The council met in regular session last evening. The roll call showed that all the members were present but McCulloch. The minutes of the last meeting were read and approved. The following committees reported progress: Finance, Judiciary, board

of health and electric light. Mr. Weber, chairman of the fire committee, reported that the hose of the John B. Smith Hose company was in bad shape. He said he thought it would be in order to purchase some

A motion was made by Mr. Ward that the council purchase one thousand feet. Mr. McAllister said that 500 feet was the limit allowed each company. So a motion to that effect was then introduced and passed.

Burgess Dan Powell then introduced Mr. A. B. Dunning, chief engineer of the Dunning Engineering and Construction company, who made a speech, the substance of which will

be found in another column. Mr. Weber reported that they had insured the hose and stationary in the different hose rooms for five years at \$1,000 a year.

Mr. Payton said that he though that the system introduced by Mr. Dunning was very good and made a motion that it be left in the hands of the fire committee.

Mr. Dunning thanked the council for the kind consideration they had given him and said that he would be glad to furnish any information that they
