CURRENT NEWS OF BASE BALL WORLD

REASONS FOR DISBANDING THE SCRANTON CLUB.

Directors Were Not Inclined to Sink Their Cash in a Losing Enterprise. How the Players Will Be Taken Care of for the Balance of the Season-Meeting of Atlantic League Called for Tomorrow in Philadelphia-Proposition by President Barrow's - Yesterday's Games.

The disbandment of the Scranton base ball club and the release of the players, as exclusively mentioned in The Tribune, was fully carried out yesterday, when all the members of the team were paid their salaries and given permission to sign elsewhere,

At the meeting of the directors Tuesday evening the matter was fully discussed and it was deemed advisable to close up matters at once, before any additional expense was incurred. Three of the directors who were in favor of continuing the club could not afford to drop any more money into the game and the other two, who were finan-cially able, would not make any further outlay for the continuance, so the

majority voted to disband.

In speaking of the matter yesterday one of the directors informed The Tri- he was one of the most gentlemanly bune representative that it cost \$70 a day to keep the club and it was thought best to quit the game while they were able to pay off their indebtedness. They have lost money, but the sale of Dillon and Lippert enabled them to come out nearly even. A team that won't pay before July 4 will seldom make money after and it was decided best to throw up the whole business.

BEFORE SEASON OPENED.

Refore the season opened nearly \$3,500 was invested for the franchise, advance money, repairs and other expenses and the directors have a lease on the ball park until the first of next April. Messrs. Costello, Fleming and Long were in favor of continuing the club and endorsed Manager Swift's proposition to strengthen the team. but Directors Robinson and Finn refused to put any money into the fund for that purpose and while a verbal agreement was practically made, it did city, on Friday next. not materialize as was expected.

It is understood that a proposition had been made by Manager Swift to release either Hodson or Keenan and secure a high salaried pitcher instead. and had Massey and Householder materialized, as expected, a different state of affairs might have existed, but Massey contract with Buffalo did not expire until yesterday and he wired the manager of the Scranton club his acceptance of the terms offered. The telegram came too late, however, and

now Massey is out of an engagement. Regarding Householder, it is likely that he will remain with Buffalo, as Lippert will not be able to join the team for some time. He is suffering from blood poisoning, caused by being cut by a piece of glass, and is more seriously afflicted than at first supposed.

Director Long received an offer from Buffalo shortly after the team disbanded vesterday for Center Fielder Knoll. but they can have him for the asking now. If terms can be satisfactorily arranged Knoll will probably join Buffalo at once.

OFFER FOR DOHERTY.

It was learned yesterday that Manager Arthur Irwin, of Washington, made an offer while here for Doherty's release and that Risley could also have been sold last week, but owing to the verbal agreement made between the directors regarding the strengthening of the team the offers were refused.

Fortunately, the majority of the directors saw the beginning of the end of the club's career and accepted Buffalo's offer for Dillon and Lippert, but they honestly believed that the players offered in exchange would materially strengthen the club, and anticipating their appearance for the Fourth of games and a probable victory over Wilkes-Barre, they could still retain the public confidence in the team, the weakened condition of the club and the loss of both games practically settled the whole matter.

With the disbandment of the Atlantic league club in this city the future prospects for professional ball in mond opened up on Miner and gained the Scranton are very discouraging. The victory. The attendance was only about experiences of four different sets of 400. Score: directors in the International, Eastern, Richmond02100021 *-6 11 State and Atlantic leagues have been | Lancaster11200000-4 8 about the same and none of them ever made any money out of the game.

In all probability the majority of the players will find places on other teams before the week is out. Manager Swift has been negotiating for his old position as pump runner in the mines at Archbald and as manager of the Sunsets, and, together with Catcher Flanaghan, will return to their native town.

O'NEILL SENT TERMS.

Catcher John O'Neill yesterday received three telegrams to join Toronto in the Eastern league. Manager Ir-

THE MARKETS.

New York, July 5.-The market for stocks continued notably strong today and much more active than the upward movement of last week. The activity was very widely distributed, extending pretty generally throughout the list and during the course of the day, ex-tending even to some of the "cats and dogs" on the list. The general strength of the market was maintained in face of a realizing movement in the stocks that were most conspicuous in last week's rise, notably Pennsylvania, New York Central and the Vanderbilt group generally, including Northwestern, Omaha and the Union Pacific stocks.

By Carrington & Cusack. New York ,July 5.-The market opened very strong, the Grangers and Flow-

er stocks being the leaders. The general market continued strong throughout the day, with increased commission buying and Chicago purchasers of the Grangers was a prom-

inent feature. Towards the close there was some slight recession in prices due to profit taking, but the market shows no signs of having reached its top and on all weak spots is a purchase. Money eased up considerably and need not be considered as a factor in the situation. We believe the market to be a purchase of all soft spots and advise the taking of some of the cheaper railroad stocks and the better class of indus-

B. R. T. will sell higher, and Federal steel will do to buy around these prices, The close was somewhat irregular, but with a very strong undertone.
