## THE SCRANTON TRIBUNE-TUESDAY, JULY 18, 1899.

### MUNICIPAL WATER WORKS.

Select Council After Consolidated Water Supply Company.

Select council aired its views last night on the recent action of the Consolidated Water Supply company in raising the price of water from eight to twenty cents a thousand gallons. The result of the discussion was the introduction by Mr. Thompson of a resolution authorizing the preparation of an ordinance taxing the pipes of the company in the city. No tax rate was specified, but if councils' sentiments do not change it will be about all the law will allow.

In this connection Mr. Nealon suggested that a better way to combat this water trust would be to establish municipal water works. President Swigert referred his remarks to the light, fire and water committee and some interesting developments are promised for next meeting.

In addition to this, select council passed the Dundaff street and surface sewers ordinances on first reading.

In common council these ordinances were passed finally and the fire alarm ordinance passed two readings. An effort was made to amend the last named by changing the appropriation from \$5,000 to \$5,500 to agree with the bond ordinance, but it was lost,

As the ordinance is agreeable to the selectmen, it looks as though it will soon become law without change.

### STRUCK BY STREET CAR.

A Hungarian lying on the track was struck by a street car on the line between this city and Simpson the other night. He was rendered unconscious and sustained an ugly scalp wound. He was brought on the car to Dr. Bailey's office, but had revived sufficiently to enable him to jump out of the chair, say he had no use for a doctor and run up the street. He soon disappeared in the darkness and did not leave his

### BOARD OF TRADE MEETING.

The board of trade will meet in the council chambers this evening to consider a proposition from Brisben & Co., muslin goods manufacturers. The company has factories in Scranton and Pittston and is desirous of locating in this city. Young women from eighteen to thirty are employed at wages ranging from \$4 to \$8 a week.

### THE AMARANTH EXCURSION.

A fair-sized assemblage enjoyed the pleasures of Farview yesterday, it be-ing the occasion of the first annual outing of the Amaranth Social club. The Mozart band furnished music for dancing. The balloon ascension was postponed, owing to adverse winds. It vill occur from Sandy's field, this city, Wednesday evening.

### JERMYN AND MAYFIELD.

Stanislus Godoskie, a Polander residing on the East side, was waylaid and brutally ill-treated on Sunday night near the Delaware and Hudson breaker, while on his way from Mayfield to his home. The assault was committed by Joe Steroski, a fellow countryman. Godoskie's injuries consist of a torn ear and a horseshoe curved cut on the head caused by a large stone in the hands of Steroski. The wounds bled so freely that the man was almost exhausted when he reached the doctor and he presented a most horrible sight. A warrant has been sworn out for Steroski's arrest, but he has not yet been captured.

The funeral of the late Thomas Evans, who died at Montdale on Sunday from injuries received by being kicked by a horse, will take place here this afternoon. Services will be held in the Congregational church and interment will be made in the local cometery. The local Foresters will attend body.

Burt Turner's house, when Allie Turner came swiftly down the hill on his bicycle. He struck the child with the wheel, rendering her unconscious and he was thrown to the ground.
