

GAMES PLAYED IN VARIOUS LEAGUES

RAIN AGAIN INTERFERED WITH SCRANTON'S GAME.

Richmond Had Little Trouble in Defeating Wilkes-Barre—Lancaster Wins at Newark—Reading Keeps Up Their Winning Gait—Brooklyn Went Down Again Before Chicago. New York Took Another Game from Cleveland—Boston and Pittsburgh Break Even.

Three postponed games in three successive days is Scranton's record on the present trip. Rain prevented the game scheduled at Allentown yesterday, and the team have but two more games to be played before returning home. Richmond had a walkover at Wilkes-Barre, and Lancaster took another game from Newark yesterday. Paterson fell down before Reading, who are playing very fast ball at present.

In the National League, Brooklyn dropped another game to Chicago and are showing weakness. New York had a walkover in the series at Cleveland and in a double-header at Pittsburgh, the champions won one and lost one. Washington's weakness is very evident, as Louisville took another game from them yesterday, making it three straight.

PITSTON NEWS.

The New Silk Mill is Now a Possibility—A Board of Trade Meeting. A Forest Castle Employee Falls Eighty Feet—Deaths of George Neidig, Edward Harris and Mrs. John McGovern.

A few weeks ago a Paterson firm who are the proprietors of a large silk mill in that city, came here on the invitation of the board of trade, they having expressed a desire to erect a plant here providing there were favorable inducements given them that would warrant the investment. They came, and with several of our local capitalists, visited different portions of the city and finally selected a plot of two acres on Wear street as the most available. The property belongs to the Pennsylvania Coal company, and the board of trade at once commenced negotiations with the general manager, George B. Smith. Word was received from the company that the site could be purchased for \$500, and last night the board and many of our local capitalists met to consider the matter, and ex-Mayor Maloney donated the money required to purchase the property for the mill site.

Tomorrow will be the third anniversary of the Twin shaft disaster, and as was done last year, a solemn high mass will be said by the Rev. He was a member of Thistle lodge, Independent Order of Odd Fellows, and is survived by one son and grown-up sons and daughters. The funeral occurs this afternoon.

A sad and unlooked for death was that of George Neidig, which occurred at the residence of his sister on Tompkins street, on Monday, June 26, from miners' asthma. He had resided here for forty-six years, and until he was stricken with that fatal malady, was a miner for the Pennsylvania Coal company. He was a member of Thistle lodge, Independent Order of Odd Fellows, and is survived by one son and grown-up sons and daughters. The funeral occurs this afternoon.

THE MARKETS.

Wall Street Review. By Associated Press. New York, June 26.—The opening of the stock market showed a jump in price and something like a rush to buy which spread rapidly through the whole market. In the local reaction stocks of industrial soon took on show of strength. When this development became known the railroad stocks in particular advanced as though to shake off the following of industrial stocks. Acute weakness in the local reaction stocks of industrial and wire and the tobacco firms checked the advance. The railroads held firm for a time but before the close of the day a bullish enthusiasm had somewhat expended itself and the closing dealings showed a rather easy tone with prices of the railroads sharply below the best. A movement in the Vanderbilt was by far the most conspicuous of the day and was of course based on the reported lease of the Boston and Albany by the New York Central for a term of years. The ramifications of the Vanderbilt properties are so vast that a movement in these stocks is bound to have a stimulating effect on the whole railroad list and for the same reason the Vanderbilt group is the one which has attracted the most attention of the day and was of course based on the reported lease of the Boston and Albany by the New York Central for a term of years.
