

A Mother's Responsibility

A great responsibility rests upon mothers at the time their daughters are budding into womanhood. If your daughter is pale, complains of weakness, is "tired out" upon slight exertion; if she is troubled with headache or backache, pain in the side; if her temper is fitful and her appetite poor, she is in a condition of extreme peril, a fit subject for that most dreaded of all diseases—consumption.

Dr. Williams' Pink Pills for Pale People

They will assist your daughter to develop properly and regularly; they will enrich the blood, strengthen the nerves, and all guard of consumption and premature death will be averted.

Mrs. John Tansley, of 130 Baker Street, Detroit, Mich., says: "We had a serious time with my daughter. She did not have any serious illness but seemed to gradually waste away. Her doctor called the disease by an odd name which I afterward learned, meant lack of blood."

All the elements necessary to give new life and richness to the blood and restore shattered nerves are contained in a condensed form, in Dr. Williams' Pink Pills for Pale People. They are a specific for troubles peculiar to females, such as suppurations, irregularities and all forms of weakness.

Dr. Williams' Pink Pills for Pale People are sold in boxes (never in loose bulk) at 50 cents a box or six boxes for \$2.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Co., Schenectady, N. Y.

The exercises will be in the form of a play, and there will also be singing and recitations. The entertainment will be private and will be held in St. Rose hall. The parents of the students will comprise the audience. The pupils to take part have been working diligently and it is expected that the entertainment will be of the highest order.

FIREMEN WILL APPRECIATE IT

Yesterday under the personal supervision of Common Councilman Thompson the work of paving the driveway to the Mitchell House was begun. The work will probably be completed tonight and it will be a great improvement over the old cobblestone driveway. The bricks will be laid on a sand base.

I was seriously afflicted with a cough for several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor widow, gave it to me, I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for twenty years. I see this certificate without solicitation, simply in appreciation of the gratitude felt for the cure effected. Respectfully, Mrs. Mary A. Beard, Claremore, Ark. PITTSTON NEWS

A Popular and Faithful Conductor. The Bottom of a Bucket Shop Falls Out and the Manager Is Arrested. News of General Interest.

Michael Gillespie, of this city, is one of the oldest employees of the Lehigh Valley railroad and from the days of the late Asa Packer, when the road was in its infancy, until the present day, he has steadily ascended the ladder from water carrier to conductor of one of the most important and fastest passenger trains of the system. He served for twenty years as a brakeman and conductor of a freight and the stories he tells of his experiences in these days of early railroading show the pluck and perseverance of a man of his make-up can endure. In 1891 he was promoted to his present position and today there is no more popular employe on the whole system. Mr. Gillespie has been a resident here all these years and he is just as highly esteemed as a citizen as among those with whom he associated so many years. His run is from the Junction in this city direct through to New York and the round trip is made every other day.

John Loughney, of this city, has just completed with the aid of a common jack-knife a walking cane that is not only a splendid specimen of genius, but a trophy that will and ought to be handed down from generation to generation. It is handsomely carved and lettered and the gold head is no more valuable than the balance that was moulded by a deft hand from a natural sapling of lance wood.

The funeral of the late Moses McGee, of Forty Port, and who for many years was a resident of this place, will occur this afternoon. The widow is a daughter of our honored townsman, John Young, sr.

JERMYN AND MAYFIELD.

Mr. and Mrs. Andrew Richards, of Third street, have issued invitations for the wedding of their daughter, Sarah, and Mr. Emanuel Champion, of West Mayfield. The interesting ceremony will take place at the home of the bride's parents at 8 o'clock on Thursday evening, June 29. Tomorrow will be children's day at the M. E. church. The title of the special services this year is "Peace and War, or Young America's verdict." Children have been carefully rehearsing for several weeks past and will, without doubt, maintain the high reputation they have won for many years past on similar occasions. Thomas Chavens, a well known and respected resident of the East side, died yesterday morning after a painful illness. He is survived by a wife and several children. The funeral will take place tomorrow afternoon at 2 o'clock.

It is a gratification to his friends to know that he won the special prize given by President Sprague for gentlemanly behavior and good conduct. Thomas M. Hendricks returned home last evening from Harrisburg and Baltimore. There was no improvement last evening in the condition of John H. Solomon, who lies at the Carbondale Emergency hospital suffering with hydrophobia. The sum of \$61, clear of expense, was raised by the social Thursday night for the cinderpath fund.

The Misses Moyer, of Easton, sisters of Dr. S. E. Moyer, are visiting at the home of their sister, Mrs. Arthur Day, of Cemetery street. Richard Harvey, of Fourth street, is quite sick. Alfred Griffiths was a Scranton visitor yesterday.

John Loughney, of this city, has just completed with the aid of a common jack-knife a walking cane that is not only a splendid specimen of genius, but a trophy that will and ought to be handed down from generation to generation. It is handsomely carved and lettered and the gold head is no more valuable than the balance that was moulded by a deft hand from a natural sapling of lance wood. The excursion of St. Luther's congregation and their German friends to Selb's grove, above Ransom, next Thursday will be one of the most successful and pleasant excursions to go out from this city during the coming picnic season.

The funeral of the late Moses McGee, of Forty Port, and who for many years was a resident of this place, will occur this afternoon. The widow is a daughter of our honored townsman, John Young, sr.

Max Ludwig and his friend, Michael Greenwood, celebrated the anniversary of their birth yesterday, both having reached the half century mark. The occasion brought many of their friends together last evening and with the Lehigh Valley band a pleasant social was the result. James and Dominick Cororan have just completed a rustic wood scene that is one of the most natural structures ever seen in this city. The arrangements of the rocks, trees, ferns, and the miniature lake with fish and game, make an attractive scene, and is the handiwork of E. W. Campbell, of the West Side. It is certainly an attraction that attracts.

The employees of the Stevens colliery were paid yesterday and this morning they, with their families, will exult to see their new home, which will be completed by the end of the month. The proceeds are for the benefit of the leg fund. Dr. C. M. Woodburn, a recent young graduate of the University of Pennsylvania, will assume the duties of resident physician at the Pittston hospital and dispensary.

F. H. Platt, chairman of the transportation committee of the firemen's convention reports that he can secure special rates for the two days of excursions and for bands accompanying the convention. The rates will prevail on the Valley road from Waverly to Wilkes-Barre, and on the Montrose road from Montrose to Tunkhannock. J. Wood Platt returned from the Executive state convention on Thursday. He was recognized by an appointment as temporary secretary of the convention. The engine drawing passenger train No. 12 on the Valley road, due here at 11:41 a. m., was disabled at Scottsville just this side of Laceyville in this county on Friday causing a delay of

about one hour. The engine pulled the train to Tunkhannock, where it was disabled and a freight engine was taken off the siding to carry them to Wilkes-Barre. The fortnightly club of Wyandising is spending the day with Mrs. H. W. Barwick. There are about thirty of the members in the party. The steamer Coleridge, on which 'Squire Sampson' of this place, made the passage from New York to Rio Janeiro, is reported to have arrived at the latter place. Mr. Sampson's people here were informed by telegraph as soon as the cable was received. Mr. Hess, paying teller of the Dime Deposit and Discount bank of Scranton, was in Tunkhannock on Thursday, visiting George H. McLeod.

LAKE WINOLA.

Mr. T. M. Miller, of Scranton, has completed a retaining wall along the lake in front of his cottage and otherwise improved the grounds around it. A clam bake was held at Swartz' pavilion Friday evening, June 15. Hon. F. T. Okell, of New York city, has brought his family up and taken possession of his cottage for the summer. Mr. Harry T. Biddleman, of Tunkhannock was a guest of The Winola on Wednesday. Judge W. K. Holloway, of Danville, recently appointed trustee of the Danville asylum by Governor Stone, has arrived with his family at Lake Winola to spend the summer. The great monthly fair has acquired its old-time character and meets all times at Falls on Lehigh Valley since Monday last. Admiral Carey's Naptha launch completes the run around the lake in about thirty minutes; distance, six and one-fourth miles. The hourly quarters for the boat will be at the hotel for the summer.

Messrs Eugene and Al. Morse, of Scranton, were looking over their cottages last week and making some improvements last week preparatory to opening them for the summer. Charles McMillan, of the firm of Sutherland & McMillan, of Pittston, is occupying his cottage. The grounds of The Winola have been improved this spring by removing the barn and other buildings across the road, thus making the outlook from the rear porch of the hotel much pleasanter.

Lake Winola, with its seventy cottages nestled in the beautiful groves on its margin, never looked more enticing than at the present writing. The robins and other birds that are nesting in the branches overhead seem to pour forth their sweetest songs; while the squirrel playfully gambols from branch to branch. The following ladies of Scranton were guests of The Winola on Tuesday, June 12, and expressed themselves as highly pleased with the pleasures of the day and the service rendered at hotel: Mrs. Charles A. Burr, Mrs. George W. Phillips, Mrs. E. D. Fellows, Mrs. W. W. Phillips, Mrs. J. J. Roberts, Mrs. H. C. Wallace, Mrs. George B. Williams, Mrs. Robert J. Williams, Miss Mott, Miss Shively, Miss Hoermann, Miss Lewis, Miss Blair, Miss Mason.

SWEET, REFRESHING sleep is given by Hood's Sarsaparilla, which strengthens the nerves, tones the stomach and overcomes all dyspeptic symptoms. You should try it. Hood's Pills are prompt and efficient, easy to take, easy to operate. 25 cents.

AVOCA.

J. J. Morahan has been appointed Justice of the Peace to fill the vacancy caused by the removal of 'Squire Whalen to Wilkes-Barre. J. J. McLoughlin has returned from Harrisburg. The attention of the traction company has been called to the poor service given the people between Montrose and Pittston. Nos. 125 and 37 are not fit even for repairs and the people feel indignant that there are punished in this manner. The patronage deserves something better from the management.

Miss Getta Quinn will leave today to spend several weeks with her sister, Mrs. Frank Fadden, of Newport News. The following jury has been empanelled to investigate the cause of the death of Joseph Gillett, who was killed in the Avoca colliery on Tuesday afternoon. The jury consists of J. J. Benning, J. J. Mohana, James Horan, Frank Philbin. They will meet this afternoon to render a verdict.

James Morris, employed as a company man at the Avoca colliery, was killed on Friday night when he was on his way to the barn on Thursday afternoon. Mr. Morris was about to turn around a corner when the mule came in contact with him. Had the animal been vicious he would have fared much worse. No bones were broken. R. D. Laudon, associated with Mr. Brooks, of Scranton, has opened an infactory in the Old Fellows' basement. They have engaged as manager T. Bannistrow, formerly of Carter's ink factory, of Boston.

FACTORYVILLE.

Rev. Dr. Gloyd, presiding elder, was in town yesterday attending the quarterly conference at the Methodist church. The quarterly meeting occurs Sunday. At Keystone Academy commencement Miss Caroline Patterson received the Latin prize. Miss Adda Potter was awarded the prize for best essay; Miss Desbie Spencer the prize for best recitation; Mr. Cornell received the prize for the best declamation. In the middle class for the best examinations R. D. Laudon, associated with Mr. Brooks, of Scranton, was awarded to Harry Hallett and the second to Miss Minnie Bell Wheaton. Mr. E. M. Kemmerer, of Wesleyan university, class of 1899, who was recently elected university scholar at Columbia university, was elected last week to a \$500 fellowship in economics at Cornell university. The election was on the excellence of his thesis, "Money and Credit Papers in their Relation to General Principles." Mr. Kemmerer is a son of L. D. Kemmerer, of this place, a well known railroad man. Mr. Kemmerer prepared for college at Keystone academy.

Beware of Ointments for Catarrh That Contain Mercury.

J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.
