BASE BALL FOR SCRANTON.

Talk of Organizing a Team of Rep resentative Players.

Larry Ketrick, the well known base ball umpire and manager, is seriously considering the advisability of organizing a representative team and playing exhibition games at Athletic park with visiting clubs during the balance of the season

The available material is certainly strong enough to compete with any team that can be brought here and some excellent contests may be looked for in the event of such an organiza-

Among the players who will in all probability be selected for the team are the following: James Logan and William Kellett, catchers; Michael O'Neill, Christy Matthewson and David Williams, pitchers; David Owens, first base; John Gallagher, second base; Tom Cleary, shortstop; Thomas Mc-Andrew, third base; Charles Gilbert

and Frank Majott, outfielders. There is also some talk of organiz-ing the old Y. M. C. A. team, with "Beatty" Williams, Arthur Gunster, John Brooks, Tom Brooks, Al. Blandin, Frank Reese, Tom Gilleran and James Nolan on the team.

Both teams could put up a good article of ball and the games would un-

doubtedly be patronized. AMATEUR BASE BALL NOTES.

THE MARKETS.

Wall Street Review.

By Associated Press. New York, July 17 .- The stock market today was an aimless and insignificant affair except so far as the dullness and neglect were significant of the doubt felt in many minds over the money outlook. Operations were strictly confined to professional manipulation by the room traders. This kind of trading resulted in only trivial net changes, most of which were on Hoffer and Clark. Umpires-Emalie and the side of losses. The range of McDonald. many stocks at one time rising a shade over Saturday and then dropping from 1 to 2 points. The latter portion of the day was devoted to desultory covering movement which remained most of the early losses. Even Brooklyn Transit, which was the center of the day's weakness recovered to within 1/2 of Saturday's close, but yielded sharply to bear pressure in the final dealings. Labor troubles played a large part in the day's market, Brooklyn Transit being most conspicuously affected by reason of the strike among its employes. The stocks opened off 1% and Manhattan and Metropolitan Street Railway were keenly affected in sympathy, the former losing 114 and the latter 3 points. Brooklyn Transit was very vigorously supported by inside interests and quickly rallied a point, giving the short interests, which is supposed to be large, small opportunity to cover. Later the stocks fell an extreme 24 when the news came that the street car strike in Cleveland had been renewed, as it was feared this might presage a general sympathetic strike.

People's Gas and Federal Steel, as being Flower specialties, were de-pressed in sympathy with the Brooklyn stocks, Federal Steel dropping an extreme 1%. New York Airbrake also broke 12 points, and, after vibrating wildly, scored a full recovery. American smelting moved upwards on the decision of the Colorado Supreme court against the constitutionality of the state's business hour law, the conflicting interpretations of which led to the smelters' strike. Tin plate moved up on the wage scale agreement and the advance in the price of the product. The late weakness of Brooklyn Transit and a break in Sugar of nearly 2 points brought the most active dealings of the day. Most of the day's oans were made at 4% per cent., and the rate weakened to 2 per cent. only after most of the demand had been satisfied. Rumors of financial difficulties in London caused doubt and hesitation in all the world's great stock markets. The private discount rate there rose to 3% per cent, and demand sterling and cables here advanced 14

There were very persistent rumors that gold would go from New York this week. Transactions in the local stock market for London account were, howver, insignificant. The absence of any announcement of a gold shipment by tomorrow's steamer was a factor in the late recovery of the market, which brought prices generally back to near Saturday's close. Total sales, 337,100. The market for bonds was dull and heavy in sympathy with stocks. Total sales, \$1,650,000.

United States 3's advanced 16 and the old 4's registered 14 in the bid price.

By Carrington & Cusack. New York, July 17.-The market somewhat lower, influenced by the strike on Brooklyn Rapid Transit. During the first hour prices continued lower, partly on the developments in the strike situation and partly on the higher exchange market and the tenlency of money to advance.

Trading was on a comparatively mall scale and the market to a certo be noted that on any ease in money the exchange rates advance, indicating that should we have a decline in the discount we shall export gold and for that reason we are inclined to advise only short turns on the up side for the time being.

The strike matter seems to be to a certain extent a fizzle. The cars today were running very nearly on schedule time and the outlook certainly promises at the moment a better con-

Aside from the strike news there was very little if any information which could affect the market. Towstocks which they sold quite freely the morning, causing a fractional

as if prices might get somewhat lower before any extended advance need be

The money in the exchange markets are the dominating situation at the moment and exports of gold are more than likely this week. If it comes it will have a bad effect and the whole

list will sell somewhat lower. The close was somewhat unsettled, out with a fairly strong undertone.
