#### SUCCESS OF A SCRANTONIAN WHO WENT TO MEXICO.

Former Miner in the Hampton Now Consul at Tuxpan-New Glee Club Organized-St. Paul's Elect Officers. Hospital Ambulance Fund-Religious Events in the Different Churches-Milliners of Clarke Bros. Enjoy an Outing-Other Notes of General Interest.

A. E. Jones, brother of Ioan Jones, who resides at 332 Garneld avenue, a former resident of this city, who was engaged as a miner in the Hampton in 1865 is making a name for himself in Mexico. The following from the Two Republico, published in the city of Mexico, will be of interest to many of the older residents of West Scranton:

W. L. Crawford, representative of a syndicate of Chicago capitalists who are interested in a large tract of land in the Tuxpan valley, arrived in the city from that place a few days ago on a business trip. In by-gone days he was a newspaper man, serving four-ter verts in various canacities on the teen years in various capacities on the leading San Francisco dailies. "We have a gentleman flown at Tux-

pan whose good work deserves to be better known than it is," said he yes-terday. "I refer to Mr. A. B. Jones, the United States consul. He was the first American consul to make a report on the conditions existing in that part of Mexico, and during his about part of Mexico, and during his short term of office-about a year, I believe-he has done more for the good of the United States and its citizens living in that region than all the other consuls from the United States that Tuxpan ever had. He is a diligent student and goes to the bottom of every subject that he takes up. He has learned all about the different methods of curing vanilla and has taken the greatest in-terest in everything pertaining to the development of the country. His re-ports to the government at Washington are carefully written and show a thorough knowledge of the subjects treated. Every little proposition of any ort receives his attention and his ald to the American residents has been in-valuable. This is something that the Americans appreciate, as it has never been done before. Whatever Mr. Jones asks of the authorities is always grant-ed and in innoritant business matters he is consulted by the merchants at Tuxpan. It is a pity that he is where there are so for any merchants at the second there are so few oportunities to show his true worth. In the past Americar consuls have not done their duty as well as those of other foreign countries, and in a case where a man shows such unusual ability in that line of work 1 think he deserves advancement."

GLEE CLUB ORGANIZED. The Scranton Glee club was organized last evening at Robert Morris lodge rooms. Prefessor Jehn T. Wat-

kins was selected as conductor, and Miss Harriet Ward. Professor Lewis Davis, assistant conductor. The officers chosen were: Ed-

the first week in September. The club will participate in all pubic meetings and will sing at all excursions. The next rehearsal will be hald at Ivorite hall next Friday evening at 8 o'clock.

HOSPITAL AMBULANCE FUND. The Tribune's proposition to raise a fund for an ambulance for the West Side hospital has been very favorably received, and meets with the hearty approval of the directors of the hospital and the public in general.

Dr. W. A. Paine, one of the hospital physicians, is enthusiastic in the matter, and has been a hard worker in the nterest of the hospital since its establishment, Dr. B. G. Beddoe and Dr. George B. Reynolds, who are also nembers of the hospital staff, are very favorably impressed with the suggestion.

In connection with the raising of the fund it has been suggested that the several mine funds, which include the employes of the various collieries within the scope of the hospital, interest themselves, inasmuch as they are particularly benefitted by the hospital, and will undoubtedly be helped in cases of accident where an ambulance is necessary to convey their injured members to the hospital.

The secret and beneficial societies. who have already furnished rooms at the hospital, will be directly interested. particularly when it is necessary to remove a sick or injured brother from their homes to the hospital.

In all probability at the next meeting of the board of trade a committee will be appointed to solicit funds towards the purchase of an ambulance, and it is understood that Miss Margaret Gibbs has an elaborate production under way for the same purpose. The subscription list has been started, the proposition has been favorably received, and it is to be hoped that the plan will be substantially recognized by a ready response.

Send contributions to The Tribune branch office, corner of Main avenue and Jackson street, which will be acknowledged in this department.
