OPINIONS OF THE FILIPINOS

General Harrison Grey Otis' View of the Situation.

MORE TROOPS NECESSARY

Hope That Filipinos Wall Be Brought Into Subjection Before the Next Rainy Season-Control by This Government Necessary for Some Time Before They Are Fit for Self-Government-The Duty of the American People - Sick Soldiers Leave Manila.

Chicago, June 20.-General Harrison Grey Otis, of Los Angeles, Cal., who cas with the Eighth army corps at Manila and saw nearly a year's fighting around that city, arrived in Chi-cago last night en route for Washing-He stopped at the Palmer House and will remain in the city until tolight before proceeding eastward. His isit to Washington will mark his mus er out of the volunteer service.

General Otis discussed the situation the Philippines at considerable length and took the hopeful view that with the additional troops to be furished the war would be terminated before the next rainy season sets in. With 50,000 troops, all told, say 30, 000 for the fighting columns and 20,000 for garrison duty," he said. "Major General Otis can suppress the revolt efore the next rainy season, restor peace, establish order, protect all welleaning natives of Luzon in their rights of person and property and establish and maintain a simple, economical, just and effective government ver the islands.

Do you believe the Filipinos are apable of self-government or will it necessary for the United States to sintain a standing army on the dands for a great length of time?" "In their present state I do not be eve the Filipinos are capable of selfvernment. If the restraint and conol of this government were withtrawn from them now I would believe ey would be at each other's throats very short time and make a farce self-government. The concingion Ill be necessary for the United States maintain a considerable force in the lands for an indefinite period. Such

ourse will in my judgment, be un-

roperly govern the possessions we

ested from Spain as legitimate prizes f war in an honorable combat This country owes much to itself nd it owes the distinct obligation of oviding a sound, adequate and just vernment to the natives of the Philpne group. Moreover, it owes somealog to the world in this regard, for it ould be a shame and a reproach to n enlightened nation to conquer and stess a helf-civilized land and then thendon it without adequate governmental protection and internal secur-

Our Duty.

"Has there ever been any question as to the duty of the government in the Philippines?

"I cannot see how the duty of the government in the Philippines can be American with a proper conception of the actual situation. It was not possito avoid hostilities after the capture of Manila. The most careful, honest and perisistent efforts to accomplish that so desirable result were made by Major-General Ous and all in his command, in obedience to the orders

of the president of the United States. Regarding the general situation in the Philippines, let these prime facts be borne in mind. First, with the present small force new available in Luzon the enemy has been defeated in every engagement; second, no serious mistakes have been made by Major-General Otis, either military or civil. He has shown himself to be a commander with a strong grasp on the situation, has ability, experience, skill, integrity and a marvellous capacity for work.

General Otis started for Washington

Transport Valencia Sails.

Washington, June 30.-The war department is in receipt of the following despatch:

"San Francisco, June 29.

"Adjutant General, Washington: "Transport Valencia left vesterday evening with headquarters band, troops B and M. tenth cavalry, seven officers, 195 men, 200 rounds carbine, 120 pistol ammunition per man; companies E and H, twenty-fifth infantry, three officers, 252 men, 200 rounds rifle ammunition per man; one assistant surgeon, one acting assistant surgeon, six men hospital corps. (Signed.) "Shafter, Commanding."

464 Sick Leave Manila for Home. Washington, June 36.-General Otis notifies the war department that the o'clock this (Saturday) morning. transport Morgan City left Manila June 24 for San Francisco gith 464

railroad company have declared a reguiar quarterly dividend of 1% per cent., payable July 20.

COMSTOCK IS SHOCKED.

Samples of Philadelphia Art Will Not Be Allowed in New York.

Philadelphia, June 20 .- Word was received today at the headquarters of the national export exposition from its general agent in New York that Anthony Comstock, of that city, proposes to prosecute the management of the exposition in the New York courts if the art poster adopted by the management s submitted to public gaze in that city. The art poster to which Mr. Comstock objects has been issued in thousands by the exposition and sent broadcast through the land. From all quarters come praise of the work and more than one artist of prominence in this country and Europe have written the management asking who the artist might be. It was a prize drawing and was selected by a competent committee from a score of drawings submitted. The sum of \$1,000 was paid the successful artist for his work.

The female figure in the poster represents Columbia inviting the nations of the world to join in the exposition of American manufacturers and extending to them a welcome ... the international commerce congress. face and fleure are beautiful, the latter gowned in a rich embroidered garment of deep blue. In her right hand Columbia holds the American flag which falls in graceful folds about the staff around the figures.

The second figure is that of a man with muscles stout and strong. He is the representation of industry commerce. In his right hand he holds the hammer of manufacture, while with his left he shades his eyes as he looks out upon the ocean of commerce. The figure partly kneels in front of that of

GUARDSMEN TO BE MUSTERED OUT

Adjutant General Stewart Issues an Order Concerning the Disposal of the Organizations of State Troops.

Harrisburg, Pa., June 30 .- Adjutant General Stewart issued an order toda; announcing that the following organ izations would be mustered out of the service as organizations of the National Guard of Pennsylvania on or before July 12 Company A. Seventeenth regiment, New Brighton; Company H. Seventeenth regiment, Oakdale. The muster-out of these organizations will be conducted under the supervision of the mustering officers detailed for the purpose. John P. Penney, mayor and inspector of the Second brigade, will, upon conference with the commanding officers of the organizations named, designate a specific date on which muster-out will take place.

The following companies are hereby detached from the Seventeenth regiment infantry and assigned as follows: Seventeenth regiment, Pittsburg, to be Company K, Eighteenth regiment; Company E. Liverpool—Arrived: on the gallows.

GENERAL MILES AT PITTSBURG

A BUSY TIME AS GUEST OF ALL ORGANIZED LABOR.

Thousands Line the Streets to See and Cheer the Distinguished Guest. An Address to Large Audiences at the Grand Opera House and Avenue Theater-Other Incidents of

Pittsburg, June 30 .- The coming of Major General Nelson A. Miles, who is in this city as guest of "all organized labor," has been the crowning event of the week. The enthusiasm with which Governor Roosevelt was received upon histour through the west to join his comrades of rough riding fame was scarcely more intense than that which was manifested in this city on the appearance of the commander in chief of the United States army, whose unsullied record as a fighter and a general having the welfare of his troops at heart has won for him a place in the bosoms of the masses that can never be usurped by another. The representatives of organized labor and the citizens of Pittsburg generally vied with each other in paying homage to the commander whose keen foresight enabled him to protect his men from the dangers of impure food from unscrupulous purveyors in the rear which threatened to work more mischief than the bullets of the enemy at the front. Everywhere the brave warrior who has been the idol of his troops through many a dreary campaign on the western planes was given ovations that demonstrated the whole-souled patriotism of Pittsburg.

Receptions and Meetings. General Miles had a busy time all day, sight-seeing, holding receptions and addressing meetings. In the morning the general was taken through the Homestead armor plate works and other mills, in the afternoon he held a public reception and in the evening he addressed two large audiences in the Grand Opera house and avenue theater. Preceding the evening entertainment General Miles was escorted through the principal streets by several of the local military organizations. The route of the parade was lined by thousands of people anxious to see and cheer the distinguished guest.

Mrs. Dr. Daly and other prominent ladies by a drive over the boulevard and through the parks, after which she was warmly greeted by many visitors at the Schenly.

The party left for Cincinnati late to

REFORM THROUGH PARTY ACTION

Rev. B. Fay Mills, of Boston, Presides at the Sessions of the National Social and Political Con-

Buffalo, June 30.-Rev, B. Fay Mills, of Boston, was chairman at this morning's session of the national social and political convention. The subject for the day's discussion was "Reform Through Party Action."

This morning the question considered was "What Can the Parties Do?" Former State Senator John Laughlin presented the claims of the Republican party, which he said was born to meet a great emergency, to free and elevate mankind, to unshackle 4,000,000 slaves. The Republican party had already been the friend of labor and the oppressed.

"Never," cried out some one. This brought forth a rebuke from Chairman Mills, who advised the interruptor to retire or be more courteous.

Continuing, the senator upheld President McKinley and his policy in the Philippines. He declared he would be re-elected president in 1900 and that the empire state was going to present Governor Roosevelt to the national convention in 1904 as is presidential

R. S. Thompson, editor of the Nev Eva. published in Springfield, O., and who is also national chairman of the Union Reform party, of the Buckeye state, presented the claims of that He said it stands simply and party. solely for direct legislation; in other words, government by the whole people and not by a party which is but a part of the people

George Fred Williams expressed his unbounded confidence in Democracy. which he said was great enough to accommedate every reformer and every fad among them.

Pittsburg Street Railway War.

Harrisburg, June 30.-Attorney General Skin today allowed the suggestion for a writ of quo warranto in the position of the Pittaburg and Birmingham Railway company, of Pittaburg, which claimed that the Sycamore Street railroad of Pittsburg had paralleled the former company's tracks.

Washington, June 30.-Pension certifi ates: Increase, William Mingle, Sayre, \$12 to \$14; Solon J. Hickok, Canton Bradford, \$17 to \$24; Owen Cadden, Au burn Four Corners, Susquehanna, \$17 to \$24. War with Spain, George Whitlock Bradford, \$30.

Steamship Arrivals.

Prawle Point, June 30,-Passed: Roterdam, Rotterdam for New York. Kin-Germanic, New York.

STRIKE AT HOMESTEAD. MURPHY RIDES

Battle Opened Which May Rival the Famous Contest of 1892-Discharge of Fifteen Men Causes the

Pittsburg, June 30 .- The Post tomorrow will say: "A strike was inaugurated at the Homestead steel works today which may rival the famous battle between capital and labor which was fought on that famous spot seven years ago. The discharge of 15 men at the plant during the past three weeks is at the bottom of the trouble. These men are dismissed because of their affiliation with the newly formed

odge of the amalgamated association. The strike, of whatever proportions t may be, was precipitated today when a committee of nine men who sought the reinstatement of the discharged men, were also discharged for the same reason. Superintendent Corey informed them that no organized men would be retained, though it became necessary to close down the entire plant. The president of the Amalgamated association said tonight that at noon tomorrow the big works will be closed as tight as in 1892.

FIFTY THOUSAND MEN WILL BE IDLE

Scale Year of the Amalgamated Steel, Iron and Tin Workers Ended five. Yesterday-New Scale of Wages Must Be Signed by Manufacturers.

Pittsburg, June 39 .- The last day of he scale year of the Amalgamated association of iron, steel and tin workers ended at midnight. While definite figures cannot be given tonight as to how many men will be idle tomorrow, it is known that more than 50,000 of them will be forced to quit work temporarily, at least. Secretary John Williams, of the Amalgamated association, how ever, gave it as his opinion tonight for his remarks regarding speed as the that a settlement would be reached in the near future. There is no animosity and both sides seem to be in favor of coming to an agreement.

Subordinate lodges of the Amalgamated association are taking a vote on the proposition from the manufacturers granting an advance of less than 20 per cent., while the new scale calls for an advance of 25 nor cent. As soon as the returns are in a conterence will be hold. Up to midnight six firms had seconds. Those on the back platform signed the new scale and work will be who watched Murphy all through his continued at their plants. The firms | wonderful ride, stated that the rider's signing are: The Lockhart Iron and | handlebar had knocked against the Steel company, Howe, Brown & Co., rubber buffer at least six times, and Wayne Iron works, Zug & Co., Kittan- each time the concussion sent him back ning Iron and Steel company and Key- full six feet, but Murphy had strength tone Rolling mill. All plants under the jurisdiction of the American Steel Hoop company and the Republic Steel company began work at midnight under the new scale. Secretary John Jarrett, of the association of iron and iron sheet manufacturers, today signed the sheet mill scale for all the firms affiliated with the association. This scale calls for an advance of 11 per ent, for tonnage men and 15 per cent. for day hands. This scale affects bout 25,000 skilled workers, and a similar number of unskilled workers in different parts of the country. At the Oliver iron mill and Jones & Laughlin's plant, scales independent of the organization have been presented, and while the men are not organized at these plants, they expect to receive the same as the Amalgamated scale calls for. An answer is to be given tomor-All of the tin plate plants throughout the country under the jurisdiction of the tin plate trust shut down at midnight and will remain closed until an agreement on the wage scale is arrived at. This will throw out of employment about 50,000 men

At Etna the Spang, Chalfant & Co.'s men struck at midnight, claiming they would not return until the scale signed. This mill, with the Moorehead Bros. & Co. plant at Sharpsburg, where negroes were substituted for men two years ago, are expected to be battlefields, and a crisis will probably be reached tomorrow or Monday.

MRS. SOUTHWORTH DEAD.

The Well Known Novelist Prostrated by the Heat.

Washington, June 39.-Mrs. Emma D. E. N. Southworth, the authoress, died at her residence in this city tonight after an illness of several weeks, About a month ago Mrs. Southworth was prostrated by the heat and the infirmity of advanced age, she being in her seventy-ninth year, rendered her unable to recuperate from the attrick.

She had lived for many years a retired life in a picturesque mansion of the old-fashioned type located on a hill in West Washington, overlooking the Potomac and the hills of Virginia.

HARD COAL RATES ADVANCE. To Cost 25 Cents More at Tidewater Tomorrow.

New York, June 30 .- The Reading Coal and Iron company has issued a circular notice of an advance of 25 cents a ton to be made on anthracite coal at tidewater tomorrow Similar advances have been made by the Lehigh Valley, Jersey Central, Delaware, Lackawanna and Western

Twenty-Round Draw.

and other coal roads.

New York, June 20 .- "Mysterious Billy" smith, of this city, and Charley Me-Keever, of Philadelphia, met at catch weights before the Broadway Athletic dup tonight and fought a 20-round bout a draw. Smith was a trifle the heavier but McKeever administered the most sunishment.

Dewey Home Fund.

Washington, June 30.—The amount of subscriptions to the Dewey home fund received today, was \$278, making a total to date of \$11,867.

MILE A MINUTE

Remarkable Display of Endurance by a Bicyclist.

PACED BY A LOCOMOTIVE

The Wheelman Rides a Mile in 57 4-5 Seconds on a Board Track Behind an Engine and a Day Coach at Babylon-Three Thousand Spectators Witness the Feat-A Narrow Escape from Death.

New York, June 30.-Charles M. Murphy, of the Kings county Wheelmen, rode a mile on a bicycle, paced by a locomotive in 57 4-5 seconds today. His course was a two-mile board track on a siding of the Long Island railroad. Murphy followed an engine and a day coach, the latter being provided with a hood, which acted as a wind shield for the rider. The board track which was laid near Maywood, L. I., and extended from that station two miles east, was as nearly perfect on a level as skill could make it. Fully 3,000 people saw Murphy make his daring ride. Engineer Sam Booth had his hand on the throttle of engine 74, when the word was given to start, ten minutes part The engine started at a rapid rate and before four hundred yards had been traversed, was running at a

rate of more than fifty miles an hour. Murphy was keeping well behind the hood. As they neared the beginning of the mile stretch, the pace was a mile a minute, and a cloud of dust obscured the rider from view of the spectators, who lined the banks on either side, Entering on the space which would test his speed, Murphy in reply to a query, shouted: "I'm all right, send her along," but there was no necessity engineer was sending the big steam flyer along at top speed. The quarter was reached in 15 seconds and the half in 29 2-5. The timers for the% were Messrs. Dieges and Stoll, the former registering 44 and the latter 43 4-5. At the finish two of the watches showed 7 4-5, one 57 3-5, another 58 and the fifth 57 3-4, which was held by Sheriff Creamer. The timers agreed that Murphy had covered the distance in 57 4-5 enough to regain this distance.

A Narrow Escape. During the last quarter of a mile the ider covered the ground for the greater part fully a wheel's length outside of the bood, but as he passed the finish he was close up. Just then two strons men on board the train reached down and seized the rider by either arm and lifted him abourd the car in safety Their action undoubtedly saved Murphy's life, because he was then in such a weak condition that had he been at lowed to remain on the wheel he would have been unable to control it, and a serious, if not fatal, accident might

have happened. Murphy was carried to the front part of the car and laid on a cot, where a physician administered to him and in less than five minutes the 'cyclist was able to converse with those around him. Murphy seemed dazed at first, and said in answer to queries as to why he fell back so many times: did it so I might not come in contact and steel seems to have a limit. Efforts with the planks, which were being torn

up in front of me." Later on, however, he did not refer to this, but said continually: "Boys, I've always felt that I could do this Now that I have done it, I am satisfied and so are many others." Before the train had reached Baby

ion, Murphy had regained his normal condition. Murphy rode a 28-inch wheel, geared to 120, 614 crank hangers, and the weight of the machine was 2012 pounds.

WRECK ON THE READING.

Fireman Killed and an Engineer Wounded.

Shamokin, Pa., June 30.-The Phila delphia and Reading express which left Philadelphia at 8.36 o'clock was leralled at Buck Ridge, two miles east of here, shortly before I o'clock, owing to one of the rails spreading. Holl Morgan, fireman, of Shamokin, was killed, and John Gardiner, the en-

ginner was bacly bruised The train was well filled with passengers, but beyond a severe shakingup, none were injured.

Gettysburg, June 30 .- A section of Batery M. Seventh United States artillery which recently returned from Porto Rico, arrived this evening to participate n the dedication of the Reynolds' statu omorrow. They have two guns and

AN IMPORTANT RAILWAY DEAL

The Boston and Albany Road Will Be Controlled by the New York Central for 999 Years.

New York, June 30 .- The following statement was given out by President Callaway, of the New York Central railroad, this afternoon; "At a meeting of the board of directors of the New York Central and Hudson River Railroad company held today the least of the Boston and Albany Railroad company to the New York Central and Hudson River Railroad company for a period of 999 years was unanimously passed and President Callaway has ocen notified that similar action has peen taken by the Boston and Albany

ralfroad." An official assertion was also made that the terms of this 599 year lease provided for a guarantee by the New York Central of 8 per cent, annual dividends on the \$25,000,000 equitable stock of the Boston and Albany. This mer ger is one of the most important railroad events of recent years. The scheme was planned and carried ou by William K. Vanderbilt so quietly that less than a half-dozen persons connected with the New York Central system knew anything about it until it was made public. J. Pierpont Morgan and H. McK, Twombley were associated with Mr. Vanderblit in arranging the details of the transaction. One of the most interesting features of the meeting today was the presence of A. J. Cassatt, president of the Pennsylania railroad, and Vice-President S

M. Prevost, of the same system. The relations between the New York Central and Pennsylvania management have been very friendly in recent years, and as evidence of their desire to maintain these relations, the New ork Central people invited President Cassatt to attend the directors' meeting and satisfy himself as to the character and purpose of the Boston and

Albeny merger. Assurances were given to President Cassatt that the New York Central in obtaining control of the Boston and Albany had no intention of assuming an aggressive attitude toward the Pennsylvania road.

DUN'S REVIEW OF TRADE.

Statistics Regarding Failures for 1899-No Limit to Demand or Iron

New York, June 30.-R. G. Dun & Co's, Weekly Review of Trade will say Failures for the second tomorrow: quarter of 1899 have been 2,080 in number against 3,055 last year, with Habilities \$20,259,000 against \$36,602,552 last year, and for the first half of 1809 fullures were 4,852, against 6,766 last year with liabilities \$46,711,000 against \$-1. 243, 83 last year. The demand for iron to get foreign contracts out of the way tre met by fresh orders from Europe at last week's prices. Some furnaces have started with contracts for their whole year's product but others are yet delayed. Prices of pig average higher han at any other time since February, 1890, and prices of finished products higher than since March, 1891. Billions are hardly obtainable, bar and plate or rs are refused, quite largely becauworks are overcrowded, sheet mi have much stronger demand at 11 west, but less at the east and structure works report 26,000 tons required in to new eastern contracts. Another indutry has passed all records, boot and shoe shipments from the east 400 \$13 cases, exceeding those in any menth of a year for four weeks, and the demands for speedy delivery show normous distribution in all directions. New orders are large, and several months ahead. Cotton mills are doing vell in spite of the fall in cotton as the demand gives them enough to do at current prices, and weak spots in the trade are defended by the agree-

ment between Fall River mills.

The Engineers Adjourn. Cane May, N. J., Jime 30.—At the close of the day's session of the American So-dety of Civil Engineers, the convention adjourned sine die. President Desmonde Fitgorald congratulated the members on the success of the convention, He said it was the best ever held in the seciety's lime, 2.29. Third race—2.12 pace, purse history. The members of the seciety's lime, 2.20. Third race—2.12 pace, purse history. was the best ever held in the society's history. The members of the society will leave tomorrow for Philadelphia. where they will spend the day visiting

Sentenced for Manslaughter.

Pottsville, June 30 .- Oliver Ohi was sen suced to three years and three months and to pay \$700 for involuntary manslaughter in causing the death of Engineer Samuel Grier and Fireman J. D. Short, by derailing an express train by placing a spike on the rail, which cal collision with a freight on the Little Schuylkill branch of the Philadelphia and Reading railway on May 16.
