## Bloodless Girls Doctors have given the Greek name Anæmia, meaning "bloodless-ness" to a disease which is much more prevalent among young women than is generally believed. In its early stages the disease is not marked by any decided symptoms and often makes considerable ad-vance before its presence is noticed. An unusual feeling of fatigue after

An unusual feeling of fatigue after silght exercise, breathless and pallor are the first noticeable signs. In anomia the blood becomes thin, the heart flabby, the skin pale and waxy. If the disease become chronic (persistent anomia) it often results fatally. The one successful method of treating this disease is to build up the blood. The best blood builder in the world is

### Dr. Williams' Pink Pills for Pale People

This remedy has cured more cases of anamia than all others combined. Miss Cordella Moore, of Malone, N. Y. until recently, has been a life-long invalid from paipitation of the heart and weakness of the blood. In speaking of this experience she said:

"I was in a terrible condition. I could not eat. My face was ghastly white, and my hands were almost transparent. I was so weak it was

white, and my hands were simple transparent impossible for me to go up stairs.

"I met a friend who spoke of Dr. Williams' Pink Pills for Pale People, and advised me to try them. Before the first box was used I began to regain my appetite and feit better generally. I bought six more boxes and took them. I grew strong rapidly and gained in fiest. I became better in every way. I never felt better in my life than now, and consider myself cured. I cannot say too much regarding Dr. Williams' Pink Pills for Pale People." — From the Gazette, Malone, N. Y.

No discovery of modern times has proved such a blessing to mankind as Dr. Williams' Pink Pills for Pale People. Acting directly on the blood and nerves, invigorating the body, regulating the functions, they restore the strength and health in the exhausted patient when every effort of the physician proves unavailing.

These pills are sold in hoxes at 50 cents a box or six boxes for \$2.50, and may had of all drugglets, or direct by mail from Dr. Williams Medicine Co., hencetady, N. Y.

HONESDALE DEFEATED.

The high school base ball team of Honesdale met the school club of this city on the diamond of Alumni park yesterday afternoon and was not in the game a minute. They were too easy to excite any interest and when at the end of the seventh inning the score stood 13 to 3 they thought it was time to run back home-they couldn't reach home on the diamond- and they ran.

#### ANNUAL BANQUET.

The choir of St. Rose's church enjoyed its annual banquet at St. Rose's hall last evening. Every year just prior to the choir's summer vacation Father Coffee gives the vocalists a spread, which has always been a happy occasion. Last evening's was no exception to the rule, though the atmosphere was a little chilly for the open air concert.

### JERMYN AND MAYFIELD.

Mr. H. J. DeGraw, the well-known ticket agent at the Delaware and Hudson depot, at Mayfield, and Miss May Fryor an estimable young lady of this borough, were quietly married at Nineveh on Wednesday. They were unattended and kept the matter so quiet that but very few of their friends knew of it until yesterday.

The congregation of St. James Episcopal church have through some of their officers been lately examining some some of the old borough maps in regard to the lot on which the church stands. It has been known for years that they had more land than was enclosed on. The maps consulted show that they have 32 feet more on Main street towards the silk mill and from the angle their line runs 216 feet to the end of Mr. McDermett's lot at the rear. There is talk of taking it in as at some time it might be required for a parsonage. According to the map the church lot will run out into the middle of the road leading to the depot and would necessitate the filling in of the road on the other side by the to make it the necessary width. This could, however, be accomplished without very great expense. We believe the matter has only been discussed and it is yet uncertain whether or not the fence will be extended.

### A FARMER'S STORY.

I am a farmer, forty-five years old, and used to be sick most of the time. My nostrils would stop up, and there was an offensive discharge from my nose. I couldn't smell very well, and was frequently bothered with nose bleed. I felt worse when the weather was cold and damp. I called this Catarrh.

I use to have sour stomach too, and I felt bloated after eating. I belched a good deal. My tongue was coated a light brown, and my mouth tasted badly in the morning. I called this Dyspepsia.

And then my liver was out of order. I had a sort of a yellow look on my skin. I was so cross about the house that my wife hated to see me come home. One day I was constiputed, and the next I had diarrhoea. I called this Biliousness.

My kidneys were in bad shape. There were pains in the small of my back, and I had to get up often in the night to urinate, and there was a scalding pain in passing water. I called this Kidney Trouble.

One day I got hold of a book that told about a medicine called Pe-ru-na, which the book said was good for Catarrh. The book also said that Catarrh got into the stomach, liver, and kidneys as well as into the head. That seemed queer to me, but I bought some Pe-ru-na, and it cured every one of my troubles. So I have come to believe from actual experience that Catarrh is what ails most folks. If such people will take Pe-ru-na they will get well, but if they keep on taking stomach medicines, and liver medicines, and kidney medicines, they will remain sick-Catarrh of some sort is what ails them, and Pe-ru-na is what will cure them.

Remember that choiers morbus, choiers infantum, summer complaint, billous colle, diarrhoz and dysentery are each and all catarrh of the bowels. Catarrh is the only correct name for these affections. Perunals an absolute specific for these allments, which are so common in summer. Dr. Hartman, in a practice of over forty years, never lost a single case of choiers infantum, dysentery, diarrhozs or choiers morbus, and his only remedy was Peruna. Phose desiring further particulars should send for a free copy of "Summer Catarrh." Address Dr. Hartman, Columbus, O.
