

CARBONDALE.

DIED AT SEVENTY.

At the age of seventy years, Mrs. Mary Fey died at the home of her niece, Mrs. Michael Connor, of Brooklyn street, Sunday night. Deceased was born in Ireland and was a resident of New York for a number of years. She moved to this city in 1896 and had resided here since. She was a widow and had no family left to survive her. She had been ailing for upwards of five months and death came as a relief to her suffering. The cause of death was general debility. She was a member of the Catholic church. She had many friends since coming to this city and many will be grieved to hear of her demise. The funeral will be held at 9:15 o'clock this morning. Interment will be made in St. Rose cemetery.

ALL EXPECTANCY.

Carbondale in its entirety was on the streets last evening. The city never wore such holiday attire as now. The electrical effects which were numerous and artistic. Expectancy buoyed the throng. Everything was in perfect readiness for the carrying out of the programme as published and even the ungenial weather gave propitious indications.

SOCIAL EVENT.

"The Younger Folks" gave a dancing social in Burke's hall last evening. A number of the elite of Jermyn joined with the Carbondalis in tripping in the one hundred and twenty-third anniversary of the nation's birth. Professor Firth furnished music and a very pleasant evening was spent.

THE EXCURSION TO NEW YORK.

The old reliable Erie ran one of its popular excursions to New York last night, and despite the fact that this city offers a great attraction today a goodly number left at 8:40. They will return to this city on the "flyer" Thursday morning.

LOCAL AND PERSONAL.

Mr. and Mrs. William Roberts and Mr. and Mrs. E. W. Reynolds returned yesterday from a visit to Crystal Lake and Elkland. H. H. Major and family have returned from their Crystal Lake cottage. Miss M. R. B. Jenkins has returned from Sidney, N. Y., where she had been professionally engaged. Miss Elva Deane, of Newburgh, N. Y., arrived in this city yesterday afternoon to spend the Fourth with relatives. Miss Irene Daley has returned from Boston. James Murray, of Elmira, is the guest of relatives here. Miss Ella McLean, of Detroit, is the guest of her cousin, Mrs. Laude Wright, at Hotel Antracite. Fourth of July excitement prevented the select council from getting a quorum last night. No local papers will be published today. Postoffice hours for today follow: General business from 8 a. m. to 12 noon. Lobby open for lock boxes only from 3:30 to 4:30 p. m., one delivery by carriers. No money order or register business done.

JERMYN AND MAYFIELD.

The Mayfield borough council met in regular session last evening, all the members being present. Committee reported having seen S. C. Whitmore with regard to opening Fifth street, so that connection may be made with the street named and Rushbrook street. Mr. Whitmore made a favorable proposition and the committee was ordered to continue their work and see George E. Smith and other property owners. Councilman Shlanto asked for information in regard to certain items in the auditor's report, among which was the amount paid the treasurer from the county treasurer for licenses, which, according to the audit, only showed receipt of \$12.29, whereas according to the county treasurer's books and the number of saloons known to be paying license, the amount paid was \$917.25, showing a difference of \$774.99 not accounted for. Mr. Boundy, who was present, was accorded the privilege of speaking and said he had gone over the audit very carefully and the audit did not account for the missing \$774.99, as mentioned by Mr. Shlanto, and as a citizen of the borough he objected to the auditor's report. On the motion of William Edmunds, seconded by Shlanto, it was ordered that the report be placed in the hands of an attorney for investigation. The treasurer presented his quarterly report, showing the sum of \$1,387.76 received and \$227.51 paid out, leaving a balance on hand of \$1,160.25. The report was accepted and placed on file. It was decided to place two mills tax for bridge, three mills for light and one mill for borough purposes. This is a total of six mills against fifteen last year. The reformers evidently purpose to make a decided reform in the matter of lessening taxation. Washick Mueser was nominated to succeed Edward Gilgallon, one of the borough police, who lately got into trouble, but objection was raised until an investigation of Gilgallon's case was made and the matter was laid over.

PEEKVILLE.

Watson spent Sunday with Mr. and Mrs. William Evans, at Carbondale. Roe Scott had the misfortune to badly burn his right hand yesterday by the premature explosion of a cannon fire cracker. The ladies of the Methodist Episcopal church will serve ice cream, cake, etc., in the church parlors this afternoon and evening.

AVOCA.

Arthur H. Murphy, one of the most esteemed residents of the town, died Sunday evening after a few weeks' illness of Bright's disease. Deceased was a man whose word could always be depended on, and his integrity and honesty could not be questioned. His wife and family realize that they have lost a fond and indulgent parent. He was a resident of the town for more than twenty-five years, and a member of the Emerald Beneficial association nearly all that time. Besides his wife, four daughters, Elizabeth, Ernestine, St. Mary's, Nellie, of the Colliery Engineer; Margaret and Kate, survive him. Also two brothers, William, of Scranton, and John, of McKean county. The funeral will take place on Wednesday morning with a requiem mass at St. Mary's church. Mount, of Trenton, N. J., is the guest of Dr. and Mrs. Pier, of the North End. Patrick Conboy, aged 17 years, is the first victim of a premature explosion. While lighting a large dynamite fire cracker the contents were discharged and his hand is now embedded in wadding and linen. Postoffice hours today from 9 to 11 a. m., and from 5 to 7 p. m.

Brother Haines on the Erie—A Brookdale Farmer Searches for Hidden Treasure—Dr. Robinson, of Philadelphia, Discovers a Double-Headed Snake—Narrow Escape of a Forest City Burglar.

Special Correspondence of The Tribune.

Susquehanna, July 3.—Honsdale's editors are just now kept busy guessing and predicting what the Delaware and Hudson and the Erie are going to do between Honsdale and Carbondale. Bro. Haines, of the Honsdale Independent, had a whole lot of day dreams last week, among them that "Honsdale is to be on the great transcontinental line between the Atlantic and the Pacific oceans. Perhaps! But at present it is very comfortably and pleasantly situated between the Texas depot and Waymart.

Brother Haines on the Erie—A Brookdale Farmer Searches for Hidden Treasure—Dr. Robinson, of Philadelphia, Discovers a Double-Headed Snake—Narrow Escape of a Forest City Burglar.

Brother Haines goes into details and figures that the Erie's main line is going through Honsdale, because, among other things, that the great Starrucca viaduct at Lanesboro needs rebuilding. The Starrucca viaduct is as solid as the everlasting hills. When it needs to be taken down, there will be no railroads. People will be carried through the air. The Independent's guessing machine has evidently jumped a cog.

Four come what may, Susquehanna will be the line. The Erie's great four-track road, now in process of construction by the gifted editors of Honsdale. A VOICE CRYING IN THE WILDERNESS. We have never been represented at the county seat, although the metropolises of the county—Forest City News. The records will undoubtedly show that the Erie and the Atlantic are constantly "repeated" at the county seat—in the county jail. Some people are never satisfied.

Farmer Edgerton, of Brookdale, has discovered on his farm a mineral spring of a curative nature. A mine has been built for those desiring to take the healing waters and baths. It is said that an old man named Reagan buried \$12,000 in gold on the farm in 1872, and was unable to find the spot again. A severe storm having altered the locality, Mr. Edgerton purchased the place a medium predicted that the treasure would be found near a spring. The spring has been discovered, and Reagan and a corps of men are hunting for the hidden treasure.

In the United States but two men are engaged in the nefarious business of manufacturing hand organs. Their hiding place is carefully concealed from the public. A DOUBLE-HEADED SNAKE. Dr. Robinson, of Philadelphia, recently discovered near Burnwood, this county, a double-headed snake, of the common chain, or "ring" variety. It has two perfect heads, both having the scales characteristic of the species. When captured, one head was devouring a toad, while the other was engaging a group of men. The specimen measured thirty-four inches from the extremity of the right head to the tip of the tail, while from the left head to the tip of the tail it is slightly larger. The left head and continuation seems to be the snake proper, and the right head a sort of graft set in the main trunk. The two heads are nearly three-quarters of an inch apart, with a fold of skin on each side from the corner of the mouth to the other. The snake has no esophagus, or gullet, which come together into common one, so that it is capable of eating with both mouths. The left head is a little longer than the right. IN A LINE OR TWO. Over upon a mountain near Burnwood they have found somebody's being the property of a roaming lunatic. The poor fellow undoubtedly lost his mind in endeavoring to keep track of the "sure thing" railroads now being built in the air by the gifted aggregation of seers and imaginative enthusiasts, the Honsdale Independent, at Lanesboro, on Sunday afternoon, while excursionists were embarking upon the steamer Ermine, the landing upset and about fifty persons were precipitated into shallow water. There was much excitement for a time, but all escaped with a scolding. A few received slight injuries. It was, altogether, a fortunate affair. Whitney.
