It is said that eleven of the horses were weighed

"The City of Topeko is close behind the Dirigo with considerable treasure "Richard Emmens, J. Gosham and Orin W. Jackson sought to reach the Copper river section from Dawson and came near starving to death. Their Indian guides deserted and the men were lost for ten days.

NEW LAWS FOR PORTO RICO.

Washington, July 5.-Since the order of the president continuing the legal existence of the insular commission the nembers have been engaged busily in reparing a code of laws for Porta Rice to take the place of the Spanish statutes. Such a step would give the slanders the advantage of modern laws under which the regeneration of tha sland could be carried on by its military governor as long as was desirable before raising the question of Porta Rico's admission to actul state or terri-
