Good Game at Richmond.

Richmond, June 22-Richmond and Reading played the best ball seen here in a long time this afternoon and Richmond won by superior all around work. Sacrifice litting, base running and timely hitting kept Richmond from going down into defeat. Donovan and Ferisch pitched good ball and their support wis fine. Six double plays is a sample of the fast work. Score: R.H.E. Batteries-Donovan and Hess; Fertsch out.

Newark Was Easy.

Lancaster, June 22.-Lancaster easily defeated Newark today by a score of 9 to 2. The amateurish work of the visitors was in sharp contrast with the splendid playing of the Iccals. Minor was wild, but Newark could not hit and his wildness was not costly. McPartlin was easy. Leahy played a star game. The score: R.H.E.

Batteries- Minor and Wente; McPartlin and Gunson. Umpire-Moran.

Paterson Won from Allentown.

Allentown, June 22 .- Ames' fine pitching and visitors' timely hitting won to-day's game for Paterson. It was a list-less and featureless game. Score: R.H.E. Paterson Batteries - Maginnis and McManus; Ames and Bye s. Umpire-Henderson.

Bohe, aged 15 years, committed suicide in a remarkable manner today. He visited a friend's house and going to the cellar arranged a rope across a beam. One end of this he fastened to his right foot and the other end he tied around his neck. Then placing a four bag over his head he strangled himself to death. It is said the boy was a great reader

No Special Features in the Strike pumps. Situation Yesterday.

No special feature marked the strike situation yesterday. The carpenters held a very enthusiastic meeting in the morning and the prevailing spirit of cheerfulness was as usual much in evidence. P. J. McGuire, who was expected in

this city yesterday, has not arrived yet, but his appearance is looked for at any moment. His appearance will have, it is thought by the leaders, a very good effect upon the men who are built.

The tie-up is still as complete as ever. All the local unions out in sympathy have fairly large sums in their local treasuries to draw upon in case necessity demands. When this money is used they say they can obtain sufflclent funds from other sources to meet
