

PATRONIZED STREET CARS But Would Not Read the Sunday News-papers.

ENDEAVORERS AT DETROIT The Capacity of the City Churches Taxed to Accommodate the Crowds That Attend Services—Important Meetings All Over the City—Farewell Gatherings Today.

Detroit, July 9.—Although a large majority of the army of Christian Endeavorers in Detroit utilized the street cars today, a considerable portion refrained from reading the Sunday newspapers. Few of the pastors who occupied the various Protestant pulpits went to the extreme of inobservance...

Features of the afternoon were crowded meetings for men and for women exclusively and a Sabbath observance rally. Thirty-five hundred men filled the crowded meeting at Light Guard armory at the men's meeting. The men sang with fine enthusiasm and a very large proportion of them publicly pledged that the occasion would be with them a landmark from which would date a better life.

Mrs. E. P. Clark, wife of Professor Clark, presided over the women's meeting, which filled the Woodward Avenue Baptist church. Mrs. Joseph Walker, of Queensland, Australia, led the devotional exercises. The program of addresses was as follows: "The Women of Mexico," Mrs. C. Scott Williams, San Luis Potosi, Mexico; "The Women of Asia," Miss Jessie Ackerman, Chicago; "Women's Work for Her Country," Howard M. Ingham, Jefferson, Ohio.

Sabbath in the Home. Westminster Presbyterian church could not contain the audience which attended the Sabbath observance gathering. An address upon "Sabbath in the Home" was delivered by Rev. Dr. David McAllister, of Allegheny, Pa. He held the religious development of the family to be of utmost importance, the family being the foundation of the civil structure and the corner-stone of the temple of worship. He said: "We cannot carry on our civilization nor keep our young people to the front unless they are trained in Sabbath-keeping homes." Rev. C. N. Howard, of Rochester, N. Y., related at length the story of some of the noble efforts made in that city toward closing "the side door" on Sunday. He argued insistently that prohibition is the only true solution of the saloon question.

The closing speech was by Hon. John Charlton, M. C., of Lyndebach, Ont., of "What the Sabbath May Offer Us." The speaker's idea was that Sabbath observance had a far more potent influence in character building and world development than had commonly been conceded in later years. "Tonight an additional touch of solemnity was imparted to the meetings of the Christian Endeavorers. The generalities of religion are in some measure neglected and the evening worship in thirty-one Protestant churches of Detroit and Windsor took the form of "concentration services."

President Francis Clark conducted the consecration services in the Woodward Avenue Baptist church. Among the other clergymen who directed the services of made consecration addresses in the other churches were: Rev. Dr. Charles E. Jefferson, of New York; Rev. William Patterson, of Toronto; Rev. James L. Hill, of Salem, Mass.; Rev. James Murrell, of London, England; Rev. Robert E. Spear, of New York; Bishop May Oren Tack, of Wilberforce, O.; Rev. John Paul Lock, of Glasgow, Scotland; Rev. Dr. John Henry Barrows, of Oberlin, O.; Rev. John E. Pound, of Indianapolis; Bishop Samuel Fallows, of Chicago; and Rev. Floyd W. Tomkins, of Philadelphia. The big convention will end tomorrow night. There will be junior Endeavor and missionary rallies in each of the big cities, a prison work conference and great farewell gatherings in conclusion.

KENTUCKY REPUBLICANS.

Their State Convention This Week May Be a Record Breaker. Lexington, Ky., July 9.—The Republican state convention which meets here next Wednesday may be a record-breaker for quick work. The Democratic state convention at Louisville two weeks ago broke the record otherwise, being in session an entire week. There were three candidates for the Democratic nomination for governor, Good, Stone and Harlin. There are also three candidates for the Republican nomination for governor, Taylor, Stone and Pratt. Attorney General Taylor claims that about two-thirds of the delegates are instructed for him. His friends claim that the delegates for Colonel Stone and Judge Pratt cannot affect the vote for Taylor by any combination between themselves or even with candidates for the minor places. Colonel Stone and Judge Pratt are expected here tomorrow and their friends have some surprises, but the present indications are that the Taylor men will organize the convention and be able to carry through what is known as "the Taylor slate." Taylor is called the national administration man, while Governor Bradley and other state administration men are considered as favoring some other men. Since both Stone and Pratt were distanced in the race before the county conventions, there have been efforts to concentrate on John W. Yerkes or some other dark horse, but so far without apparent success.

Shooting Affray at Parsons. Charles Yale is Seriously Wounded by William Landenberg—The Shooter Committed to Jail. Parsons, July 9.—A shooting affray occurred here this evening at 5 o'clock on account of a quarrel between William Landenberg and Charles Yale, who had been companions for several years, and were both members of Company E, which was down in Chickamauga. They had been drinking throughout the day and while on their way home got into an altercation, which grew so interesting that Landenberg drew his revolver and shot Yale in the thigh, the ball lodging in the groin. He was taken to the hospital in the Allegheny Coal company ambulance, and Landenberg was placed under arrest and committed to the Wilkes-Barre jail to await the result of the injuries inflicted to Yale, who is in a precarious condition.

Brother Paine's Suicide. Found in Harvey's Lake Hotel with Bullet in His Brain. Wilkes-Barre, July 9.—S. W. Paine, a commission broker, with an office in this city, committed suicide at Rhoades hotel, Harvey's lake, at an early hour this morning. He retired early last evening, apparently in the best of spirits. About 6 o'clock this morning the other guests at the hotel were awakened by two pistol shots. The door of Paine's room was broken in and he was found lying dead on the floor with a bullet hole in his right temple. The coroner was at once notified. The dead broker was about 41 years of age and came here from New York about six years ago. He has no relatives here. His mother resides at Pittsford, Michigan.

Train Wrecker Caught. H. W. Sells' Believed to Be Deported. Reading, Pa., July 9.—H. W. Sells, aged 35 years, of this city, was deported today in the act of welding spikes and bolts to the rails of the Mount Penn Gravity railroad. Trains run frequently and on Sundays carry their great crowds.

Would Restrain the Turk. Mr. Houseman Claims to Have a Contract with Hall Adair. Chicago, July 9.—L. M. Houseman, of this city, said today that he will on Monday apply for an injunction before the United States court to restrain the appearance of Hall Adair, the United States ambassador, under the management of persons other than himself. Houseman claims to have a two years' contract with the Turk at a stated salary. The restraining order, if it is issued, will be directed against Burke Patton, an order of arrest for obtaining money under false pretenses. Mr. Houseman said, will also be asked for.

Suicide of Knauss. A Tragedy Results from an Unlawful Love Affair. Allentown, Pa., July 9.—Charles A. Knauss, aged 18, shot and seriously wounded Mrs. Edwin Dieffenderfer, aged 26, at midnight last night, then shot and instantly killed himself in his father's paint shop to which Knauss had called Mrs. Dieffenderfer. They had been intimate for two years. Mrs. Dieffenderfer, who was trying to break up Knauss' infatuation, had refused to elope with him which made him desperate. Knauss was single. Mrs. Dieffenderfer has a husband and two children, one of whom is sick with scarlet fever.

William Young Disappears. Philadelphia July 9.—The disappearance last week of Wm. Young, a real estate dealer, of this city, has brought to light the fact that he is about \$10,000 short in his accounts with his clients. A warrant for Young's arrest has been issued, and the sheriff has seized his property to satisfy creditors.

Roosevelt with the President.

Visits White House at Mr. McKinley's Request. A Conference on Organization of the Volunteers—The Governor Denounces Aguinaldo's American Sympathizers and Senators Who Delayed the Peace Treaty—Where the Guilt of Blood Rests. Washington, July 9.—Governor Theodore Roosevelt, of New York, was the guest of the president at the White House last night. He arrived here at 10 p. m. in response to a telegraphic request from President McKinley, delivered to him at Oyster Bay, asking him to come to Washington for a consultation. Governor Roosevelt was driven directly to the White House, where he was received by the president. There was a short conference between them before dinner. Afterward, with Secretary Long, they sat on the western veranda of the executive mansion for a longer consultation. The secretary remained until about 1 o'clock, leaving the president and his guest to continue the conversation.

The Governor Talks. Before leaving Governor Roosevelt dictated the following interview to the Associated Press: "I have come to Washington at the request of the president to go over with him and with the officers of the war department certain questions affecting the new volunteer army, especially as regards the personnel of the officers. The president has told me that he wishes only recommendations based upon the efficiency of the men recommended, and that he will pay heed to no others. Most certainly I should give to others, and I feel that the president's attitude in the matter in the face of the terrible political pressure to which he is and will be subjected is such as to entitle him to the support of all men who feel that politics have no place in the army, who feel that it is peculiar sense the property of the whole country, and that in the giving of commissions and promotions should, absolutely no consideration should enter outside of the merit of the men as soldiers."

Where Guilt of Blood Rests. "It cannot be too clearly kept in mind that the whole trouble is due to the men who, for two months, prevented the ratification of the treaty of peace, and to those who declined to give the president the troops he needed from the terms he asked. Those who were in the first movement to oppose the treaty have on their souls the guilt of most of the blood shed both by our own troops and that of the natives of the Philippines; and the would-be traitors who have since been encouraging Aguinaldo and his followers to share the guilt so far as their feeble powers permit."

Administration's Policy Praised. "It is all the more to the credit of the administration that it has steadfastly pursued the path of national honor and steadfastly upheld the interests and the good name of the nation as a whole. In spite of the way it has been hampered by those who sought to betray the nation, it has a right to demand the support of every true American for the administration's policy in the Philippines, and every American who is far-sighted and patriotic should join in denouncing alike the men who strive to give aid and comfort to the foes not only of America but of civilization in the Philippines, and also those other men who would prevent our army being made equal to the national need."

Preacher at a Ball Game. Fort Wayne, Ind., July 9.—Before today's base ball game was called the crowd in the grand stand saw Rev. M. Powell copying names of persons at the game for witnesses in the case against the ball players. The Rev. Mr. Powell was removed by the police as the manager feared his presence would cause trouble. The preachers insist that they will stop Sunday ball.

The Plenary Council of the Catholic Church. Will Be Held in This Country Two Years Hence—New Archbishop of Santiago Will Not Be Present. Washington, July 9.—It is said at the residence of the apostolic delegate that the reports emanating in the west that a plenary council of the Catholic church in America would be held two years hence are doubtless the outgrowth of the well known fact that these councils are held about every twenty years and that two years hence will mark the 20-year period from the time of the plenary council of Baltimore in 1884. The assembling of such a council is an event of unusual importance to the church, as it brings together the entire hierarchy of archbishops and bishops to frame the legislation of the church applicable to this country. Before the council can be assembled, there must be a termination by the authorities in the country and then direction from Rome, for the assembling of the council. Prior to the council of Baltimore, the American archbishops made a visit to Rome and petitioned the pope for a general council in this country. This procedure is not essential, yet some such formal action is required, in case a council is to be held in 1902.

Injured—Clarence Reinhard, aged 14, collar bone broken.

ATTEMPT AT LYNCHING. Citizens of Pittsburg Act in True Southern Style. Pittsburg, July 9.—Glenwood, a suburb of this city, was thrown into big excitement tonight by the threatened lynching of a young negro named Daniel N. Scott. Scott, with three companions, went to a millworker's camp near Hays station, where a game of "near" was soon started with several of the millworkers. Scott lost his all on a throw, grabbed the money and ran, with the crowd at his heels. Patrick Murto caught up to him and demanded the money. Scott pulled his revolver and fired at Murto, the ball grazing his shoulder and knocking him to the ground without real injury. Scott fled, but was captured on the Glenwood bridge, where a crowd of several hundred men soon gathered. Murto's companions thinking he had been murdered, wanted to lynch the negro. No rope being at hand, some wanted to throw him over the bridge. Before the police arrived to rescue him, Scott had been used for a football by the crowd, and was a sorry-looking object when landed in the station house. Scott claims that his revolver was loaded with blank cartridges.

An Absconder Captured. San Francisco, July 9.—Willard E. Baker, the Boston absconder, who escaped from a jail in Boston detectives just as they were leaving this city for Boston with their charge on Thursday night was discovered and caught by the local police in a down town lodging house yesterday.

THE TRANSVAAL REFORM PROPOSALS.

THEY ARE REGARDED AS ENTIRELY INADEQUATE. Not Calculated to Insure a Peaceful Settlement—They Will Not Satisfy the Claims of the Outlanders—Less Than What Was Demanded of Kruger at the Bloemfontein Conference. Capetown, July 9.—W. P. Schreiner, prime minister of the colony of the Cape of Good Hope, says the Cape reform proposals are adequate and calculated to insure a peaceful settlement. The colonial premier, however, represents the Afrikaner element. Sir John Gordon Sprigg, former prime minister and colonial secretary, who is an ardent imperialist, considers them totally inadequate to meet the just claims of the Outlanders and altogether less than Sir Alfred Milner, governor of the colony and British high commissioner for South Africa, demanded of President Kruger at the Bloemfontein conference.

PLENARY COUNCIL OF CATHOLIC CHURCH. Will Be Held in This Country Two Years Hence—New Archbishop of Santiago Will Not Be Present. Washington, July 9.—It is said at the residence of the apostolic delegate that the reports emanating in the west that a plenary council of the Catholic church in America would be held two years hence are doubtless the outgrowth of the well known fact that these councils are held about every twenty years and that two years hence will mark the 20-year period from the time of the plenary council of Baltimore in 1884. LONDON, July 10.—All the special despatches to the morning papers from Cape Town and Johannesburg concur as to the complexity and obscurity of the Boer proposals and declare that the outlanders are profoundly disappointed. In Johannesburg it is believed that President Kruger is still dallying to gain time until the wet season makes campaigning difficult for the Britishers. W. P. Schreiner, the Cape premier, has addressed a letter to an Afrikaner paper published in Cape Town, declaring that there is no ground whatever for the active interference of the imperial government in the Transvaal, as the Boer proposals are satisfactory. This has aroused great indignation in the Cape Colony, where it is regarded as mischievous, ill-timed and calculated to encourage President Kruger and to embarras Sir Alfred Milner.

KILLED AN INNOCENT MAN. An Incident of Negro Hunting in Georgia. Atlanta, Ga., July 9.—While hunting for some negroes who broke jail at Fairburn yesterday, citizens of Campbell county today shot and killed Abner Calhoun, an innocent negro. The killing occurred in Campbell county, a short distance from Palmetto and Newnan, which was the scene of serious racial disturbances six months ago. The negro Calhoun on seeing white men with guns approaching him, started to run. He was called upon to halt, but without success, shot the negro. Another negro, J. W. Tatum, one of the escaped convicts, was slightly wounded before being captured. Tatum and John Dimmerson, two of the party, who escaped from the Fairburn jail, were brought here for safe keeping. Clem Williams, another negro, was loaded on himself up while Tatum Brown is still at large and is being hunted for tonight by bloodhounds. Out of the party of ten which broke jail, four negroes were concerned in the burning of Palmetto last winter, and Isham Brown, another leader. They were the four out of the nine who escaped the fury of the mob the night five were killed in the warehouse in Palmetto. The others who escaped from jail were charged with various misdemeanors. As soon as the escape was discovered Sheriff Anderson, of Fairburn, offered a reward of \$25 for each one of the Palmetto negroes and the citizens of the county directed their efforts today towards the capture. Isham Brown, reportedly appeared in Fairburn tonight, is being hunted for in every direction and will be brought in, it is expected, dead or alive, within twenty-four hours.

SAY THEY SAW VIRGIN MARY. Peculiar Story of an Apparition Told by Two Canadian Children. Quebec, July 8.—A story that is causing a sensation in ecclesiastical circles comes from Roberval, a village on the shore of Lake St. John. It is to the effect that the Virgin Mary has repeatedly appeared to two girls named Clotilde, aged 8 and 9, and daughters of farmers. Two alleged instances are especially cited. The first asserts the appearance on the roadway while the children were returning from school. The apparition, it is stated, was accompanied by that of two girls identified as lead sisters of one of the Clotilde children. The latter, so the story goes, were told these girls were their guardian angels. The second instance was a tree stump to which the children were summoned. There, it is asserted, the virgin spoke to the children at length, but they refuse to tell even their parents of the alleged advice given them. All efforts to shake the stories of the children have, it is stated, proved unavailing.

RELIEF WORK IN FLOODED DISTRICTS.

Has Been Systematized—Three Trains Leave Houston and San Antonio Daily. Galveston, Tex., July 9.—Relief work in the Brazos flooded district has been systematized, three relief trains leaving Houston, Galveston and San Antonio daily. Probably 20,000 negroes are being fed and will need to be sustained for some time by the relief committees. All sorts of estimates are made as to the amount of the cotton loss. An estimate of 60 per cent, is considered conservative. This would be a money loss of \$2,000,000. The loss sustained by the destruction of the other crops, houses, fencing, stock and bridges will be \$2,500,000, while the loss to railroads is probably \$1,000,000, making a total of \$5,500,000. Owing to the exaggerated reports circulated as to the loss of life in the recent floods, the News has made a special effort to secure the facts from each county. Reports received from thirteen counties show a loss of thirty-seven lives from drowning. Reports from Sealey state that a white woman and a negro woman died there today from the heat and exposure. There are five hundred negroes at Sealey at the point of starvation. Rations will be sent by the first train. At Hearne a mass meeting of the citizens was held today and committees appointed to request supplies from the governor for immediate use. Intense suffering is said to exist in this locality.

Work of Friendly Filipinos. Manila, July 4. Via Hong Kong, July 10.—Friendly Filipinos in Manila have been the medium of communication between the American authorities and the military leaders of the insurrection in the Cavite province, which for some time promised to result in bringing over a prominent general and several of his followers with their arms. If the negotiations had succeeded the outcome would have had a great moral effect, for other defections doubtless would have followed. It is believed the general's name given it might lead in some case to a fate similar to that which has befallen other Filipinos suspected of friendship toward the Americans. He had foreseen the failure of the insurrection and advised Aguinaldo to make terms. The following account of his own name given it might lead in some case to a fate similar to that which has befallen other Filipinos suspected of friendship toward the Americans. SCANDAL AT PARIS. Reports Connected with the Italian Embassy. Paris, July 9.—Scandalous reports are in circulation in connection with the death here yesterday of Signor C. Rossini, formerly Italian ambassador to France. It is alleged that, while he was lying at the point of death, three persons, including an official of the Italian embassy, entered his rooms and took away a quantity of papers. The anti-Socialist journals connect the story with the Dreyfus affair. It appears that about a fortnight ago, Signor Rossini had an immense quantity of documents destroyed, declaring that if they were not they might "harm various people."

RAIN SEASON AT MANILA.

United States Troops Suffer Great Discomfort. BRIDGES WASHED AWAY. Thirteenth Infantry Surrounded by Water—Bunks Elevated on Cracker Boxes—The Rice Fields Are Great Lakes—Manila Bay Improbable of Navigation—The Streets of Pasig Under Water.

Manila, July 10, 8 a. m.—It has been raining and storming almost constantly for two days and the country along the American south and bay lines is literally flooded. The Thirteenth infantry regiment at Pasig is in the worst position, being practically surrounded by water. The bridges that were used for getting supplies have been washed away and some of the companies are now separated by streams six feet deep. In many cases the men are sleeping with three feet of water below their bunks, which are elevated on cracker boxes. The company cooks, when preparing the meals, stand knee deep in water. Some of the roads leading to Pasig are simply impassable and the rice fields on all sides are one great lake. A high wind blew ever several tents of the Second reserve hospital, Manila bay is impossible of navigation by either launches or canoes and no vessels are leaving the harbor. The United States transport Centennial is ready to sail for San Francisco with discharged soldiers, but the latter have to sit around the water front all day, drenched to the skin, waiting for a launch to take them to the steamer. The river Pasig and all the other streams are swollen and the city streets at low points are covered with water.
