Washington, July 13.—A despatch has been received from General Otis requesting that there be sent to the Philippines 2,700 horses in order that a brigade of cavalry may be organized for use at the end of the rainy season. THE MARKETS.

Wall Street Review.

By Associated Press.

New York, July 13.—The heaviness which was predominent in in the stock market today represented the shifting Wall street sentiment regarding the money situation more than anything else, though it was emphasized by the rise in the Bank of England's minimum rate of discount of 3½ per cent. and the acute weakness of the local traction stocks and especially Brooklyn Transit, which dropped over 3½ at one time. Wall street had it that a strike had actually been declared and the stocks in that group rallied when this canard was denied. Many stocks fell a point in the course of the first hour, the grangers being conspicuous. Sugar also developed early weakness and only partly recovered its decline. The southwestern stocks offered a point of resistance, Missouri Pacific leading, as was the case yesterday, and St. Louis, Southwestern preferred and Texas Pacific followed the rise. Anaconda was also strong, following London's lead, and was one time up to two points. There was sympathetic activity and strength in Amalgamated Copper in the outside market, the shares rising above 99. During the afternoon strength developed in Federal Steel, American Steel and Wire, American Car preferred and Cotton Oil, which induced a general recovery in the specialties. Northern Pacific rose to 51 in the late dealings and checked the declining tendency on realizing. New York Air Brake after an early decline jumped 7½ points and Mobile and Ohio rose 5. The close was about steady at moderate gains and losses. Total sales, 414,875.

The railroad bond market was rather dull and irregular, the southwestern railroads being in good demand. Total sales par value, $2,825,000.

United States 4s, regular, declined ¼ in the bid price.

By Carrington & Cusack.

New York, July 13.—The market opened somewhat nervous, although the declines were slight and in a very few stocks, the active stocks showing an advance of about ¼ per cent. The news of the morning in respect to stock on Brooklyn Rapid Transit and the New York Life company, purpose to sell their holdings of stocks caused a sharp decline in Brooklyn Rapid Transit and fractional declines in some of the other securities, but these rumors were officially denied and market subsequently rallied on good buying by Flower. Quite a fair line of shorts were covered on the decline and market showed considerable strength, considering the news and the liquidation of early morning.

The Gould stocks were the specialties in the railroad stocks, Missouri Pacific being especially active and strong on rumors of expected centralization on the management of the property. A slight increase in exchange rate coincident with the other rates for money makes it possible that we shall see renewed shipments of gold. The market is somewhat professional in its tend and on fair rallies profits should be taken.

The close was strong at about opening prices with exception of Manhattan and Brooklyn Rapid Transit.
