

HEARING WILL BE HAD TOMORROW

BOTH ASPHALT REPAIR SUITS TO BE ARGUED TOGETHER.

Judge Gunster Was About to Postpone the Mandamus Case Until Argument Court When Mr. Burns Vigorously Protested and Succeeded in Having It Set Down for Tomorrow—Answer Filed Setting Forth the Grounds for Controller Howell's Refusal to Certify the Contract.

But for the persistence of Attorney I. H. Burns, yesterday, in the arguments on the answer to the Barber Asphalt company's rule for a mandamus on Controller Howell, the repairs of the asphalt streets would have been delayed, with scarcely any doubt, for at least a couple of months and probably a year.

When the answer of Mr. Comegys was presented, the court wanted to defer the whole matter to argument court, which meets on July 3, and the respondent was not averse.

Mr. Burns, however, contended strenuously against this, pointing out the urgency of the case and the fact that, if the matter is not finally decided during the week of argument court, a decision will likely be delayed until August, as court adjourns July 9 for the midsummer vacation.

Judge Gunster thought the case could be decided sooner by having the hearing at argument court, but finally deferred to Mr. Burns and fixed the hearing for tomorrow morning at 9 o'clock, at which hour the arguments will be heard in the injunction case brought by Mr. Comegys in the name of William Farrell and H. Campbell, to restrain Controller Howell from certifying the repair contract.

THE CONTROLLER'S REASONS. The answer of Mr. Comegys for Controller Howell is as follows: (1) Prior to the beginning of his term of office as city controller, E. J. Robinson held that position, and while holding it, was made a party to a certain suit or action in the court of common pleas, sitting in equity, wherein one E. Morris was plaintiff and E. J. Robinson, the city of Scranton, and the Barber Asphalt Paving company were defendants. In that suit it was among other things decreed by the court "that said E. J. Robinson, as city controller, be prohibited and restrained from certifying said contract," meaning the contract between the city and the Barber company, dated December 13, 1898, and company, in the court of common pleas, sitting in equity, wherein one E. Morris was plaintiff and E. J. Robinson, the city of Scranton, and the Barber Asphalt Paving company were defendants. In that suit it was among other things decreed by the court "that said E. J. Robinson, as city controller, be prohibited and restrained from certifying said contract," meaning the contract between the city and the Barber company, dated December 13, 1898, and company, in the court of common pleas, sitting in equity, wherein one E. Morris was plaintiff and E. J. Robinson, the city of Scranton, and the Barber Asphalt Paving company were defendants.

(2) On or about June 4, 1899, and after there had been a change in the city's executive department and a complete reorganization of the council had taken place, the contract in question was brought to Controller Howell by a person in no way connected with the city department; to wit, the attorney for the Barber Asphalt Paving company.

(3) That Controller Howell has no assurance that the alleged contract was either prepared or taken by an official of the city of Scranton having the right power and authority to do so, the person who was in the office when the contract was executed being not now in office, his term having expired on April 3, 1899.

(4) That the alleged contract, while in form and language different, it is, in effect and substance the same as the alleged contract of December 13, 1898, which the court declared illegal and void, and it was drawn by an attorney for the Barber Asphalt company.

SOME OTHER REASONS. (5) That there was no appropriation of money for the purpose of the alleged contract when it was alleged to be executed.

(6) That the alleged contract fails to designate the item of appropriation on which it is funded.

(7) That at no time has there been a sufficient appropriation to meet the requirements of this alleged contract, which calls for a sum largely in excess of the amount supposed to have been appropriated for the purpose on June 3, 1899.

(8) That no bond to secure the proper performance of the terms of the contract has been given by the Barber Asphalt company. (It has been said the bond is lost, strayed or stolen).

(9) That \$1,500 was due and payable May 1, 1899, while not one penny has been earned so far.

(10) That the contract expires on January 27, 1899, and it is no longer a ten-year contract.

Mr. Burns filed a demurrer to the answer, alleging that it was insufficient.

Common Pleas Court. The trespass case of B. P. Lowery against H. Driesen will be given to the jury this morning. The defense is that the plaintiff went into the dressing room in question when it was dark, and after being told to wait until a clerk could light the gas. In this way, it is argued, Mr. Lowery was guilty of contributory negligence.

MUNYON'S GUARANTEE.
