RECITAL AT EXCELSIOR CLUB.

Building Was Crowded to Its Fullest Capacity.

The last and most elaborate recital given under the direction of Prof. E. E. Southworth this week was held at the Excelsior club last night before an audience which crowded to the doors with "standing room only" taken. The programme published heretofore was rendered with the greatest care and the most pleasing effect by advanced pupils of Mr. Southworth, Miss Freeman and Miss Allen.

Misses Fletcher and Norma Williams played the opening duets. Miss Emma Ludwig's interpretation of Beethoven was exquisite. Miss Sanctori, Miss Helen Gibbons, Miss Laura Beltram, Miss Fletcher and Miss Clara Barrett gave beautiful instrumental numbers, while Misses Stites, Edith Davis and Dorris rendered lovely violin selections.

Pupils whose voices evoked enthusiastic applause were Miss Florence Robertson, Miss Stites, Miss Janet Law, Miss Margaret Horan, Mr. Tom Gippel, Mrs. H. Keller and B. R. Hall. The Studio club sang delightfully and a gem of the programme was Pauline's Raft Song by Miss Freeman, Mrs. Keller, Messrs. Gippel and Hall. Miss Allen played an obligato for Mrs. Keller's pretty solo.

HEARING IS ADJOURNED.

Recess Taken in the Correspondence School's Case.

The taking of testimony in the case of the International Correspondence Schools of Scranton against the United Correspondence Schools of New York, which has been on for three days before George L. Peck, as commissioner, was adjourned yesterday afternoon until September, at the request of the attorneys.

The suit is an action in equity brought in the United States court to restrain the New York school from infringing on certain copyrighted text books used by the Scranton school. The head of the New York institution is F. W. Ewald, a discharged employe of the Scranton schools.

Rufus J. Foster, president, and Charles S. Benedict, head proofreader of the Scranton school, gave the principal testimony. It tended to show that the New York schools are using the same books even to the type that the Scranton schools compiled at a great expense and which have been duly copyrighted.

RALPH GREGORY INJURED.

Thrown from His Wheel on the Elmhurst Boulevard.

Ralph Gregory, the well-known local bicycle rider and ex-champion of northwestern Pennsylvania, sustained most painful injuries about the face and shoulders Thursday night while returning from Elmhurst over the highway.

He was taken to the office of Dr. Berlinghoff, who found it necessary to draw the facial wounds together with stitches. Mr. Gregory's tongue was also lacerated so badly that it had to be drawn together with stitch. The cause of the accident was the slipping off of the front tire.

Although badly cut and bruised, Mr. Gregory is resting easily and no serious results are anticipated.

Second Installment of Money.

The second installment of money for the carpenters arrived in the city yesterday and the distribution will commence some time today as soon as the check can be cashed. This fact was made known at headquarters yesterday.

There were no new developments yesterday other than that above noted and there will probably not be anything very new until either side makes some step towards a settlement.

The men employed by Frank Carlucci in New York, who were called off on Thursday, quit work yesterday. It is understood that the Building Trades Council of this city has requested the Building Trades Council of New York city to refrain from doing any work upon any job using stone from Carlucci's yard in this city.

Monthly Conferences.

President Truesdale, of the Delaware, Lackawanna and Western company, will have monthly conferences with the heads of all departments of his company. The first meeting will be held today. Superintendent FitzGibbon, of the motor power and machinery departments, speaking to a Tribunes man yesterday, said with reference to this action of Mr. Truesdale:

Objections Withdrawn.

James Archibald, chief engineer of the Lackawanna, and William B. Hoyt, chief engineer of the Buffalo and Pittsburg, have inspected the proposed route of the Stony Point road, at Buffalo, which is to connect the proposed big steel works with the Terminal railroad at Buffalo.

Afterwards the engineers announced that their roads would withdraw any objections to a certificate being issued by the state railroad commissioners to the Stony Point line. It is expected that the commissioners will grant the certificate of necessity at once.—Wall Street Journal.

This and That.

The Lehigh Valley Railroad company has abandoned its project of locating a large freight yard and shops in Jersey City for a more advantageous site on the Newark meadows, between Newark and Elizabeth. The company complains that it has not been fairly treated in Jersey City.

W. H. Storrs, late assistant superintendent of the road and real estate department of the Lehigh Valley Lackawanna and Western company, today

LIVE NEWS OF THE INDUSTRIAL WORLD

THIS WILL BE A MEMORABLE DAY IN D., L. & W. CIRCLES.

Resignations of General Manager W. F. Hallstead, Mine Superintendent Hughes and A. H. Storrs Go Into Effect and Men Named as Heads of New Departments Will Enter Upon Their Duties—Second Installment of Money to Assist Striking Carpenters Has Arrived.

This will be a memorable July 1 in the history of the Delaware, Lackawanna and Western company. Resignations of some of the oldest officials of the company go into effect; appointees to offices recently created assume their duties, and no small feature of the day is a meeting of heads of departments of the entire road this afternoon at the office of President Truesdale in New York city.

William F. Hallstead, general manager of the road, will step out of office today to retire to private life. Mr. Hallstead will be at his office today, however, to clear up any business he attended to. Yesterday was an extremely busy day for Mr. Hallstead. He was denied to all callers. The retirement of Mr. Hallstead has set interested ones conjecturing as to what President Truesdale will do concerning the office of general manager. The president has acted in that capacity for a time at least he will act in the capacity of general manager. Later he may appoint a general superintendent of the road, who will be directly under him.

There are many prominent men in railroad circles who believe that Superintendent FitzGibbon, of the motor power and machinery departments, will in the near future assume the duties Mr. Hallstead performed. There is a deal of feeling that will be done by his remaining force. The salaries paid the dismissed men will be added to the pay of the present force.

Master Car Builder Canfield, of the Delaware, Lackawanna and Western company, and his force of clerks took possession yesterday of the new office building. The building, which was formerly occupied by late Superintendent McKenna, has been remodeled and another story added to it. It is modern in appointments, and specially adapted for the purpose intended. In honor of the "housewarming," Mr. Canfield passed around the cigars yesterday.

CASE OF SHEW AND EGAN

Has Been Held Under Adjudgment by the Board of Pardons and Until September—What Defendant's Attorney Claim.

It now develops that the dispatch sent out from Harrisburg to the effect that Shew and Egan, the Susquehanna murderers, were to be executed on July 15, is erroneous. A telegraphic query from the Tribune as to the accuracy of the report, Lieutenant Governor J. P. S. Gohin, yesterday replied that the report was incorrect, the board of pardons at its last session having continued the case until September.

J. O'Connor, of the Lehigh and Railroad company, enters today upon his duties of general storekeeper of the company, with headquarters in this city, adjoining the offices of Mr. FitzGibbon. Mr. O'Connor and General Auditor Post, of the company, reached the city last evening. They return to New York again this morning to participate in the conference in Mr. Truesdale's office today.

D. B. Caldwell is another new official of another new department who enters upon his duties today. He is to be general traffic manager, and will have charge of the passenger and freight business of the company.

Mrs. Col. Richardson

SAVED BY MRS. PINKHAM.

"I have saved my life, snatched me from the brink of the grave almost, and I wish to thank you. About eighteen months ago I was a total wreck, physically. I had been troubled with leucorrhoea for some time, but had given hardly any attention to the trouble.

"At last inflammation of the womb and ovaries resulted and then I suffered agonies, had to give up my profession (musician and piano player), was confined to my bed and life became a terrible cross. My husband summoned the best physicians, but their benefit was but temporary at best. I believe I should have contracted the morphia habit under their care, if my common sense had not intervened.

"One day my husband noticed the advertisement of your remedies and immediately bought me a full trial. Soon the pain in my ovaries was gone. I am now well, strong and robust, walk, ride a wheel, and feel like a girl in her teens. I would not be without Lydia E. Pinkham's Vegetable Compound; it is like water of life to me. I am very gratefully and sincerely your well-wisher, and I heartily recommend your remedies. I hope some poor creature may be helped to health by reading my story."—MRS. COL. E. P. RICHARDSON, RHINECLAEVER, WIS.

assumes his position with the Scranton Coal company. A successor to William Penn Morgan, who recently resigned the outside foremanship of Capouse colliery, has not yet been appointed. It was stated yesterday that General Manager Storrs will name the new man.

J. M. Daly, superintendent of transportation of the Delaware, Lackawanna and Western company, dismissed six men in the car accountant's office yesterday. The work heretofore will be done by his remaining force. The salaries paid the dismissed men will be added to the pay of the present force.

PUPILS OF MISS BECKER.

They Gave a Recital Last Night at Powell's.

Miss Salome Becker's pupils, assisted by Mrs. C. H. Genter, gave a charming recital last night at Powell's. Great proficiency was shown by Misses May Deater, Carrie Hitchcock, Helen Chamberlin, May Blanchard, May Miller, May Hackett, Laura Kenner, Louise Davenport, Emma Frey, Sara W. DuBois, Jessie Beldeman, Grace Sherrer, Hazel St. Amand, Sadie Falowski and Masters Leroy Sherrer, Fred Gunster and Clayton Webber.

May and Harry Logan played a pretty duet, Miss Susie Hippie rendered a pleasing number, and Mrs. Genter sang with taste and feeling.

CAUSE OF KOONS' DEATH.

I Was Due to a Perforation of the Intestines.

Coroner Roberts made a post-mortem examination in the case of Henry Kraus, who died suddenly at his home in Dunmore. It was intimated that the dead man's son, George Kraus, kicked the deceased last Tuesday night, but from Dr. Roberts' investigation there is no external evidence that had been suffering for several years was the remote cause.

Further investigation will be made by the coroner regarding the case. A death certificate was granted and the remains will be buried tomorrow.

THIS MORNING'S FIRE.

Pennut Stand Ablaze and Floor Saturated with Oil.

The alarm of fire sounded from box 232 at 12:40 this morning was caused by the discovery of fire in the basement of the small building located on the corner of South Main avenue and Luzerne street, and occupied by Tony Bronzo as a peanut and confectionery stand.

The Columbus, Franklins and Eagles responded, but the apparatus was not put to use, the flames having been extinguished without much trouble. The floor was saturated with kerosene and there are suspicious circumstances connected with the fire.

Christian Endeavor Convention.

The Christian Endeavor annual convention will be held this year at Detroit, Mich., July 5th to 10th. The New York, Ontario and Western railway will sell tickets at one fare for the round trip—in other words, at half rates. The tickets will be good going July 29 to 31st inclusive, and will be available for return passage from Detroit any time up to and including July 15th. A special provision has been made, however, for those desiring to remain longer than the time specified above—i. e., this: By depositing ticket with Joint Agent at Detroit on or before July 12th, and paying a fee of 50 cents, the return limit will be extended until August 15th inclusive. The O. & W. have published a very comprehensive little booklet, relative to this convention, giving a description of the city of Detroit, side trips, etc., which may be obtained from that company's agents, or from J. C. Anderson, general passenger agent, 56 Beaver street, New York. Parties intending to make this trip should communicate with nearest O. & W. agent or the general passenger agent, who will be glad to give any information in their power.
