#### Wilkes-Barre's Third Defeat.

Richmond, July 12.-The champions made it three straight from Wilkes-Barre today. Pfarmiller was in great form and the first ten men that faced him never reached first base safely, then a little mixing up broke the ice and the Barons hit the ball, but safe hits were scattered. Not only the stocks but all the securities of this group of railroads were effected. AMATEUR BASE BALL NOTES. Missouri Pacific sold the leadership of the market throughout the day and The South Side base ball club would made a late advance of 3315, an exlike to know if the Young Men's Christreme rise of two points. Good buying set in early for the grangers, Pacifics and Atchinson preferred and after mid-day New York Central was suddenly pushed up an extreme 238. Large buying of Pennsylvania at an advance of 1% seemed to be associated with the New York Central movement, but an attempt was made to connect the latter with Union Pacific and Northwestern by manipulating the price of those two stocks. All of the Norwestern's gain was subsequently lost. The manner in which the buying demand progressed through the railroad list, together with the upward tendency in sugar, prompted the professionals to attempt a movement in the industrial stock, leather preferred, national steel, tin plate, federal steel and general electric were bid up between one and two points and New York Air Brake made a characteristic upward dash of 19 points. aid, Mrs. Margaret Graham: left aid, Mexican Central rose quite conspicu-Mrs. Mary Main; secretary, Mrs. Myra Widdle; assistant, Mrs. Jone Bennett; ously 212 per cent. under the sentimental influence of the opening fn New treasurer, Mrs. Martha Bradbury; York of subscriptions for the new Mextrustees, Mrs. Elizabeth Richens, Mrs. ican refunding loan. New York, July 12 .- The market opened very strong throughout the general list with advances extending from 14 to 1 per cent. The Grangers, coal stocks and Standard railroad shares were the features. During the first hour and practically throughout the day the stock market maintained its strength, selling off fractionally towards the close, on realizing for profits. Commission business was generally reported on a larger scale and was more generally distributed than has been the case for some time past, Shorts are believed to form a considerable factor in the market although there has been quite free covering by some of the traders. Buying fair outclassed the selling and the market showed evidence of a concerted movement towards higher prices. At the same time, the market is somewhat narrow and we believe in taking profits on these sharp advances. Federal Steel jumped very sharply around 2 o'clock, indicating the covering of shorts who have been selling the stock on the in-

## The People's Exchange.

Mrs. Edward Newlin. The streets of West Avoca were thronged with a merry assemblage on Tuesday evening when the Moosic band rendered some choice music from the porch of John Reap's residence. Such lively scenes would be appreciated were they often repeated to break the monotony of the town. Miss Kitty Carrol, of Wilkes-Barre, and Mr. Melick, of New York city, were guests of Mr. and Mrs. T. J. Dunn, yesterday.

Just as the solemn tones of the Angelus were pealing last evening, a very pretty bridal party took their place at St. Mary's altar and were united in marriage by Rev. M. F. Crane. The contracting parties were Miss Mary, daughter of Mr. and Mrs. Jas. Dougherty, of Main street, to Michael Kelly, of Duryea. The bride and her attendant were handsomely gowned in white mousclaine de sole with satin and lace trimmings. Both wore artistically designed hats of chiffon and algrettes. After the ceremony a large numher of invited guests partook of a sumptuous wedding feast at the home of the bride's parents. After a trip to

removed for the time being. Around the noon hour, there was some failing off in the speculation which was followed by renewed buying and activity towards the close. The appearance of the market indicated, however that glocks were bid up with an idea of selling on the strength, and we are inclined to think that prices will be lower tomorrow. The bank statement, on Saturday next, should show a better condition than last week, as the higher rates for money have undoubtedly attracted funds from the interior. The general impression is that the case will con-tinue and if such is the case, there can be no doubt but that we shall run into quite an extended buil movement.
