Applicants who pass the necessary

examination and desires the three-year enlistment in the regular army, have their choice of the three branches of service, cavalry, infantry and artillery, and the place of service, Philippines or Cuba.

AMERICAN MUTUAL INDEM-NITY CO.

The American Mutual Indemnity company having been engaged in busiiess in this city since September, 1897, takes pleasure in submitting to the public the report of C. E. Bradbury, expert accountant of this city, made by him up to the first of January, 1899. THE AMERICAN MUTUAL INDEM-NITY CO .- REPORT OF AUDIT.

September, 1897 to December 31, 1898. To the President and Directors: Gentlemen-I beg to report that I have made a careful examination of the books and records in the home office at Scranton, for above period. Cash receipts from all sources and disburse-

ments for all purposes were compared with bank deposits and vouchers and the balance stated as being on hand December 31, 1898, \$3,416.52, I certify as correct. The notes receivable on hand, \$3,650.25, were also verified by actual

The balance sheet herewith submitted has been verified in detail and I certify It to be a correct transcript of the ledger on above date. The report and statements accompanying the balance sheet speak for themselves; but I wish to call attention to the fact that the company, handicapped in its operation as it was in its early history from various causes which need not be mentioned here, has now over \$2,000,000 of valid policies in force, with no claims due and unpaid, and but \$407.62 to be paid when due upon all adjusted claims. This is an excellent record and is having its effect in the increasing

ousiness of the company. The total insurance in force December 31, 1898, as shown by the recapitulated report was \$2,018,000 gross liability-being \$1.785,000 casualty, and \$233,-000 personal accident. Of this total \$910,000 represents renewals since September 1, 1898. The fact that the renewals for only four months form so large a proportion of insurance in force is an evidence that the company is in favor with its patrons, retaining its

old business as well as obtaining new. The business would seem to be economically conducted, the salaries of officials aggregating only \$216.66 per month, other salaried employes \$420 per month: all agents and the superintendents of agencies being paid on a commission basis.

The system of accounting in general was gone over very carefully. Heretofore no plan existed for the charge of ims to policy holders when policles were written. This has now been provided for and entries have been arranged which bring all the current transactions of the company regularly upon the books. The accounts are in good condition and the system on the whole well adapted to the needs of the business. Some matters of detail on the subsidiary books might be put in a clearer form and suggestions to this end were made by me. I desire to say, however, that Mr. F. H. Kingsbury, assistant to the president, has introduced many improvements in the accounting system with a view to a closer classification of the business and a more definite record of transactions,

I believe the management of the company now to be prudent and conservative and its relations with its policy holders agreeable and satisfactory. Present methods are such as to inspire public confidence and the business of the company should continue to increase and develop into large proportions. Respectfully submitted.

(Signed) Charles E. Bradbury. Auditor. Scranton, Pa., January 23, 1899.

#### NOISMITH BROKE UP REID'S HOME

AT LEAST THAT IS CHARGE MADE AGAINST HIM.

Reid Began an Action Yesterday to Recover \$5,000 Damages for Alienating the Affections of Mis. Reid, and Noismith Was Taken Into Custody-In Default of \$1,000 Bail He Was Committed to the County Jail-Mrs. Reid Left the Home of Her Husband.

Robert Noismith spent last night in the county jail. He is a rather goodlooking fellow of thirty-five, and he is charged with having broken up the home and destroyed the domestic happiness of William Reid, of Electric avenue, Dunmore

Reid, through Attorney C. S. Woodruff, brought suit yesterday against Noismith to recover \$5,000 for allenating the affections of Mrs. Reid, wife of the plaintiff. Deputy Sheriff George E. Pryor took Noismith into custory vesterday afternoon at one of the collleries of the Pennsylvania Coal company at Dunmore, where he was em-

Bail in the sum of \$1,000 was demandd and in default of the required security the defendant was committed to the county fall. William Reld, the plaintiff in the

case, is a mine foreman employed by the Pennsylvania Coal company. He is about 35 years of age, and is a man who is held in the highest respect by all who know him. His wife, Estella A. Reid, is about three years his junior and is a woman

of attractive personal appearance, They have one child, a daughter, ten years of age.

NOISMITH THE BOARDER. Some time ago Robert Noismith, who is credited by the gossipers with having a wife and family in England, became a boarder at the Reid house and it was not long until the husband noticed that his wife was paying altogether too much attention to the boarder.

The latter was employed as an outside laborer at one of the Pennsylvania Coal company's mines, and at times his wages were hardly sufficient to pay his board. He went to work in the morning

were almost always spent around the Finally Reid objected to the too evident fendness of the boarder for Mrs. Reid and the latter for the boarder and

threatened to expel Noismith from the Mrs. Reid would not listen to this proposition and told her husband that if Noismith was put out of the house she would leave also. Reid disliked to cause a public scandal, and, hoping that his wife's infatuation for the

boarder would wear away in time, decided not to take a decisive step. It was a vain hope. After a time Mrs. Reld said she was going west to visit relatives and wrote for the purpose of acquainting them of her intention.

From odd remarks that she dropped the husband gathered that his wife was going west to secure a divorce from him and succeeded in preventing the contemplated jaunt.

AFFAIRS REACH A CRISIS. About three weeks ago the condition of affairs at the Reid residence became intolerable and Noismith was put

out of the house and told never to re-Mrs. Reid also left and went to the home of her parents, near Lake Winola, taking her daughter with her. The parents would not sympathize with her and a week ago she returned to this city and took up her residence in West Scranton, where she had a

They had arranged for another meeting last night, but the law stepped in and prevented it. Reid will make an effort to get possession of his daughter.

SQUIRE KELLY DETERMINED. Intends to Have Little and O'Toole

Brought Into Court. Ex-Alderman Kelly, of the Eigh-

teenth ward, is determined to have Richard Little and M. J. O'Toole, editor and associate editor, respectively,of the Scrantonian, arraigned in court on the charge of criminal libel.

Kelly went before Alderman Lentes, of the Eleventh ward, yesterday, and had warrants issued for the arrest of Little and O'Toole. A hearing was set down for last night at 8 o'clock. The counsel for both sides, the prosecutor, and a large delegation of his friends, were on hand.

Alderman Miller telephoned Alderman Lentes that the accused men uppeared before him and gave bail their appearance at court. Messrs Little and O'Toole were arrested Saiurday and arraigned before Alderman Kellow, of the Fourteenth ward, West Scranton, Monday, on the charge of criminal libel preferred by Kelly. The alderman deemed the evidence insufficient and discharged the defendants. 'If I have to go all the way to Carondale I will have those bucks brought into court." said Mr. Kelly last night.

FORMER SCRANTONIAN DEAD. John J. Collins Fatally Injured at

Butte City, Montana, John J. Collins, formerly of this city whose father, Michael Collins, resides at 911 Battle street, died at Butte City, Montana, two weeks ago, from injuries he received in a runaway accident. With a companion, he was returning from a funeral, when their horse ran away and threw the young men from their seats. Three days later Collins died at the Sisters hospital.

He was home on a visit about a year ago, having returned from South America. His father, one brother, Michael Collins, jr., and two sisters, Mrs. P. J. and Mrs. P. F. Logan, of this city, survive him.

COUNCILS A LITTLE WARY. Sent Back Some Bills Which They Thought Excessive.

The action of Controller Howell in holding up the excessive school board bills is evidently having its effect on the councilmen. Yesterday Clerk Evan Morris was called upon to return t number of bills which the auditing committee had declined to endorse because the charges, to their mind, were excessive.

A bill of Washburn, Williams & Co. for lumber for Nay Aug park, for which \$14 per thousand was charged; a bill of J. A. Scranton & Son for \$19.50 for printing 1,000 letter-heads for the mayor's department, and one from W P. Connell & Sons for \$2,50 for a barrel of cement were ordered returned to the department which submitted them, with notice that they must have the charges modified to compare with market prices. A bill of \$1 from W. E. House for

fixing a chair in the controller's office, and which was approved by an employe of the office, was returned for he controller's approval. Ex-Chief Hickey's claim for wages for the five weeks intervening between the date of his dismissal and the con-

firmation of his successor was referred to City Solicitor Vosburg for an opinion as to the city's liability, The Spring Brook Water company's bill of \$70 for furnishing water to the hydrants on Bellevue beights was held up pending an investigation of the complaint that there is no pressure of

unless a steamer was at hand. The \$350 damage claim of Patrick C. McNally, of Luzerne street and Rallroad alley, was referred to a special ommittee consisting of Messrs. James Schneider and Schroeder to visit the property and see if it is as badly dam-

#### MR. DUNNING'S PLAN.

Explained It to Dunmore Borough Council - Recently Returned After Installing a Similar Plant at White Haven.

A. B. Dunning, of the Dunning Construction company of this city, last night delivered an address before the orough council of Dunmore, by invitation of its members, on the matter of furnishing the borough with better

rotection against fire. Mr. Dunning has devised a system such later than Reid and his idle days which he recently installed in White Haven, where it has proved a big sucss. At the time Mr. Dunning went to White Haven to supervise the work of constructing the plant, mention was made of the fact in The Tribune and many jumped to the conclusion that Mr. Dunning had left Scranton to make his permanent home in White Haven That, of course, was not the case. Mr. Dunning has no intention of leaving

this city. In his address before the Dunmore ouncil last night he said the system such good results in White Haven, is intended to supply fire protection to towns where the pressure is low, where the supply for domestic purposes is imited, but where there is an abundance of polluted water; where the pressure is high and the volume small, or where topographical conditions make the use of steamers impossible.

Mr. Dunning explained to the memtablish a pumping plant in some part of the borough and close by have a small reservoir that will hold a quantity of water sufficient to extinguish any fire that may occur in the borough. From this reservoir mains will be run to the different sections of the borough and connected with fire hydrants wherever the borough authorities see fit to locate them.

When an alarm of fire is sent in an lectric appliance connected with the alarm starts the electric pump at the reservoir and when the fire companies attach their hose to the hydrants they find a pressure of at least 150 pounds awaiting them. This pressure can, of course, be increased. It is regulated to suit the nature of the work to be done. If necessary, a stream taken from one of the hydrants could be thrown as high as the Mears building

in this city. A plant of this character could be infor \$3,000 a mile, and would have the effect of reducing insurance rates as much as twenty per cent, in some parts of the borough. The borough can put the plant in, or, if it has not the money available, a company of its citizens ould have it constructed and rent it to the borough for a term of years, with the privilege of buying at the

expiration of the contract. The members of the council seemed to be much impressed with the availability of the plan for Dunmore

It is the intention of Mr. Dunning to organize a company which will install this system of fire protection wherever it is desired to have it. Where the supply of pure water is limited the water for fire service can be obtained from any contaminated source available and turned into the storage reservoir, thus husbanding the supply for domestic

A strong advantage claimed for the new system is that it prevents a reduction of the pressure which always. follows the use of a large amount of water for fire purpose when it is taken direct from the regular supply mains. The plan helps the water company as well as the municipality that adopts it.

ECHO OF A MURDER. Michael Howard Brings Suit for

Damages. Michael Howard, of Cedar avenue, this city, has instituted a suit for \$5,000 damages against Preston Everitt, of White Hall, a suburb of Allentown. The suit is the result of the killing of Howard's son, James, who was shot dead on the White Hall bridge on a

Saturday night several weeks ago by Everitt. The history of the shooting, given in The Tribune at the time, showed that Everitt was returning to his home in carriage that night. Crossing the White Hall bridge, which has been the cene of many holdups and robberies, Everitt met a crowd of young men, among them being the Howard broth-

ers, James, who was killed, and Edward Howard. Everitt maintains that some one of the party moved toward his horse's head, and he then fired into the crowd, killing Howard. He was arrested, but the grand jury ignored the bill. The father of the dead man, who is a cripple, states that his son was the principal support of the family, and seeks damages for his loss.

#### SHOT HIMSELF THROUGH HEART

DETERMINED SUICIDE OF W. M PLUMMER, NEAR JERMYN.

He Was Employed as a Laborer on the Farm of O. P. Vail but Did Not Go to Work Monday or Yesterday-Has Acted Strangely of Late-Jury Returned a Verdict to the Effect That He Killed Himself While Insane-Survived by a Wife and Infant Child.

W. M. Plummer, a young married man, son of George Plummer, of Marshbrook, near Benton, committed suicide yesterday morning by shooting himself through the heart.

Plummer was employed as a laborer on the farm of O. P. Vall, about halfway between Jermyn and Montdale He resided with his wife at the home of her mother, near Chapman lake about a mile and a half from Vall's farm

He did not go to work Monday, claim ng he was sick. Later in the day he vent to Jermyn and on his return home ate Monday night went to bed.

Yesterday morning he did not get up any account in the hydrants and that said "No." Asked if he was going to they would be useless in case of a fire starve to death, he replied, "Time will

He was not afterwards disturbed, but at 11.30 o'clock his mother-in-law went to his room to call him for dinner. The door was closed and her calls not being responded to, she opened the door and saw the man lying upon the bed, cold in death, with a revolver clutched in his hand.

Coroner J. J. Roberts was informed and yesterday afternoon visited the scene of the suicide. Assisted by Dr. M. J. Shields, of Jermyn, he made a post-mortem examination. They found the shot had passed through the man's heart and lodged in his back. An inquest was afterwards held, o

which the following were the jury: M J. Shields, M. D., foreman; John R. Jones, P. J. Lee, A. H. Benedict, Frank Carey and Edward Stanton. The jury rendered a verdict that Plummer came to his death at his own

hands while insane. Plummer, who was twenty-three ears of age, leaves a widow and an infant child three weeks old. Although married less than a year, he and his vife have not lived happily together. He had, it is claimed, acted most inhumanely to her and she was afraid of him. There seems no doubt that Plummer has been insane for some time past.

HARRIS HAD NARROW ESCAPE. Kissing Bug Determined to Shower

Attention Upon Him. Attorney John M. Harris has been favored with many and varied attenhe has devised, and which is showing | tions in his time, but the most misappreciated attention he ever received was showered upon him yesterday by a kissing bug which stuck to the of ject of his attentions until he yielded

up his little life. Attorney Harris was in the county ommissioners' office discussing with Chief Clerk Wagner the weak spots in the constitution of '73, when Mr. Kissing Bug came along and with a busibers of council that his plan is to es-tablish a pumping plant in some part Harris. He had evidently picked out is victim before entering the room. Wagner uttered a warning cry and Harris ducked just in time to prevent the bug from alighting on his face. It dashed against Harris' collar and in an instant Wagner had crushed its life

The remains were turned over to Clerk Robathan who has placed them on exhibition

WHO KNOWS M. F. TIERNEY? Former Scrantonian of That Name

Killed at Muscatine, Iowa. Postmaster Ripple is in receipt of letter from Muscatine, Iowa, asking for information of the relatives of Michael F. Tierney, a section hand who was killed at that place, June 30, last.

The query comes from Thomas stalled in Dunmore, Mr. Dunning said, Hickey, foreman of a construction gang on the M. N. S. R. R. He says that Tierney worked for him and that during a conversation one day not long before his death Tierney stated to him that he had relatives in Scranton and that he intended to visit them soon. He also stated that he worked as a switchman in Scranton twenty

years ago. He is described as having been five feet ten or eleven inches tall, and weighing 175 pounds. His complexion was light and he were a sandy moustache. The first finger of his left hand was missing

The letter does not say how he came to his death.

SCHANK & SPENCER 410 Spruce Street.

SERIES OF SERENADES.

Given by the Glee Society Organized by John T. Watkins.

Almost every intelligent citizen of this town will back Scranton against any city in the country on its ability to get up a first-class giee club in the shortest possible time. The other day it was suggested that it would be nice to have some singing at the mammoth convention of the letter carriers. few minutes afterward a giee club of about sixty voices was suddenly produced and it includes some of the best voices, too, in the region, led by John Watkins.

Last night the club gave several com plimentary serenades, beginning at the ome of Hon, William Connell. Standing on the terraced lawn fronting the Vine street veranda, they sang with such exquisite harmony and richness of tone that immediately the streets were thronged with listeners, who stood enhanced with the lovely music. The visit was a complete surprise to Mr and Mrs. Connell, who greatly appreciated the favor.

From there they proceeded to Colonel Ripple's residence, and, standing on the plaza, gave a beautiful serenade to the postmaster and his family. Among the selections rendered on their visit to the hill were the charming 'Myfanwy,' "A Letter," "Martyrs of the Arena and "Comrades." Declining to linger for the entertainment and courtesies which their hosts were desirous of giving, the Glee club left for the home of at the usual bour, and upon being Charles Robinson, where a delightful asked if he did not want breakfast, screnade was also rendered. Scranton is sure to be proud of this contribution to the convention.
