome, which, even in these days, when such broad light is thrown upon that nation, is yet regarded as authority; to edit Greek works which rank with the greatest, and all by occupying the spare moments.

He emphasized the advice given by another: "Learn something about everything and everything about something." It is then that there lived a man in Greece who could carve out the Venus de Milo; another who could write Thucydides; another who wrote Virgil in Rome, today, with the help they did not have, you can do even better.

At the conclusion of his remarks, which were greeted by the most prolonged applause, one of the boys proposed a cheer for Professor Buell and the school yell was given with a will. Rev. T. M. Cann, LL. D., then presented the diplomas to the graduating class:

Classical course—Miss Margarette Koehler, Harold Shields, Peter C. Penner.

Scientific course—Edwin H. Clarke, Eugene H. Fellows, Charles R. Connell, Tudor R. Williams.

English course—Miss Marion D. Bryden, Miss Eleanor J. Morgan, Clarence R. Moss, Leigh M. Morgans.

THE PRIZE WINNERS. Prof. W. E. Plumley presented prizes to the following: School composition prize, Douglas Torrey; classical prize, Miss Mairi K. Shaw; Greek lessons, Walter Niemeyer; German lessons, Archie Morgan; Latin lessons, William Mainwaring; arithmetic, Edward J. Woodward; honorable mention, Miss Eunice Lathrope.

The exercises closed with a song by the Glee club and the benediction by Dr. Cann.

Mr. W. E. Plumley, the new headmaster of the school under the principalship of Dr. Cann, is a graduate of Princeton, 1876. He was for several years Latin master at Lawrenceville, N. J., and for eight years before coming to Scranton was associated with Dr. E. D. Lyon in a preparatory school in New York city. Mr. Plumley's previous connection with the School of the Lackawanna in its earlier years is part of its history. Some of the most prominent of our young business and professional men were among his pupils.

The closing exercises of St. Luke's Parish South Scranton kindergarten were held yesterday afternoon in the new parish hall of the Throop Memorial building. The parents and many friends of the school were present and enjoyed the excellent programme rendered.

Miss Esther A. Thomas, who has been in charge of the school, presided. The programme arranged by Miss Thomas consisted of nineteen numbers, games and songs being equally divided. The children acquitted themselves admirably. At the close of the exercises, light refreshments were served to the children and their guests.

A special street car conveyed the pupils to and from South Scranton.

FIREBUG AT WORK.

Strong Evidence That Some Person Is Trying to Wipe Out the Evans Building, in Which Is Prothore & Watkins' Store.

A disastrous fire which had every appearance of being of incendiary origin broke out at 11.55 o'clock last night in the main floor of Prothore & Watkins' grocery and dry goods store, 203 South Main avenue.

The building is a two story brick structure and the basement and first floor were occupied by Prothore & Watkins, while Mr. and Mrs. Thomas H. House resided on the second floor.

The flames appeared to break out in several places simultaneously and before the arrival of the firemen had gained alarming headway. The Columbus, Franklin and Hook and Ladder companies responded to the alarm and after quite a hard fight succeeded at last in getting the blaze under control.

An examination of the premises revealed the fact that the door leading from the ground floor to the cellar was open and a large can of oil was found upon the stairs. The door leading from the cellar to the yard was also open. Several persons state that they saw a man running from this door a few minutes before the fire was discovered and the parties living upstairs say they heard a noise in the store at about the same time. The basement was set on fire in a mysterious manner by a Greek work which rank with the greatest, and all by occupying the spare moments.

The stock in the store, which was valued at \$5,000, is almost destroyed by fire and water. The firm carries \$5,000 insurance. The building is owned by Evan J. Davis, who carries \$1,500 insurance. The upstairs portion was not damaged.

MASTER BUILDERS WILL NOT ACCEDE

THEIR SECRETARY AUTHORIZED STATEMENT.

There Has Not Been and Will Not Be Any Change in the Position of the Builders' Exchange—Firms That Will Be Affected by the Tie-Up, Johnson Colliery Miners Are to Go Out Today—Trouble at the Greenwood Still Unsettled.

The resolution passed by the Building Trades' Council on Wednesday night, directing a general tie-up to go in effect on Monday next, was one of the principal topics of conversation on the streets yesterday.

While some are inclined to think that it will lead to a speedy termination of the existing trouble, there are others who say that the end is still far away. At any rate, it is not expected that the Builders' Exchange will take any action before Monday.

Secretary Lauding, of the Exchange, said yesterday that he had been instructed to say that there has not been and will not be any change in the position taken by the members.

The woodworking establishments, which it is claimed, will be obliged to shut down in case the tie-up goes into effect, are as follows: John Benore & Sons, Washburn & Williams company, Peck Lumber company, Scranton Woodworking company, Green Ridge Lumber company and Mason & Snowden.

All of these firms have extensive plants and the strikers say that the owners will be at a tremendous loss if they are closed down.

The other side claims that the mills are not working full time and that the largest portion of the manufactured goods are being used to fill up stock. The strikers introduce a counter argument that shops which are not producing any work at all are more at a loss than shops which are producing work, even if the latter is used for stock, it nevertheless has a greater intrinsic value than it had in the rough state.

The carpenters are receiving their weekly benefits regularly and this tends to all the more strongly trench them in their position.

The tinners' plasterers' strike is at a complete standstill, the master tinners and the master plumbers evidently intending to not take any action until the members of the Exchange take the initiative.

GREENWOOD COLLIERY IDLE.

The strike at Greenwood colliery has assumed considerable proportions and the entire mines were tied-up yesterday as a result.

All the boys are on strike and they seem to be firmly united in standing by the demands which they have made. The following note was sent to Superintendent Lovering:

"We demand an increase in wages as follows: Team drivers from \$1.50 to \$1.40; single drivers from 70 and 80 cents to \$1.15; door-tenders from 60 cents to 70 cents; leaders from 70 cents to \$1.10. (Signed) Drivers."

Superintendent Lovering states that the boys are paid as high wages as any employed by the Delaware, Lackawanna and Western company or any other company owning adjoining mines.

DOG MUZZLES, DOG COLLARS.

He further stated that the drivers employed by the Delaware, Lackawanna and Western company have to furnish their own oil and cotton, while at the Greenwood the illuminating material is furnished free.

The end of the trouble is not yet in sight, as neither side is making any concessions.

They Will Strike Today. The projected strike at the Johnson colliery will in all probability be declared this evening, as the management has made no overtures to the men.

A public meeting will be held by the miners this afternoon at 2 o'clock in the fields near the mine for the purpose of finally discussing the matter.
