PITTSTON NEWS.

The Silk Mill Is Now a Fact-Traction Company Possibilities-Funerals of Saturday and Sunday-John

Moore Shoots a Catamont. A new silk mill is now safely in sight, as word has just been received from the Sterling company of Paterson, by the board of trade, that their efforts in procuring a site had been appreciated and accepted. It will be remembered by readers of The Tribune that negotiations had been entertained by the board with the Sterling company, the latter proposing to erect a building at a cost of \$30,000, and give employment to between two and three hundred hands. The site selected was the property of the Pennsylvania Coni company and its valuation \$200, about half its value This amount was generously donated by ex-Mayor Maloney, and at a meeting of the board of trade to

be held this evening the necessary Taylor Reds for a game on any day, ex-cept Sunday, on the Reds' grounds. Ita papers will be signed and the transfer made to the Sterling company. The agreement is that the building will be completed and in operation within a year after the signing of the articles. The purchase of the Water street

bridge and a belt line inaugurated be-tween this city and Wilkes-Barre, is among the possibilities. The new company which succeeds the Wyeming Valley Traction company, will doubletrack the road between here and Nanticoke, and with the connecting link completed between Duryca and Rendham, the trolley cars will be bowling along between Nanticoke and Scranton at passenger train speed, and the old Scranton branch will become only useful for local business between this city and Moosic.

The funeral of Joseph Motiska, father of Alderman Metiska, whose death took place on Thursday from the effects of injuries received by being run down by a trolley car in Duryea, occurred on Saturday morning.

The late John Greer, of Moosic, who was interred in the Marcy cemetery last week, was one of the first to or ganize the Scranton fire department and also the first chief of police of that

Charles Thatcher, who is an employe in the store of Terwilliger, on North Main street, fell from a ladder on Saturday and fractured his arm.
The young child of John J. Padden,

of Carroll street, was interred yester-John Moore, who has one of the best egulated farms in Pittston township.

as for some time been a severe sufferer in the depopulation of the tenants in his poultry yard. His suspicions were rewarded yesterday morning, when he discovered a large specimen of the cat family, known as a catamount, stealthily creeping towards the hennery from the thicket close by, and selzing his trusty rifle, that several renerations ago did valiant service with himself at Gettysburg, he shot the animal. Tomorrow the hide will adorn the gable end of his barn. John is a dead-shot yet, and the balance of his feathered family can now roost con-

tented. The funeral of the late Lewis Gordon, the victim of the drowning accident on Thursday, occurred on Saturday morning from the residence on Exeter street. Rev. Harshane conducted the service. The attendance was large, as the deceased was well and favorably known, having been in business here for many years as a printer. The inerment took place in the West Pittson cemetery.

A memorial service was held last evening in the East Side Presbyterian church in henor, and in memory of the late Mayor Harding. The Rev. J. J. K. "letcher delivered the address and it was a fitting eulogy to one who in life was an honored citizen, a faithful public officer, and one who commanded the highest respect of all that goes to make good citizenship. The music by the choir was especially arranged for this solemn occasion, and many of our city officials were included in the large congregation present. Ray Eoswerth, of the Wilkes-Barre

Times, was taken suddenly ill on Satur-

day. Rev. John M. Johnston, lately of Wyoming and Idaho, yesterday took charge of St. James' Episcopal church on Water street. He takes the place of Rev. John Burras, who has been sent

to the Pittsburg parish. It took five citizens to hand an obtreporous Hun in the lockup on Saturday night.

Joseph Burka spent yesterday in the

THE MARKETS.

Wall Street Review. By Associated Press.

New York, July 15.-Today's short market was so narrow and so nearly stagnant that movements of prices were of little significance. There was a perceptible tone of firmness, however, which was emphasized after the appearance of the bank statement by he hasty covering of some small bear contracts on the grangers which had been put out just previous to the appearance of the statement. Probably the greater part of the day's business was given over to the closing out short centracts by the bears. This contingent has been particularly active on Brooklyn Transit during the past week on the persistent talk of a strike. Their buying to cover today made that stock the most active on the list and moved it up two points from the opening decline. Sugar was largely deal in and rose at one time over 2 points from the lowest. People's Gas recovered sharply from yesterday's price. Oregon Navigation preferred advanced 1% on the discharge of the voting trust and the implied guarantee of preferred dividends to the amount of 10 per cent. in yearly installments. Cotton oil rose over a point. Manhattan and southwestern railways were also in the item of loan contractions and the consequent reduction in deposit liabilities.

By Carrington & Cusack. New York, July 15.—The stock market opened at about last night's closing prices, London coming in at about same as New York close.

The bank statement today seemed to be a question of doubt, some predictions being for a good one, while others were of a doubtful character.

The grangers and traction stocks were the most active. The grangers being strong on continued good crop news, and while there is a small win ter wheat crop in the spring weat states, there is little doubt of a large crop. Grangers stocks should be good purchases, both for investment and speculation, as they are assured of good earnings.

Manhattan is being builed on the saving expected from the new electricity power, but it should be remembered that they have \$18,000,000 more stock on which to pay dividends and with their back taxes and damage judgments banging over them the stock looks to us as though it was selling far beyond its level.

The steel stocks are active and strong on buying by people who appreciate that the continued high prices of iron will yield large profits to their values, still their carning power is so great that it is likely in the course of the year they will be able to pay large dividends on their common stocks.

Federal Steel seems to us to be particularly a good purchase, as that company owns its own mines, transporta tion lines and factories, so that they realize every profit on the ore from its bed in the earth to the finished product.

Market showed great strength after innouncement of the bank statement and closed at the highest prices of the
